

LIBERTARIAN
PARTY OF OHIO

Resolution for Arvin Vohra's removal

January 12, 2018

The Libertarian Party of Ohio (LPO) condemns the actions of National Vice Chair Arvin Vohra. His continued use of social media to berate and alienate potential and current Libertarian voters is unacceptable.

We exist as a political party to win elections and advance the cause of smaller government and personal freedom.

This continued messaging from a National Party leader is extraordinarily damaging to our local success and volunteer base. A leader in Mr. Vohra's position should not be using their platform to be caustic and intentionally abrasive in a willful manner. This messaging drives off volunteers as well as hampers our efforts to field candidates.

The LPO calls for the IMMEDIATE resignation of Mr. Vohra from his positions in party leadership. Failing that, the LPO calls on the LNC to remove (through the formal suspension process) Mr. Vohra before more damage can be done.
