

Calum Paterson for International Committee

Why can you trust Calum to deliver?

- ✓ I have first-hand experience in the workings of local government in Malawi (specifically in education) and their relationship with aid agencies, a good knowledge of our partner parties across Europe and the world, as well as a fervent enthusiasm for international relations and international geopolitics.
- ✓ I've had plenty of experience working in the party as I'm currently the Vice Chair of SYL and I was Co-Chair of SYL from August 2017 to May, meaning I also have considerable experience from serving on Federal Executive, along with chairing a state YL organisation.

About me!

I've been a member of the Lib Dems for 3 years now. I serve on the executive of the Central Scotland local party and I have served as Co-Chair of SYL from August 2017 until May 2018 with Christopher Wilson and I serve as Vice Chair of SYL right now. I am currently out of full time education, although I am starting a degree in Film and TV Studies/Politics at the University of Glasgow in September. I am a full time barista at the moment and a trainee paddlesports coach.
