

Fergus Ustianowski for Western Counties Regional Chair

I have already worked for Western Counties as a Campaign Assistant so know the area really well. I am the chair of the WECA YL and a student at Bristol University but originally from Manchester.

I have worked on General election campaigns and the leadership election. We have a lot of big elections coming up which we need to fight hard to win.

What I would do as the Western Counties YL Chair:

- Expand and work on the regional branches, which I helped to create, including Bristol, BaNES, South Glos, WECA, Wiltshire, Dorset and Somerset-Continue with our regular exec meetings and be more open to the YL membership of the outcome of the meetings
- Continue to push for regional references for anyone who will help in any elections so that they can put it on their CV
- Represent the Young members at the regional exec and push for more involvement with members from outside uni, either in schools or collages
