Welcome to York
from Ed Davey and Mark Pack

Welcome to York, a Liberal Democrat led city with a tradition of a strong local government presence.

With our sights firmly fixed on the upcoming local elections across the country, it is a fitting venue for our Spring Conference and the gearing up of our local election campaign.

We meet at a time when our nation’s future is deeply uncertain. We know that our relationship with the European Union will now change but we still do not know the details of what our ongoing relationship will look like.

One thing is certain we cannot let the nature of that relationship be set solely on the whim of Boris Johnson and the likes of Jacob Rees-Mogg. We have to fight for our pro-internationalist, pro-trade and pro-environment beliefs, in a Europe that maximises freedom. If we don’t do it, nobody else will.

We must not stand back and concede our liberal values and our liberal beliefs, to the authoritarian populist right.

So over the next few months, every Liberal Democrat Parliamentarian will play their part to scrutinise the Government’s Brexit experiment. We will challenge and oppose any proposal that weakens our nation’s role in fighting the world’s climate crisis or keeping us safe from international crime gangs and global terrorism. We know we can keep the British people safer with full-on co-operation with our European and international partners.

The last election was a huge disappointment – with no bigger loss than Jo Swinson. Jo was always a huge part of the parliamentary team and we have lost an important friend and colleague from our Commons ranks. It takes huge courage to lead a political party, especially at a time when the nation is facing the uncertainty and damage of Brexit.
FEATURE

In leading our party through that time Jo stood up passionately for what we believe in and did not shy away from taking action to try and stop Brexit. And we thank Jo.

Looking to the future, we must not be afraid to reflect, to challenge ourselves and to learn lessons from the last three disappointing elections. It’s why an independent elections review has already started work.

The review must be something every member should play a part in. From the preliminary all-member survey before Christmas, over 20,000 replies have already come in – thank you! The party must also learn from local teams with their strong Liberal Democrat electoral success and take those lessons into the local elections in May.

And together we can campaign on themes where we’ve had such success in the past – and which are more important than ever – like the environment and climate change.

In places like York, Liberal Democrats are taking action to tackle the climate emergency by investing significantly to help create a ‘Northern Forest’, deliver zero-carbon homes, construct a rapid electric charging network and set up the UK’s first voluntary Clean Air Zone. That’s real action from Liberal Democrat councillors to bring change to our communities.

With more Liberal Democrat councillors, we can show that Liberal Democrats remain a force to be reckoned with – and a party committed to radical change in our country. From political reform to more caring social policies, from economic realism to environmental passion, we can paint our Liberal Democrat values in technicolour.

Let’s do that for this May and beyond.

We look forward to seeing you out on the campaign trail!

Rt Hon Sir Ed Davey, Acting Co-Leader of the Liberal Democrats
Mark Pack, President and Acting Co-Leader of the Liberal Democrats

Debates and votes at conference

Debates on policy and business motions are at the heart of federal conference. It is through them that the party sets its policy and future direction. Unlike in other parties, Liberal Democrat members are sovereign, and what they decide really matters.

The structure of debate on policy and business motions:

Proposer of the motion speaks

V

Proposers of any amendments speak in turn

V

Speakers called on all sides of the debate with the chair seeking to ensure balance

V

Interventions taken (if listed on the agenda)

V

Summators of amendments speak in turn

V

The summator of the motion speaks

V

The chair takes votes for and against the amendments and separate votes (if any) in turn

V

A vote will be taken on the motion as a whole

Interventions: concise (one minute) speeches made from the intervention microphone(s) on the floor of the auditorium, during debates where it is indicated in the Agenda.

Amendments: all motions except emergency motions are open to amendment; amendments accepted will be printed in Conference Daily.
Voting: decisions on most motions and all amendments and separate votes are by simple majority of those voting (2/3 majority for constitutional amendments). To vote, voting members must show their voting badge whilst seated on the ground floor of the auditorium.

Separate votes: a vote to delete or retain the specified words or section. A request for a separate vote may be submitted by any party member: by the start of the first conference session on the day before the debate is scheduled, or by the deadline for emergency motions for debates scheduled for the first day of conference; using the online form at www.libdems.org.uk/conference_submissions, by email to separate.votes@libdems.org.uk, or in writing to the Speakers’ Table in the auditorium.

Counted vote: the chair of the session may decide that a vote needs to be counted. Any voting member may request a count from the floor; if fifty voting members stand and show their voting cards, a count will be taken.

Speaking and voting in conference debates

Eligibility to speak and vote

All party members are entitled to speak and vote in conference debates, providing they are:

- attending conference as a party member (and not an exhibitor or observer); and
- not registered as a day visitor.

Party members fulfilling these criteria are known as ‘voting members’.

FCC may also give permission for other persons to speak (but not vote) in conference debates.

Length of speeches

The length of speeches is shown against each motion in the Agenda.
INFORMATION

There are three lights on the speaker’s rostrum and visible either side of the stage. The green light is switched on at the beginning of the speech. The amber light is switched on 60 seconds before the end of the allowed time (20 seconds before the end of an intervention). The red light is switched on when all the time is used up, and the speaker must stop immediately.

Applying to speak

To make a speech in a debate you must complete a speaker’s card, collected from and returned to the Speakers’ Table at the front of the auditorium, an auditorium steward or the Information Desk.

There will be a facility to submit speaker’s cards electronically – see Conference Daily for details.

Completing a speaker’s card

When completing a speaker's card:

1 **Submit your card well in advance.** The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

2 **Fill in your card completely.** Including the two sections on the back of the card as well as the front, as this enables the chair and aide to balance the debate and call people with relevant experience and avoid a string of people making the same point.

3 **Make sure it’s readable!**
Don’t fill every square centimetre of the card, write illegibly, in very small letters, or in green ink … The easier the card is to read, the more likely you will be called.

Interventions

To speak during interventions, voting members should complete an intervention card, collected from and returned to a steward in the auditorium. Speakers will be chosen by the chair of the session by random ballot.
Other conference sessions

Emergency motions and topical issue discussions

Emergency motions are debated and voted on and make formal party policy like other motions, but refer to a substantial development since the deadline for submission of motions.

Motions selected for debate, and/or for selection by ballot along with the ballot procedure, will be printed in Saturday's Conference Daily.

Topical issue discussions allow members and spokespeople to discuss and comment on a political issue live at the time of conference; they do not make party policy.

The topical issue to be discussed is chosen by officers of the Federal Conference Committee and Federal Policy Committee and will be printed in Saturday's Conference Daily.

Reports

The reports of Federal Committees and Parliamentary Parties are printed in the separate reports document.

Any party member may submit concise questions on these reports. The chair will select which questions will be asked. Questions to reports of the Parliamentary Parties may relate to any aspect of Liberal Democrat activities in the Westminster Parliament.

Questions may be submitted using the online form:
- at www.libdems.org.uk/conference_submissions.
- by 13.00 Monday 2 March.

Questions received by the deadlines above will be printed in Conference Daily.

Questions on events occurring after the deadlines above may be submitted on speaker’s cards at the Speakers’ Table up until one hour before the start of the relevant session.

09.30 Policy motion

F4 Hong Kong

23 members
Mover: Rt Hon Alistair Carmichael MP (Spokesperson for Foreign Affairs).
Summation: Nick Chan.

Conference notes that:

i) The UK and China signed the Sino-British declaration in 1984; the declaration was lodged at the United Nations and included a 50-year-long commitment to ensure that Hong Kong continues to function under a “one country, two systems” framework in order to uphold Hong Kong’s high degree of autonomy and progress towards universal suffrage; Hong Kong sovereignty was handed from the UK to China on 1st July 1997.

ii) In 2017 China’s foreign ministry spokesman Lu Kang said the legally binding treaty “no longer has any practical significance”.

iii) Up to two million people, across different socio-economic backgrounds, have taken to the streets of Hong Kong calling for democratic reforms.

iv) Clashes and violence have escalated, with reports of police using rubber bullets, tear gas, water cannons, and firing shots of live ammunition.

v) Former Leader of the Liberal Democrats, Lord Ashdown, campaigned on providing right of abode in UK if China ever reneged on the promises enshrined in the international treaty.

vi) A recent poll showed that 63% of British people are concerned about human rights erosion in the region, while 49% believe that British MPs should “speak up about Hong Kong”.

 SATURDAY 14 MARCH CONTINUED
Conference believes that:

a) The sentencing of pro-democracy protestors and reports of police violence in Hong Kong represent contravention of the Sino-British declaration.

b) The UK has a moral and legal responsibility to ensure that democracy, the rule of law, and human rights are upheld in Hong Kong.

c) The UK must stand with Hong Kong in their fight for human rights, calling for a full and independent investigation into police violence, and for further progress towards universal suffrage.

Conference calls for:

1. The Liberal Democrats to pursue in Parliament all routes to ensuring that the UK honours our legal and moral duty to the people of Hong Kong by reopening the British National (Overseas) Passport offer, extending the scheme to provide the right to abode to all holders.

2. The UK government to use Britain’s diplomatic and trading relationship with China to help ensure Beijing refrains from using excessive or military force to end the protests.

3. The UK government to ensure that the UK and our international partners indefinitely suspend all export licenses for crowd control equipment to Hong Kong.

Applicability: Federal.

Mover: 7 minutes; summation of motion and movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see page 14.

The deadline for amendments to this motion – see page 17 – and for requests for separate votes – see page 14 – is 13.00, Monday 2 March. Those selected for debate will be printed in Conference Extra and Saturday's Conference Daily.
10.10 Consultative session

Chair: Geoff Payne (Chair, FCC). Aide: Bex Scott. Hall Aide: Cllr Nick Da Costa (Vice Chair, FCC).

F5 General Election Review

This session forms part of the wider 2019 General Election Review and will include:

- An introduction from the Chair of the 2019 Election Review, Baroness Thornhill.
- Contributions from the floor on three key themes under discussion in the review (to be set out in Conference Extra preceding conference, based on the first stage investigation by the review panel).
- An opportunity for general feedback to the review panel.

This session is for party members only. Any party member wishing to make a concise contribution should submit a speaker's card, collected from and returned to the Speakers’ Table at the front of the auditorium, an auditorium steward or the Information Desk. See page 14 for further information.

11.40 Policy Motion

Chair: Jon Ball (Vice Chair, FCC). Aide: Dr Belinda Brooks-Gordon. Hall Aide: John Bridges.

F6 Children’s Social Care

11 members
Mover: Layla Moran MP (Spokesperson for Education).
Summation: Cllr Lucy Nethsingha.
Conference notes that:

A. A child or young person is referred to children’s services every 49 seconds on average and the number of children in care has increased by more than 15% since 2010.

B. Looked-after Children (LAC) are five times more likely to be temporarily excluded from school than their classmates; almost three-fifths of them have special educational needs or a disability (SEND), and less than a third of them leave primary school meeting the expected standards in reading, writing and maths.

C. Children’s social care budgets have risen faster than any other area of local council spending; councils spend over two-thirds of their children’s social care budgets on LAC and safeguarding, meaning that early intervention services have been squeezed.

D. Councils struggle to find suitable places for LAC; most children’s homes are privately run and are often located where property prices are low rather than in areas with the greatest need.

E. ‘Unregulated accommodation’, intended for teenagers transitioning from care into independent living, varies widely in quality and is too often used as a stop-gap for young people with more complex needs who need a children’s place in a residential home.

F. Almost two-thirds of foster carers believe their allowances and expenses do not meet the full costs of looking after foster children.

Conference believes that:

i) Every child, no matter where they live or what the circumstances, deserves a great start in life so they have the support, relationships, skills and knowledge they need to succeed.

ii) The Conservative Government has failed to focus effectively on children’s social care despite council spending on it rapidly increasing.

iii) Local councils should not have to choose between funding statutory children’s services and supporting early intervention
programmes such as children's centres and family support workers.

iv) Children in care should be able to live in high-quality accommodation close to their birth family or their other support networks if it is in their best interests.

v) Foster carers, including kinship carers, should be compensated and supported properly so that they can care for foster children well.

Conference calls on the Government to:

a) Provide additional funding to put children's social care on a sustainable financial footing, including dedicated funding for preventative services to stop children from getting into crisis.

b) Ensure that LAC are prioritised within the education system; local councils should administer the admissions process, managed moves and SEND functions for all schools in their area, including academies, to support this aim.

c) Address the shortfall in places for children in care so that every child who needs a place has one, by providing both capital funding and an underwriting mechanism to help councils run children’s homes themselves where needed, taking account of regional variations in costs.

d) Create a new kitemark for unregulated accommodation to help councils find high-quality places for those older teenagers in care who are ready to transition into independent living.

e) Review the allowances for foster carers so that they reflect the actual cost of looking after children and require all councils to pay foster carers at least the minimum weekly allowance recommended by central government, ensuring councils are given funding to meet these costs.

f) Explore whether an allowance scheme should be set up for kinship carers.

g) Develop a national workforce strategy for social workers and children’s home managers.
Conference reaffirms the Liberal Democrats’ 2019 manifesto commitments to stop children getting into crisis, including:

1. Investing over £1 billion a year extra in children’s centres and providing a dedicated youth services fund for local authorities.
2. Reducing child poverty by abolishing the two-child limit and the benefits cap.
3. Introducing new waiting time standards in children’s mental health services.
4. Allocating additional funding for SEND to reduce the amount schools pay towards supporting a child with an Education, Health and Care Plan.

Applicability: England only.

Mover: 7 minutes; summation of motion and movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see page 14.

F8 Electoral Reform

Federal Policy Committee
Mover: Wendy Chamberlain MP (Spokesperson for Political and Constitutional Reform).
Summation: Tara Copeland.

1 Conference deplores the damage that the UK’s current electoral system is doing to our democracy, leaving millions of people feeling powerless, excluded and robbed of their rightful say over how our country is run.

2 Conference deeply regrets that First-Past-the-Post:

A. Is fundamentally unfair and unrepresentative – in the December 2019 General Election it took Just 25,883 votes to elect each SNP MP and just 38,264 votes to elect each Conservative, while it needed 336,038 votes to elect each Liberal Democrat and 865,715 votes to elect the lone Green.

B. Has allowed the Conservative and Labour parties to maintain their grip on the vast majority of seats in Westminster, even as they have shifted far from the views of the vast majority of British people.

C. Creates far too many safe seats where the outcome is a foregone conclusion; people are taken for granted by politicians and parties, unable to properly hold their representatives to account.

D. Denies voters a genuine choice, as it forces many to vote tactically against their least favoured candidate instead of for their most favoured one.

E. Entrenches the power of party establishments, as it allows voters no choice between candidates of the same party.
Conference believes that:

i) Improving our democracy is an important end in itself, but it is also a necessary means to building a better country, with good schools and hospitals, affordable housing, safe communities and clean air.

ii) With a better electoral system and more democratic institutions, politicians and parties will have to be more focused on the things that really matter to people, leading to improved public services and a fairer society as a result.

Conference also regrets that in the 2019 General Election 16- and 17-year olds, EU citizens living in the UK and many UK citizens living abroad were denied their votes despite the impact of the election on their rights and long-term interests.

Conference further regrets that elections for single positions such as Mayors are conducted using the Supplementary Vote system in which voters can express only a first and second preference, thus still giving incentives to vote against their least preferred candidates rather than positively for their favourites.

Conference notes with alarm the Conservative plans to introduce a compulsory voter ID law, despite their trial in the 2019 local elections having denied hundreds of people their vote and warnings from charities and academics that the proposals “present a significant barrier to democratic engagement and risk compromising a basic human right for some of the most marginalised groups in society”, including older people, people from BAME communities and homeless people.

Conference therefore calls for:

1. Proportional representation by the Single Transferable Vote system to elect all MPs and local councillors in England, which would:

a) Allow voters to give their support to their preferred parties
and candidates, without the risk of helping the worst party sneak through.

b) Force politicians and parties to compete for every vote, in every part of the country.

2. 16- and 17-year olds to be given the right to vote in elections and referendums.

3. The existing rights of all EU citizens in the UK to stand and vote in Local Elections to be protected, and the right to full participation in civic life to be extended to EU citizens who have lived in the UK for five years or more, including the ability to stand for office or vote in UK referendums and General Elections.

4. All UK citizens living abroad to be able to vote for MPs in separate overseas constituencies, and to participate in UK referendums.

5. The Alternative Vote system to be introduced for elections to single positions such as directly-elected Mayors.

6. Plans to require voters to bring identification with them to vote to be scrapped.

7. The introduction of a legal requirement for local authorities to inform citizens of the steps they must take to be successfully registered with far greater efforts in particular to register under-represented groups.

Conference notes the statement in the 2019 Conservative Manifesto that “making sure every vote counts the same [is] the cornerstone of democracy”.

Conference calls on the Government to deliver on its commitment to hold a Constitution, Democracy and Rights Commission, which should address all of these proposals; the Commission must be carefully composed so as to be genuinely representative of the UK public.
Applicability: Federal, except 5. (lines 68–69) which is England only.

Mover: 7 minutes; summation of motion and movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see page 14.

The deadline for amendments to this motion – see page 17 – and for requests for separate votes – see page 14 – is 13.00, Monday 2 March. Those selected for debate will be printed in Conference Extra and Saturday's Conference Daily.

14.50 Consultative session

Chair: Cllr Nick Da Costa (Vice Chair, FCC). Aide: Cara Jenkinson (Vice Chair, FCC). Hall Aide: Chris Adams.

F9 Manifesto Feedback Consultation

The party’s manifesto for last year’s general election is available at www.libdems.org.uk/manifesto.

After the election was called, the Federal Policy Committee (FPC) agreed the text of the manifesto at speed. Although it was of course based on existing party policy, inevitably the FPC was unable to conduct the same kind of consultation within the party that it would normally expect to carry out.

This session is your chance to tell the FPC what you thought of the manifesto. Were its main messages the right ones, or should they have been different? Which particular policies worked well with the voters in your area, and which worked badly? What issues were often raised by voters which were not covered adequately, or at all, in the manifesto? Did we get our proposals for additional taxation and public spending, and the balance between them, right?

Party members wishing to make concise comments should submit speaker’s cards. For eligibility and procedures for speaking, see page 14.
The session will be split into four sections:

1. Main messages and manifesto introduction and chapter 1 (Europe).
2. Manifesto chapters 2 (Economy) and 4 (Environment).
3. Manifesto chapters 3 (Education), 5 (Health and Care) and 6 (Fair Society).
4. Manifesto chapters 7 (Freedom, Rights, and Equalities), 8 (Political and Constitutional Reform) and 9 (International).

A panel of speakers will introduce the session and give brief responses to the points made. The panel will include Lord Newby (Chair, Manifesto Group); Dr Christine Cheng (FPC and Manifesto Group Member); and Wendy Chamberlain MP.

This session is for party members only.

16.00  Topical issue discussion

Chair: Duncan Brack. Aide: Dr Belinda Brooks-Gordon. Hall Aide: Geoff Payne.

F10  Topical Issue discussion on Europe

The Federal Conference Committee (FCC) understands that the UK’s relationship with Europe is a critical issue which many party members are passionately concerned about. The development of Liberal Democrat policy on this is the subject of widespread debate and reflection within the party, and will clearly be a major aspect of the party’s debates during our forthcoming leadership election. The FCC has therefore decided to reserve this slot for a topical issue discussion about Europe as part of this process of reflection, which will allow views to be expressed while not yet making any firm decisions. It is the FCC’s intention to hold a policy-making debate on Britain’s relationship with the EU at the Autumn conference.

As explained in conference standing orders, a topical issue discussion is a discussion on a policy issue of significant and topical relevance, conducted without a vote. Any party member can propose a title for the

Introducer of issue and spokesperson's response: 5 minutes; all other speakers: 3 minutes.

In addition to speeches from the platform, voting members will be able to make concise (maximum one-minute) interventions from the floor during the discussion. For eligibility and procedures for speaking see page 14.

F13 Supporting the Trans and Non-Binary Communities within the Liberal Democrats

LGBT+ Liberal Democrats
Mover: Fraser Graham.
Summation: Charley Hasted.

1. Conference notes that:

   i) The Trans community has been subjected to widespread attack within the media in recent years.
   ii) There has yet to be a Trans or Non-Binary individual elected to be a member of the House of Commons.
   iii) All individuals should be able to be addressed using pronouns with which they are comfortable.
   iv) All individuals should be able to use toilet facilities at conferences without fear of harassment.

10. Conference reaffirms the Liberal Democrat commitment that:

   a) Trans women are women, trans men are men and non-binary identities are valid.
   b) All party members should feel able to attend party conferences and events without fear of harassment or discrimination.

15. Conference calls for:

   1. Liberal Democrat HQ and all venues for Federal and Regional conferences to have at least one gender-neutral toilet facility; this should be separate from the Accessible toilet facility, and should be clearly signposted within the venue.
2. Conference passes to include preferred pronouns for all attendees, with all attendees permitted to specify their preferred pronouns at the time of registration or to opt not to have pronouns shown on their pass.

3. Speakers cards for conference debates to allow for pronouns to be specified to allow those moderating debates to address speakers by their preferred pronouns.

10.30 Policy motion

**F16 Welcoming Child Refugees**

12 members
Mover: Christine Jardine MP (Spokesperson for Home Affairs).
Summation: To be announced.

1 Conference believes that:

2 i) Child refugees who have been forced to flee their homes and separated from their families are some of the most vulnerable people in the world. We must do all we can to protect them.

3 ii) The UK has a proud history of providing sanctuary to those in need, but now the Conservative Government is turning its back on child refugees and failing to live up to our obligations to them.

4 iii) Providing refugees with safe and legal routes to sanctuary in the UK is the best way to combat people smuggling and human trafficking, and to prevent people from making dangerous attempts to cross the Channel.

12 Conference notes with dismay that:

13 a) The Conservative Government has still not fulfilled its requirement under Section 67 of the Immigration Act 2016 (the “Dubs Amendment”) to resettle 480 unaccompanied child refugees from elsewhere in Europe as soon as possible.

14 b) In 2016, the Government committed to resettle 3,000 refugees in the UK under the Vulnerable Children’s Resettlement Scheme by 2020, but only 1,712 people had been resettled under the scheme as of the end of September 2019, including just 986 children.

17 c) The Conservative Government has chosen to withdraw the UK
from the Dublin System, which enables people applying for
asylum in the EU – including unaccompanied children – to be
reunited with their family members in another member state.

d) Unlike most EU countries, the UK does not allow unaccompanied
child refugees to sponsor family members to join them, and the
Conservative Government has refused to support the Refugees
(Family Reunion) Bill – tabled by Liberal Democrat peer Baroness
Hamwee – which would rectify that.

Conference calls on the Government to:

1. Urgently fulfil its requirement under the Dubs Amendment to
   resettle 480 unaccompanied child refugees from elsewhere in
   Europe.
2. Fulfil its commitment to resettle 3,000 people under the
   Vulnerable Children’s Resettlement Scheme by the end of 2020.
3. Maintain rights for unaccompanied asylum-seeking children in
   Europe to be reunited with family members in the UK.
4. Support Baroness Hamwee’s Bill to expand family reunion rights
   so that unaccompanied child refugees in the UK can sponsor
   close family members to join them.
5. Ensure that all unaccompanied asylum-seeking children are
   provided with specialist legal advice.
6. Resettle 10,000 unaccompanied child refugees from elsewhere in
   Europe over the next ten years.

Applicability: Federal.

Mover: 7 minutes; summation of motion and movers and summation of any
amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and
procedure for speaking in this debate, see page 14.

The deadline for amendments to this motion – see page 17 – is 13.00, Monday
2 March. Those selected for debate will be printed in Conference Extra and
Sunday's Conference Daily.

11.05 Policy motion

F17 Student Mental Health Charter

10 members
Mover: Munira Wilson MP (Spokesperson for Health and Social Care).
Summation: Layla Moran MP (Spokesperson for Education).

1 Conference notes with concern that:

2 A. Many students are struggling with their mental health but are not receiving the support they need.

3 B. Over a quarter (26%) of UK universities have failed to increase funding for mental health support within the last five years.

4 C. A third of universities do not record average waiting times for counselling.

5 D. The average longest wait for counselling faced by a student in the UK was 43.5 days – over half the length of a standard university term.

6 E. There is a large disparity in the support and awareness within UK universities of the mental health support they provide.

13 Conference believes that:

14 i) The NHS must transform mental health services to ensure mental health is treated with the same urgency as physical health.

15 ii) Universities must fulfil their duty of care to their students by delivering improved mental health support and services.

16 iii) The government has a role in supporting universities to share best practice on mental health services.
Conference calls on the Government to:

a) Develop a Student Mental Health Charter for universities in England in consultation with students, mental health charities and universities and introduce it through legislation.

b) Include in the Charter guaranteed access to provision of mental health support; guaranteed provision of mental health support of a certain standard; recording and reporting waiting times to allow students and prospective students to have knowledge of when they will be able to access services.

c) Ensure all universities have the aim to reach zero suicide.

Conference reaffirms pledges in the Liberal Democrat 2019 manifesto to:

1. Require universities to make mental health services accessible to their students, and introduce a Student Mental Health Charter through legislation.

2. Ensure all frontline public service professionals, including in universities, receive better training in mental health.

3. Introduce further mental health maximum waiting time standards for Children and Adolescent Mental Health Services.

4. Use some of the additional revenue raised by putting 1p on Income Tax to provide additional investment in mental health.

5. Transform mental health by treating it with the same urgency as physical health.

Applicability: England only.

Mover: 7 minutes; summation of motion and movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see page 14.

3.3 Balance between State and Federal policy debates

The Committee shall, in drawing up the agenda, have due regard to the balance of State and Federal policy debates and in particular shall as far as possible organise the agenda so that all matters which relate solely to one or more state parties but not all State Parties or the Federal Party shall be considered at either the beginning or the end of the conference.
4. Selection of motions and amendments

4.1 Compositing or otherwise altering motions

In drawing up the agenda the Committee shall seek to reflect the range of views in the Party as indicated by the motions and amendments submitted. The Committee may:

a) Treat any severable part of a motion or amendment as a separate motion or amendment.

b) Redraft a motion or amendment so as to improve expression, remove inaccuracy or superfluity or take account of new developments.

c) Composite similar motions or amendments.

4.2 Selection of amendments

The Committee shall decide which of the amendments duly submitted to each motion shall be selected. No amendment shall be selected if, in the opinion of the Committee it is insubstantial, outside the scope of the motion, or tantamount to a direct negative of the motion.

4.3 Motions for the amendment of the constitution or standing orders

The Committee may refuse to select a motion for amendment of the constitution or standing orders if, in their opinion, it is:

a) Similar in effect to another motion which has been selected for debate or ballot at the same meeting of conference.

c) In the case of amendments to the constitution, incomplete in that it leaves unamended some other part of the constitution which contradicts the meaning of the amendment.

d) In the case of amendments to standing orders, incomplete in that it leaves unamended some other part of standing orders which contradicts the meaning of the amendment.

e) Ambiguous.
4.4 Emergency motions

The Committee may reject an emergency motion if:

a) It is similar in effect to another motion that has been selected for debate or ballot.

b) It is similar in effect to a subject chosen for a topical issue discussion.

c) It is unclear as to its meaning or intent or is, in the opinion of the Committee, too poorly drafted to provide a sensible basis for debate.

d) It falls outside the definition of emergency motions.

No amendment shall be taken to any motion selected under this Standing Order.

4.5 Ballots for emergency motions

All emergency motions, except those rejected under Standing Order 4.4, must be placed either on the agenda for debate or in a ballot for selection by Conference. The Committee may hold separate ballots to select which of a range of emergency policy motions and which of a range of emergency business motions to debate. If one or more ballots is held the Committee shall circulate the text of all balloted motions to the voting members as soon as practicable and shall specify a closing time for the ballot. Following the counting of any ballots the Committee shall organise the debates on the motions in the order chosen by conference in the ballots.

4.7 Topical issue discussions

5. Special meetings

5.1 Timetabling of special meetings

The Committee shall, as soon as practicable after the requisitioning of a special meeting of the conference, fix a date for the meeting, draw up the agenda and, if appropriate, specify a date for the submission of amendments. The meeting shall deal only with the business stated in the notice of requisition save that the Committee may allow time for emergency motions and for business which is formal or, in its opinion, uncontentious.

5.2 Preferred timescales for special meetings

In setting dates for the submission of motions and amendments and giving notice thereof and of the conference itself the Committee shall endeavour to follow the timescales laid down elsewhere in these standing orders but, where this is not practicable, the Committee shall set such dates as it sees fit.

6. Appeals

6.1 Appeals against rejection of motions

The Committee shall provide written reasoning to the nominee of the proposers for the rejection of any motion or amendment. The proposers may appeal, in writing, to the next meeting of the Committee. Any such appeal shall provide reasons why, in the opinion of the proposers, the expressed reasons for rejection are not valid. If the appeal is allowed, the motion or amendment shall be treated as an emergency motion or amendment according to the stage of the agenda-setting process at which the appeal has been allowed.

6.2 Appeals against exclusion from conference

Any person excluded from conference by a decision of the Chief Steward shall have the right of appeal to the Committee at the next of its regular meetings. The exclusion shall remain in force pending the appeal.
STANDING ORDERS

7. The chair
