Vast areas of the Limestone Coast are currently covered in approved exploration licences for unconventional gas, large open cut mines and coal mining.

Communities in the Limestone Coast have come together to declare themselves “Gasfield & Invasive Mining Free”. By community vote, they have decided they will not allow industrial gasfields or invasive mining here.

Come along and celebrate what makes the Limestone Coast so precious, and the growing community movement determined to protect it.

Join us for a Family Friendly event including BBQ, games and presentation of declaration scrolls to the Mayor of Grant.

**Sunday 8th February 11am
