

## WHY ME?

While being new to involvement with Young Liberals, I have plenty of experience running campaigns, from mental health awareness in Truro to fundraising for care packages for disadvantaged young people in Exeter. I believe I have a good eye for creating impactful campaigns and would love to bring this to Young Liberals to support the Campaigns officer, and ultimately all other members.

## MY PLAN

- Support branches to develop campaigns with their own distinctive identity that is relevant to them, and the needs of their local members.
- Encourage and empower younger members of YL to involve themselves with events, reaching out to those who perhaps don't feel welcome in the party yet.
- Create briefing resources for each action day covering key local issues, giving confidence to those who don't know the area or people living there to get more involved.

I am a 16 year old from south Devon (reppin' Dawlish) and I'm running to be on your campaigns committee. I've been a member for over two years but I've never been heavily involved and I feel now is the perfect time to change that. Lib Dem stuff aside, I'll be studying A-Levels in History, Politics, and Philosophy in September; I love a good bit of indie music and I'm obsessed with Queer Eye.
