JOIN THE

Champions Network

What is a Champion?

This might already be you!

A Champion is an advocate for LGBTIQ+ inclusion, developing specialist knowledge of LGBTIQ+ issues and promoting LGBTIQ+ inclusive practice within and outside the Organisation. The Champions Network is a free professional development opportunity for all people working in the Mental Health or Community Services sectors within Australia.

Why should I be a Champion?

With mental health statistics being so disproportionately affecting LGBTIQ+ people, we need to take action to change the way we interact, provide services, and include people. We want to collectively make our community a safer, kinder, and more inclusive place for LGBTIQ+ people.

This program is funded by the Department of Health, as part of a Leadership in LGBTIQ+ Suicide Prevention initiative.

As a Champion you will...

- Have access to online and face to face training
- Lead change within your organisation toward inclusion
- Be a part of a national network of individuals driving change in their organisations
- Gain knowledge and confidence in LGBTIQ+ issues and terminology
- Monthly facilitated reflective practice session with peers
- Have the opportunity to develop LGBTIQ+ inclusion Action Plan with the support of other Champions in your organisation and across the sector
- Opportunity to speak at events, forums and conference presentations supported by LGBTIQ+ Health Australia.

The benefit for your Organisation

- Support your organisation to provide holistic and client centred services that meet the identified needs of all clients including people who are LGBTIQ+ and sexuality, gender or bodily diverse
- Demonstrate compliance with national standards for diversity and inclusion (Rainbow Tick and Mental Health Standards)
- Gain recognition and reputation for LGBTIQ+ inclusive service delivery.
