Merchant Tables

A limited number of tables suitable for setting up a merchant/information area are available for \$50. You do not have to purchase admission to the Convention to have a merchant table. If you require more exposure for your business, such as advertising in the program or admission to the Convention's events for more than one attendee, we suggest considering one of our sponsorship packages on the previous page. We are also offering a business card size ad to our merchants for an additional \$40.

Any questions about merchant space should be directed to
