

LORI  
FRUGOLI

For District Attorney

✓ Tough

✓ Fair

✓ Dedicated

I support Lori Frugoli for district attorney, as does Sheriff Bob Doyle, current and former police chiefs, community leaders and the other retired Marin DAs: Mike Gridley and Jerry Herman.

Lori is tough, fair and dedicated. No political maneuvering with her. The DA sets the tone and the rules so that all victims and suspects are treated fairly and equally. She knows when to be tough to keep us safe and when to use treatment for social issues. Her perspective as a former cop balances her experiences as a prosecutor. We have an opportunity to elect a seasoned prosecutor.

Another candidate runs as an “outsider.” Why would not having experience as a state prosecutor make someone remotely qualified for this job? I note that Joe Russoniello, the former U.S. attorney for the Northern District who served at the time this other candidate was a federal attorney, supports Lori.

Running as an “outsider” is a play on emotions. When I ran for DA, and during one of Herman’s terms as DA, an “outsider” ran — and lost. It has been the choice of the people to go with experience.

Some might disagree with decisions made by the DA, but Marin’s office is ethical and fair. Disagreement provides a robust community discussion. But the elected DA is the standard-bearer for an ethical pursuit of justice.

Marin needs a person who is committed to Marin, not to some higher office — a person with experience. **Please trust those who know ... Vote Lori Frugoli**
