

Christopher Wilson and Mariam Mahmood

for SYL Co-Chairs

We have worked together in SYL for the past year, growing and developing SYL's presence in the party through developing and proposing motions to Scottish conference.

The Scottish Government now supports SYL's gender neutral school uniform policy and the candidates at 16 policy now has cross-party support - putting SYL on the political map. We want to continue building on this work and ensuring that young people have a strong voice within the party and beyond.

What next?

Develop talent by hosting training days aimed at preparing young people for candidacy and leadership roles

Make the candidate approval process more accessible for young people, other underrepresented groups and members in rural areas

Grow SYL's presence in rural areas to compliment our current strongholds
