Dear Michael --

London4Europe is changing. For the referendum campaign itself we mean to be much more of a campaigning organisation. We will act in support of local campaign bodies - so we will neither be directing them nor substituting for them. We will work to fill gaps in coverage, facilitate training and best practice sharing, improve internal and external communications, and run mini-campaigns consistent with the national and *local campaigns*.

We therefore wish to strengthen the Committee by bringing in new members who have the experience, skills, energy and time to lead the campaigning effort over the coming year. Is that you?

You may have acquired your experience in pro-EU campaigning since the referendum, with party political campaigning (please remember that London4Europe is all party/ non-party), with another public campaign or with charity or commercial campaigning.

You will have the tact, energy and drive to build up London4Europe's activity both with local campaigning organisations and with individual volunteers where we have not previously been much engaged (if you wish to be more involved but not on the Committee - do please sign up to volunteer with us and take our volunteers survey. If you have already responded to the volunteers survey then you do not need to reply also to this e-mail as we are now working through the replies).

Do please contact me if you are interested to tell me about your experience and interests. We are keen that the London4Europe Committee should reflect the diversity of London and welcome applications from women, younger adults, members of ethnic minorities and other under-represented groups. All Committee members and all who wish to vote at the AGM need to be paid-up members of the European Movement. If you are not a member you can join here and

if your subscription has lapsed (please note that EM do not routinely send out subscription reminders) [you can renew it here](#).
