

Becky

for NPO

Who am I?

Hello! I'm Becky. I have just graduated from university where I was Secretary of my uni's branch. Besides taking minutes, I discovered the importance of badgering people in this role. I often assisted other committee members in their roles and volunteered to complete tasks from across the board myself – I am not work-shy! I know I have the skills to support the Rebuild team, and to help create an effective and thriving YL.

Why am I running?

I know the Rebuild slate is prepared to work hard to make the necessary changes to YL. I know that building membership and strengthening communications between the YL exec and YL branches is going to need a strength of will to get things done. I know I have the necessary will and experience to keep the committee on task to ensure YL becomes a positive and popular place for for everyone involved.

The Rebuild slate believes our focus has to be to rejuvenate the YL branches

My Action Plan

1. I will help research and put together a review of our YL branches in the country.
2. I will chase up all action points from exec meeting minutes to ensure they are actioned and check in with committee on an individual basis to make sure they are energised.
3. I will run a virtual clinic so that members can bring forward their ideas for how to best engage young members through our branches, and ensure that these ideas are put to the exec committee.
