

Katharine Macy for English Council

Reliable

I have attended every meeting as a member of the Young Liberals exec and every English Council. I will continue to attend every meeting where possible.

Caring

I will listen to YL members and bring their concerns to English Council.

Diverse

I will prioritise speaking up and for things which can increase our diversity in both Young Liberals and the wider party.

Who Am I?

I'm a 22 year old PhD student studying autism in the Palaeolithic. I have been involved in politics since a child and at university during the 2017 general election in my 1st year at university, I began campaigning of my own volition.

I was elected as Welfare & Access officer (now called Accessibility, Diversity & Standards, thanks to me) in November 2018, ran as a council paper candidate in May 2019 and in the general election in Selby and Ainsty where our vote doubled and we kept our deposit for the first time since 2010.

I am an autistic, pansexual person from a family on benefits. I feel strongly that everyone needs a voice in politics.
