### Key Responsibilities

1. Working in partnership with the Regional Party and LDHQ, ensure there is an up to date Regional Development Plan in place covering every local party in the Region, and maintain a rolling overview of its delivery, advising the Region on resource deployment to achieve its goals;

### PERSON SPECIFICATION

We are looking for a strong campaigner who can deliver campaign and election success for the Liberal Democrats.

The heart of this role is working closely with local staff and volunteers to support the development of local campaigning in key areas through our seat support programme.

You'll be a confident person, with strong leadership and communication skills and the ability to build strong working relationships. You'll be a person at ease with the latest online and offline campaign techniques.

Ideally you will have been part of multiple successful election campaigns and will have a strong understanding of what it takes to win.

You will be able to demonstrate a record of election, fundraising and capacity-building success, with an instinctive sense of what makes an effective political message. You will have sound political judgement, an in-depth understanding of voters, and will know what it takes for candidates to cross the winning line.

You will be well organised and able to work without supervision in a challenging environment. A good temperament that allows you to deal with the unexpected is a must. You will need strong leadership and communications skills, and must also show a willingness to innovate, experiment, and share best practice.

This role will suit someone who enjoys variety in their work and working with teams with differing needs and levels of development.
