31st January 2020

Dear Friend,

January 31st is a sad day for the United Kingdom. It also marks the start of increased uncertainty for thousands of our fellow Londoners.

I would like to take this opportunity to thank everyone who has travelled from all over the world to make their home in London. Thank you for contributing to the communities we share. You and I know that the vast majority of Londoners value your presence and hope you will continue to be part of this great city.

Liberal Democrats have been consistent champions of European principles of liberty, equality and community. We continue to campaign for your rights alongside the rights of all Londoners.

During 2020, everyone from mainland Europe who is resident in the UK will continue to enjoy the rights and obligations enjoyed when the UK was part of the European Union. These include full access to the NHS, employment, education and the right to vote.

At the moment you are entitled to take part in May's elections for London's Mayor and Assembly. If the Tories try to rob you of that right, we will oppose them.

Settled & Pre-Settled Status, allows those who qualify, to continue to go about their normal life in the UK. If you have not done so already, I urge you to apply as soon as possible; the deadline is June 2021. For more information please visit the Government website www.gov.uk/settled-status-eu-citizens-families.

It is possible the next few years may be very difficult for all of us in so many ways. Please be assured, Liberal Democrats will continue to defend your place here with all our strength.

Yours faithfully,

Ade Fatukasi
