Your choice in St Bartholomew:

Complacent Conservatives

The Conservatives are cutting services, neglecting Winchester and not listening. Their short-sighted cuts to social care are costing the NHS millions. Their cuts to road maintenance have left our streets and pavements in a bad state, making pedestrian access more difficult, damaging cars and hitting our pockets. Their failures on the environment deny us decent recycling and practical alternative transport options.

“State of Winchester's heritage conservation sites 'among country's worst', according to Heritage England.”
