Chris and Andrew at the EU Parliamentary Election count in North Lanarkshire

### Who are we?

**Andrew Reynolds** - I have been a member of the Central Scotland Liberal Democrats for 5 years and strongly believe in Liberal values. I'm a student at the University of Glasgow studying History and Politics, becoming involved in both the Lib Dem and ALDE societies there. I spend my free time reading about History or rambling about Politics in general to anyone who will listen, whilst consuming copious amounts of caffeine.

**Chris Wilson** - I have been a member of the Scottish Liberal Democrats since 2016. I have had the pleasure of working with many talented members of SYL, particularly during my time as Co-President in 2017/18. I remain proud of the many achievements we had, including passing 5 conference motions, hosting a successful fundraising pub quiz, and making national headlines with our policies. As well as being a student at the University of Glasgow, I spend my free time watching football and rugby, and ranting about the state of British politics.

### What will we do?

- Strengthen cooperation with Alliance Youth NI
- Create the role of the Diversity Officer on the Exec
- Create a supporters scheme for non-SYL members. These funds will be reinvested in fresher's campaigns, supporting young candidates and organising events.
- Monthly updates on our work as Co-Chairs
