Brendan D'Cruz

for South Wales East

EXPERIENCED, DYNAMIC, HARD WORKING, IN IT TO WIN IT!

Promoted by: Dr. Brendan D'Cruz of Elim House, John Street, Treharris, CF46 5PS.

Time to be Radical, Bold and Different

The South Wales East list selection takes place during unprecedented times for us all. Ordinarily, I would be able to visit you and chat with you in person, but under current circumstances I have been allowed four emails and two manifestos to make my case. Plus of course the recorded online hustings. I hope that you have seen some of these and maybe you will take the opportunity to contact me and ask me questions.

Those members that I have already spoken to have raised some important issues. If I (or a member of my campaign team) has not yet managed to contact you, please get in touch. I would really love to hear from you. Your views are important to me.

I have campaigned for more than a decade with many of you to put across our Lib Dem vision for a better South Wales East that resonates with voters. Many elections, many campaigns. We know we are **Open, Tolerant and United** and of course we **Demand Better**, but we have not yet managed to have the impact that we need in our region. To make a difference, we need to elect Senedd members that will **Stand Up and Speak Out for our Diverse Communities**. Working together, I believe we can win again.

And then we get on with changing things for the better ...

My Priorities for South Wales East

Develop a *Communities Strategy* for investment in stronger communities that will create new jobs, improve wellbeing and deliver a healthier, happier and more sustainable region.

Protect our *Local Environment* and tackle the climate crisis, ensuring that our transport systems and public infrastructure are renewable, reliable and accessible.

Build more *Affordable Homes and Social Housing* - recognising that we are not just building houses but building fit for purpose communities in both urban and rural areas.

Ensure that *Future Generations* have access to properly resourced health and social care so that everybody, young or old, can safely learn and earn again after Covid-19.

BRENDAN D'CRUZ: No.1 CHOICE FOR SUCCESS

How Can We Win Again?

We need to let people know that the Lib Dems are a party that believes in **fairness, equality and social justice**. Many people feel that the Westminster Government and the Senedd are both failing them.

And too many still feel that they have been ignored, forgotten or left behind.

We Must Give People Hope !

We need to build on the great work done by Kirsty Williams as Education Secretary, to address the further challenges that Wales will face over the next few years.

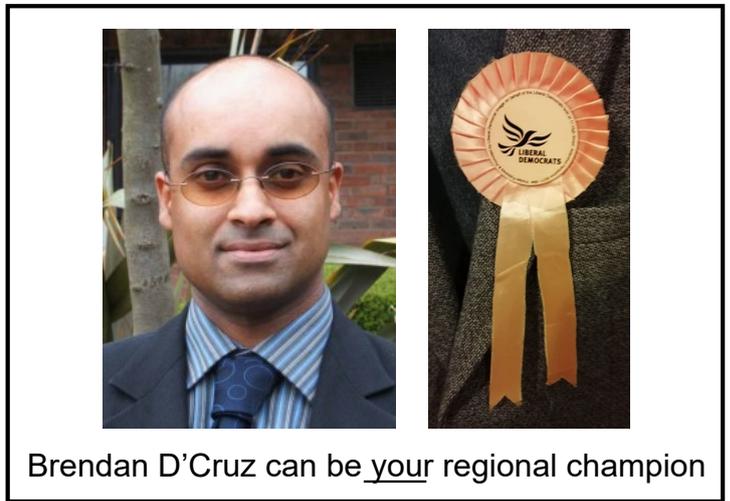

And we know that Health and the Economy would be in safe hands if we had Lib Dems leading on these areas in the Senedd.

NONE OF US IS AS GOOD AS ALL OF US, WORKING TOGETHER

I will campaign with members of every local party to ensure that our liberal voice is heard across the region.

I will work with campaign organisers to create the best platform to give all of our candidates a fighting chance.

Brendan D'Cruz can be your regional champion

Cymraeg I Bawb ...

Mae Cymru yn wlad amrywiol sy'n parchu gwahaniaeth, pwys bynnag ydych chi ag heb ots am eich gwreiddiau.

As somebody who believes passionately in celebrating diversity and difference, I welcome the effort to teach Wales' rich history based on 'cynefin' - loosely translated as 'habitat' or 'place'. It should not matter who you are, where you live or where you come from, we all have a role to play in Wales' future.

Now time to elect somebody different!

In the Senedd today are regional list members who stood for UKIP to deliver Brexit. Those same people now want to abolish the Senedd! *Will they guarantee that the interests of Wales and our region are protected if a No Deal Brexit happens?*

In the Senedd today are regional list members who stood as Tories, but they have done little as austerity, declining public services, job losses and the pandemic have ravaged our communities. *Can they be trusted to put our region's needs first?*

In the Senedd today are regional list members who stood for Plaid Cymru arguing that Welsh independence is the way forward. *Yet devolution may now be under threat.*

We **MUST WIN** back a South Wales East regional seat in the Senedd. Please choose me to lead the charge and be your Liberal Democrat voice for the whole of South Wales East.
