

# Thomas Laver

## for Conference Committee

### Who am I?

I am a Lib Dem based in Lewisham East, who has worked mostly with **Oxford University Liberal Democrats**, campaigning with **Oxford East** and **Oxford West** and **Abingdon**. While having some differences to current Lib Dem policy (going beyond some Labourites on the political spectrum), I still believe our values provide the best framework for a better future and government.

**Please ignore the black tie, I'm normal, honest!**

### What do I want?

So what as Conference Committee do I do? The fundamental role of the Committee is simply to assist the Events Officer Huw, and so I pledge to be available at Activate to help facilitate. As **OULD's social secretary** I have experience running events full of liberals, and elsewhere at uni I've run a number of different events ranging from a **Superbowl night** to a **three course formal dinner**, so I hope that's qualification enough!

However, the Conference Committee can also contribute more strategically. As such I would seek to start putting together a **dossier** for the next few conferences, possible even finding **potential venues** throughout the country that would be viable, which can be of **great benefit** to future conference committees and Events Officers.

**Warning – this man can rock hats, and stroke mechanical pigs maniacally**

**Thomas – Realistic, occasionally funny, won't resign!**
