

# Simon Cook

and the Liberal Democrats

**The strong local champion fighting for a better deal for all local residents.**

Simon will work hard to improve recycling.

**This election is about who is going to stand up for residents-that is why residents should back a local champion - Simon Cook.**

As a former City Councillor, Simon had a strong record of achievement for local residents when working at Alresford. He got the best deal for that area, particularly with housing for local people, improved transport, driving the community bus, and pressing for better footpaths in the countryside. He wants action to defend the countryside against development and the stand up for local services and against the complacent Conservatives. He wants more money for rural services and effective action on fly tipping.

## The Lib Dem plan for the Upper Meon Valley

### 1 Connecting Communities

Simon is campaigning to keep our rural community transport and rural bus services.

### 2 A Greener Winchester

Simon has been working to get kerb-side glass recycling. He wants to tackle plastics too.

### 3 Listening to YOU

The Lib Dems want a better run, more open, more transparent council that listens to local people, and then takes positive action.

Simon and his local team want houses for local families.

# Your choice in our area: Complacent Conservative Cuts to Services...

It is only because the Lib Dems opposed the Conservative's cuts that they were forced to restore funding for the recycling centres, and community transport which was going to happen until we campaigned against the cuts.

## Liberal Democrats local record of delivery:

### Campaigning for local housing

## ...or hardworking Simon and the Lib Dem team fighting for you.

'Simon a former Royal Marines Officer and City Councillor, has lived in the area for over 30 years, and has a record of fighting for the interests of local people.

He opposes any expansion of the Boomtown Site affecting North Meon, and opposes major capital spending unless it can be proved to benefit the countryside areas of our district and wants better rural footpaths

### Championing better Glass-recycling
