

Janey Little for Women's Rep (Diversity Committee)

- Sixth Form student from North Somerset: I have been studying 6 A levels, 3 of which I took a year early
- Won a British Education Award and a Bristol Post Gold Star Achiever Award for my GCSE results
- Campaign Director for the Bristol Mayoral campaign

My Plans

- Champion women's issues within the Young Liberals and the wider Party
- Hold the executive to account on ensuring that women and girls feel safe, welcome, and included within the Young Liberals
- Provide an intersectional approach to women's issues, working with the other representatives on Diversity Committee and recognising the differing experiences and barriers faced by different women
- Work closely with the trans rep in order to ensure that trans women can thrive and have their voices heard and represented, because trans women are women
- Create a guide document on how to best support and engage women in political settings and the activities of the Liberal Democrats
- Keep the YL Under-represented genders Facebook group an active and friendly community
- Assist the Accessibility, Diversity and Standards Officer in running online diversity socials for under-represented genders
