

Corporate Sponsorship Opportunities

Work with us to help ensure that biking and walking becomes a way of life across Vermont!

Examples of Sponsorship Opportunities

General Sponsorship - An annual philanthropic gift of any size to support Local Motion's statewide work. Benefits include public recognition on our website and social media thank-you.

Program Sponsorship - A customized and highly visible annual sponsorship of a Local Motion program. These programs include the Island Line Bike Ferry, our Bike Smart children's program, Valet Bike Parking services, the waterfront Trailside Center bike rental operation, our e-Bike Lending Program, and more. Benefits may include featured business logo on the Local Motion asset, featured recognition on our website, a social media feature, invitation to our annual thank-you reception and special events, and more.

Event Sponsorship and In-Kind Donations - Support for Local Motion's statewide public events, chartered ferry cruises, classes and workshops for adults, and more. Benefits include public recognition on all online and print media related to the event.

Workplace Giving & Matching - A simple and cost-effective way for any size business to meaningfully engage your employees in the community where they work, live, and play. Some employers match or even double their employees' donations! Benefits include public recognition online, and a social media feature.

From financial and in-kind support for our programs and events to employee giving and volunteering, we'll customize a sponsorship opportunity that's just right for your business.
