

Sam Cumber for London Regional Chair

Twitter: @cumber_sam1 Email: samjc21@gmail.com

Who am I?

I have recently graduated from Queen Mary University of London with a degree in Human Geography. I am an active member of the party and especially within YL. You may have spotted me speaking at many debates at YL conferences that have the issues of London Young Liberals at heart. Currently I am the chair of Sutton YL where I have engaged with young members in my local party. Before the pandemic you may have found me knocking on doors and delivering focus leaflets for by elections, local elections, the 2019 European elections and General election. Now I want to be the voice of London region of YL, listen to their concerns and be proud of our city!

What will I do?

- I will work with the university societies and branches within the London region to help build up their membership and help out with events.
- I will run events, whether it be online or physical, that will have something for everyone, whether it be a spirited discussion or guest speakers being invited or just a laid back Pizza and Politics.
- Outside of lockdown, I hope to run fun campaigning events in the build up to the 2021 elections.
- I will raise concerns with the London Regional executive on making sure that Young Liberals in London are properly represented.
- I will be your champion for London region and ensure that London Young Liberals are heard by the English Young Liberals executive.
