

Vote Harvey for Comms Committee

Plain Text Manifesto

WHO AM I? I'm Harvey Jones from south Wales, currently serving as WYL Comms Officer & Welsh Rep to Comms Committee. I'm also studying German at the University of Birmingham, and was recently approved to stand as a Welsh parliamentary Candidate.

WHY ME? In my short terms as WYL Comms Officer, I've continued refreshing our website, completely overhauling our style guide & graphic design. I've also increased our use of Twitter and introduced monthly, bilingual newsletters, getting to grips with Nationbuilder & Affinity, and helped organise our freshers events & social media campaigns. I've worked constructively with the WYL Exec and offered help and constructive feedback where I can to Comms Committee, and I'd love to serve a full term!

WHAT WILL I DO?

- Work with the Comms Officer & State Reps to deliver their manifesto commitments
- Offer support & feedback on projects & new initiatives, helping out and (constructively!) holding officers to account
- Support the Comms Officer with social media workload
- Help raise awareness of YL successes in policy & local government, both in the party (like through Forum & newsletters), and externally (through social media)
