

The Massachusetts Department of Transportation

Invites you to a

Public Information Meeting

for the

Anderson Grade Separated Path Project

Thursday, October 22, 2015

6:00 – 8:00 PM

**Fiorentino Community Center
123 Antwerp Street, Allston 02134**

The purpose of this meeting is to introduce the project to the public and provide community members an opportunity to ask questions and/or provide comments. The Anderson Grade Separated Path Project is looking at the feasibility of implementing a non-motorized east-west connection under the Anderson Memorial Bridge on the Boston side of the Charles River.

The purpose of the proposed project would be to enhance the recreation facility of the Charles River Basin and Paul Dudley White Path to provide alternative shared use path accommodations and crossing efficiencies for bicyclist and pedestrians at the intersection of Soldiers Field Road and North Harvard Street at the Anderson Memorial Bridge in Boston.

To be added to the project email list, please contact Nick Gross, Planner and Public Involvement Specialist, at (617) 482-7080 or ngross@hshassoc.com.

The Fiorentino Community Center is accessible by the 70, 70A, and 86 bus routes. For attending cyclist, ample bicycle parking is provided. The Fiorentino Community Center is also ADA accessible. For accommodations or language assistance, please contact MassDOT's Chief Diversity and Civil Rights Officer by phone (857-368-8580), fax (857-368-0602), phone (857-368-0603) or by email:
