

JACK WORRALL

FOR ENGLISH COUNCIL REP

EXPERIENCE

I have been English Young Liberals Chair for two years working within three executive to provide a voice for the regions to the Federal Executive, a voice for the Young Liberals within the English Party and to Chair the EYL Executive. I made sure that YL took a full slate of delegates to the English Council to make sure we helped pass the changes to the discipline processes. At the English Council Executive I got an increase in the grant the English Party gives the Young Liberals of £4,000. We have increased our Twitter presence.

MY PLAN

- I will re-run for the English Council Executive this year to increase YL's presence in the English Party's decision making.
- I will aide the EYL Chair to protect the grant YL receives.
- I will be at hand to continue to get more YLers onto the EC and into English Party Positions.
- I will attend both English Council meetings.
