

DOES EVERY INDIVIDUAL DESERVE THE OPPORTUNITY FOR **FREEDOM, PEACE AND PROSPERITY?**

WE AGREE WITH YOU

The **LIBERTARIAN PARTY OF NORTH CAROLINA** is the only political party fighting to end government intrusion into the economic freedoms, civil liberties and personal decisions of every North Carolinian. We are steadfast in our dedication to fiscal responsibility, social tolerance and minimum intrusion at every level of government. We stand for:

The elimination of all taxation on personal and corporate income

An end to government subsidies, corporatism and favoritism

The exclusion of government from personal decisions such as marriage, education and healthcare

A government constrained to constitutionally defined functions and instituted for the purpose of protecting and defending the natural rights of all people

With your help, we can fight for liberty and responsible government in North Carolina.

WE ARE THE **LIBERTARIAN PARTY** OF **NORTH CAROLINA**

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Libertarians are working for responsible government that does not attempt to manipulate the economy or interfere in the private moral decisions of any individual.

Freedom brings us a society with more opportunity and more prosperity, based on respect for our differences, the creative potential of a free market and an optimism for the future.

Working for a more accountable, more transparent government

Advocating for your right to direct and protect your life, liberty and property

Resisting government welfare for corporations, special interest groups, privileged classes and foreign nation-states

Challenging a dangerous and costly foreign policy of militarism and global political manipulation

Opposing the violent and expansive government wars on peaceful drug users and immigrants

Supporting individual choice in education, healthcare and lifestyle
