A gathering place in your community

About the Mollie Nye House

The construction of the Nye Family home took place during the spring and summer of 1913, and was completed in anticipation of the arrival of Miss Mollie Nye. With the exception of the lower level, the house is much the same today as it was in 1913.

After Mollie's death in 1997, the property passed to the District of North Vancouver and was updated for community use.

The purpose of the Mollie Nye House is to create a welcoming, active place where everyone feels a sense of belonging, where we provide programs and services for the community, to preserve the house and garden in order to recognize its historic place in the community and the contributions of the Nye Family.
