

Young Liberals Election 2021

Arthur Wu

**For
BAME Officer**

WHO AM I ?

I'm Arthur, the incumbent President of Royal Holloway Liberal Democrats. In this role, I am responsible for the constitutional running and administration of the Society. Under my leadership, the Society has become more diverse and progressive. I have successfully recruited 19 new members of which five new members are from ethnic minority backgrounds. As a member of an ethnic minority group, I have experienced racial discrimination in the past, and I understand that there is a necessity to address and to counterattack racism.

CREATE A BAME MEMBERS' DATABASE

Since YL and our Party don't have that much information on our BAME YL members, it is difficult for us to reach them and to identify what they wish YL could do to achieve racial equality. Creating a database for BAME members doesn't only help YL to understand them more, but it also helps our Party to improve the engagement problems with BAME voters, which are listed in the Alderdice Review.

MONTHLY CONSULTATION SESSIONS

I would organize monthly consultation sessions to encourage our fellow BAME members to give us feedback, and also to provide support to them.

SOCIAL EVENTS AND TALKS TO PROMOTE MULTICULTURALISM

In order to improve the engagement between YL and its BAME members, I aim to organize more social events (such as a virtual mid-Autumn Festival Party) and talks (such as Black History Month discussions) to create a welcoming environment for everyone regardless of their racial, cultural and religious background. I would also support any BAME member to organize any event to celebrate their cultures and traditions.

PROTEST MARCHES AGAINST STOP-AND-SEARCH POLICY (POST-LOCKDOWN)

In the wake of Black Lives Matter, the problems of the abuse of power and the institutional racism in the police are raised up once again. As a strong critic of the Stop-and-Search policy, I pledge to YL to launch a nationwide protest campaign when the lockdown restrictions are lifted to pressure the government to abandon this policy permanently.
