

# Brendan Roberts for Policy Officer

## Who Am I?

I am 19 years old and I am hoping to study a BA Honours degree in Social Sciences next year with the Open University. I am currently Secretary for Torfaen Young People's Forum.

In my spare time I enjoy singing in a male voice choir and trying to read the countless books I keep collecting.

## My Plan:

- To create a Senedd Young Person's Manifesto, working alongside the Welsh Liberal Democrats.
- I will help you to write policy and continue to submit radical policies to Welsh Conference, building on previous accomplishments.
- To create a policy survey to get an understanding of the priority issues people care about.
- To keep up to date on social, political and economical issues.
- To hold the utmost respect for all members, listening to your views and making sure they are properly represented, especially on Policy Committee.

## Why Me?

I am passionate about fighting for liberalism and liberal values. And I believe that the Welsh Young Liberals can help lead that fight, and with me as Policy Officer I can make sure that we have genuine liberal and radical policies.
