

# Fountain Roundabout Survey

in **Campaigns**

Many residents have told us what a nightmare the Fountain roundabout can be for driving, cycling, walking or on public transport. We are calling on Conservative run Kingston Council to make improvements. However, all too often, politicians and council officers come up with solutions to what *they* think are the problems. We are asking those who use it.

We've designed this very brief survey to find out the issues directly from you - the residents who use the roundabout on a frequent basis.
