Voters' Guide
2018 General Election**
League of Women Voters of Maryland Education Fund

The *Voters' Guide* is published by the League of Women Voters of Maryland Education Fund. The League has a long tradition of publishing the verbatim responses of candidates to questions important to voters. The League offers this *Voters' Guide* to assist citizens as they prepare for the general election. The League of Women Voters does not support or oppose any candidate or political party.

All candidates were asked to respond to a nonpartisan questionnaire. Candidates running for a particular office were asked identical questions. Responses from candidates who will appear on the ballot are printed exactly as submitted. We did not edit for content, spelling, or grammar. All responses were limited to 400 characters and additional material was cut off at that point. If a candidate did not respond before we prepared this *Guide*, "No response received by deadline" is printed.

Additional information on the candidates is available at www.VOTE411.org, which has any updates received after the deadline. Candidate websites provide additional biographical and policy information. If the candidate submitted a campaign website, it is listed under her/his name.

The League assumes no responsibility for errors and/or omissions.

Offices and Candidates are listed on the following pages in ballot order.

Statewide Offices

Governor / Lt Governor

GOVERNOR DUTIES: The Governor is the chief executive officer of Maryland and appoints judges to the state courts and the heads of statewide departments. The Governor also makes other appointments as provided by the Maryland Constitution or by law and proposes the annual operating and capital budgets to the legislature. The Governor may veto legislation passed by the legislature.

SALARY: \$180,000 per year.

TERM: Four years, limit of two consecutive terms.

HOW ELECTED: Elected statewide as a team with the Lt. Gov.

LT. GOVERNOR DUTIES: The Lieutenant Governor assists the Governor and is elected jointly on a ballot with the gubernatorial candidate. The Lieutenant Governor fills the office of Governor in case of death, resignation, or disability and carries out specific duties assigned by the Governor.

SALARY: \$149,500 per year.

WEBSITE: see [Maryland Manual Online](#)

The Issues

QUALIFICATIONS: How does your experience prepare you for the duties of Governor?

BUDGET: What are your priorities for the state budget, particularly regarding education and transportation?

REDISTRICTING: What changes, if any, do you support in the process for drawing congressional and legislative district lines in Maryland?

ENVIRONMENT: What are the most significant environmental challenges and how will you address them?

DISCRIMINATION: What policies will you support to address discrimination based on race, gender, religion, disability, or poverty?

HEALTH CARE: What are the most significant health challenges facing Maryland and how will you address them?

OTHER PRIORITIES: What are your priorities on issues not covered by the other questions?

Campaign Twitter: twitter.com/BenJealous

Campaign Instagram: [@BenJealous](https://www.instagram.com/BenJealous)

Campaign Email: sydney@benjealous.com

Campaign Phone: (904) 891-1843

QUALIFICATIONS: I've been a partner in a business or ran large advocacy organizations since I was 26 years old. As a businessman, I've helped to grow small businesses in Maryland and across the nation. While leading the NAACP, I was named Marylander of the Year for my pivotal roles in abolishing the death penalty, passing the Maryland DREAM Act, helping pass marriage equality, and expanding voting rights.

BUDGET: As a businessman, I'll also make sure our transportation policies also encourage

economic growth and help to create good jobs. We don't have a money problem when it comes to education, we have a priority problem and we need a governor who is willing to make education a number one priority. We will fully fund our schools and make sure lottery and casino revenues supplement education funding.

REDISTRICTING: I believe that Maryland should lead the fight on redistricting reform in a fair and non-partisan manner that does not indefinitely hand control of the House of Representatives to Republicans. Redistricting compacts such as the one passed by the Maryland legislature and vetoed by Hogan are a fair solution to increase the accountability of Congress to the voters and reduce gerrymandering.

ENVIRONMENT: My vision in regards to the environment brings together the economy, civil rights, and public health. I will build on the surge of clean energy jobs and put our state on a path to 100% clean energy well before 2050 and reverse Trump's attempts to kill the progress we've made on cleaning up the Chesapeake Bay. Bill McKibben, Friends of the Earth Action, and 350.org have all endorsed my campaign.

DISCRIMINATION: I've dedicated my life to service and I have a long track record of securing progressive victories in our state. Growing up as the child of a biracial Maryland couple who were forced to leave the state in order to legally marry, Marylanders know I'll stand up to Trump's hateful attacks on our environment which disproportionately harms marginalized communities and his attacks on our public schools.

HEALTH CARE: As a businessman and civil rights leader, I believe we have to stop rising healthcare premiums and drug costs from bankrupting our families, small businesses and seniors. As governor, I'll work for a Medicare For All system which will provide affordable care for all, help our small businesses grow, and provide more tools to stop pharmaceutical companies from spiking drug costs on our seniors.

OTHER PRIORITIES: Maryland's economy is ranked near the bottom for this region and our wages are flat. As a businessman, I know how to create good paying jobs and I'll ensure we get our healthcare costs under control so that families keep more money in their pockets and small businesses can grow. I'll also ensure more capital goes to entrepreneurs instead of large corporations. Learn more at www.benjealous.com.

Shawn Quinn / Christina Smith

Libertarian Party

Campaign Website: <http://www.citizen4quinn.com>

Campaign Facebook: <http://www.facebook.com/ShawnQuinn>

Campaign Email: citizens4quinn@outlook.com

Campaign Phone: (443) 684-0924

QUALIFICATIONS: Shawn Quinn has lived a lifetime doing the types of jobs that real people do, not politicians. This gives him a street-level view of life that somebody only used to the "big picture" will miss. Shawn served for twenty years in the United States Navy. Shawn Quinn worked in law enforcement for five years. He has seen firsthand what an impersonal government does to the people.

BUDGET: Shawn Quinn plans to drastically reduce the income tax within his first two years of office. These tax cuts will be paid for by reducing the role of government in areas best handled by private-public partnerships. Shawn wants to achieve cost savings in education by leveraging technology throughout. This includes everything from computers in the classroom up to entire virtual schools.

REDISTRICTING: Shawn Quinn wants to give all citizens a voice at the state and federal level. Lines shouldn't be drawn just so that the party in power can stay in power. Take the power to draw boundaries away from partisans and politicians. Draw the lines algorithmically using fixed rules. This takes human bias away from drawing boundary lines

as much as possible.

ENVIRONMENT: The health of the Chesapeake Bay is the number one environmental problem facing Maryland. It is our most important resource. The entire ecology of the state flows into and from the Chesapeake Bay. Shawn plans to go after polluters directly. Individuals and businesses polluting the Chesapeake Bay or damaging the environment in any way will be held financially responsible.

DISCRIMINATION: Discrimination in any form is bad for all of us. When a person is not allowed to live to their full we all miss out of all of their possible achievements. There are already laws on the books to address discrimination. If somebody has an idea to improve an existing law or policy then Shawn will weigh the merits of each proposal individually. Every change will be looked at for its benefit to people.

HEALTH CARE: The biggest health crisis facing Maryland and the nation is the opioid epidemic. People need help. People are scared to get help. They have seen what the government does to nonviolent drug offenders. We need to completely end the War on Drugs in Maryland. We will turn the government into a partner instead of an enforcer. We will stop ruining lives by people to prison over a chemical or a plant.

OTHER PRIORITIES: Politics in Annapolis needs a cultural change. When Shawn Quinn is Governor, there will be no special favors. When Shawn Quinn is Governor, he will make our legislature answer to the people every year. Not just every four years. Shawn Quinn will break the two-party agenda here in Maryland. Shawn cares what people think. People are more important than philosophy or politics or policy.

Ian Schlakman / Annie Chambers

Green Party

Campaign Website: <http://schlakman.com>

Campaign Facebook: <http://www.facebook.com/IanSchlakman>

Campaign Twitter: twitter.com/ischlakman

Campaign Instagram: [instagram.com/ischlakman](https://www.instagram.com/ischlakman)

Campaign Email: ian@schlakman.com

Campaign Phone: (410) 996-4848

QUALIFICATIONS: I believe that people are no longer willing to limit their choices, They want new leadership. I am a small business owner and a community organizer. My running mate and I are people who see the need for new systems and a new vision for our economy. I envision programs that will make Maryland a national leader and I will represent Marylanders who want to live in a state that wants justice for all.

BUDGET: We'll create programs for the well-being of all Marylanders and create universal, single-payer health care for all Marylanders. We'll raise taxes on millionaires and use the new tax revenue and invest in the well-being of all Marylanders. Public school funding should be allocated according to the needs of disadvantaged students, We'll prioritize public transit over the construction of new roads.

REDISTRICTING: We support creating a non-partisan commission to draw congressional & legislative district lines. Gov. O'Malley's defense of drawing Democrat-friendly districts in 2010 is a stain on Maryland's commitment to fair elections. As a technology consultant I know how to utilize resources to solve problems. We need an open dialogue on using technology & data analysis to create fair legislative districts.

ENVIRONMENT: Our largest environmental challenge is re-prioritizing the health of our environment. The health of our communities are top priority, & we'll put an end to harmful activities by setting & enforcing limits on pollution & environmental use. We must set a goal of fueling our needs through 100% renewable sources, & then put Marylanders to work building the infrastructure we need to get the job done.

DISCRIMINATION: Our priorities of creating a universal, single-payer health system, free tuition to public colleges and universities, a basic income, and jobs guarantee are all designed to address discrimination by giving Marylanders the tools they need to be successful regardless of the privileges or lack of privilege they possess based on their race, gender, religion, disability, or wealth.

HEALTH CARE: The most significant health challenge facing Maryland is ending our existing model of employer-based, private insurance & transitioning to a model in which health care is recognized as a human right. We will create a universal, single-payer health care system by funding adequate medical care for every resident of Maryland. We'll also fight to make sure our state produces clean & healthy energy.

OTHER PRIORITIES: From urban to rural areas we're hearing that residents are concerned that in a wealthy state like ours basic services like schools and fire departments are facing cuts. This is why we're calling for a millionaires tax to close our communities budget gaps. We will continue to post our priorities to www.schlakman.com/issues as Marylanders continue to ask us to respond to their top priorities.

Comptroller

DUTIES: The Comptroller is the financial officer of Maryland, responsible for collecting, managing and planning for revenue to support the state budget. The Comptroller collects and administers Maryland taxes on income (both personal and corporate), retail sales, motor vehicle fuel tax, tobacco, beer, wine and liquor, and estate tax. The Comptroller serves on the Board of Public Works along with the Governor and the state Treasurer, who is appointed by the General Assembly.

SALARY: \$149,500 per year.

TERM: Four years, no term limit.

HOW ELECTED: Elected statewide.

WEBSITE: see [Maryland Manual](#)

The Issues

QUALIFICATIONS: How does your experience prepare you for the duties of this office?

REVENUE SYSTEM: What policies will you implement to improve the efficiency and fairness of the collection of Maryland taxes?

BOARD OF PUBLIC WORKS: As a member of the Board of Public Works, what criteria would you use for evaluating contracts and capital projects that are subject to approval by that Board?

OTHER PRIORITIES: Please describe any other priorities you have for this office.

Anjali Reed Phukan

Republican Party

Campaign Website: <http://mscomptroller.com>

Campaign Facebook: <http://facebook.com/mscomptroller>

Campaign Twitter: twitter.com/mscomptroller

Campaign Instagram: MsComptroller

Campaign Email: Mscomptroller@gmail.com

QUALIFICATIONS: I believe the top tax collector, auditor & maintainer of the public general ledger should be proficient in accounting. I am a certified public accountant, legally licensed to practice public accounting in Maryland. I also have an MBA in finance & another masters degree in information systems. I have private, federal & state work experiences in financial management systems, tax, accounting & audit.

REVENUE SYSTEM: I will update information systems statewide for usability and security, and promote tax credits and other incentives such as energy star, solar panels, etc. I also will reduce interest and penalties for people who are being proactive & voluntarily reporting additional income the state would normally not have time to audit; coming clean should never be penalized.

BOARD OF PUBLIC WORKS: I want spending to be more spread across Maryland, for all to enjoy the amazing nooks and crannies of our beautiful state. Safety is my number one priority in public works - safe roads for motorists, law enforcement, cyclists, pedestrians, businesses and our delicate environment. The prior history of contractors completing projects in time, safely, and within budget should also be reviewed.

OTHER PRIORITIES: I think it is unfair to tax retirement income. If we remove it all together we would increase our property and sales tax base, hence bring up our net revenues. I will also increase transparency across the comptroller office, not just in the general ledger, but also in how the state audits and comes to final resolution with tax payers. I will lovingly enforce the law equally for all.

Campaign Phone: (443) 254-6000

QUALIFICATIONS: As Maryland's independent fiscal watchdog, I'm proud of my record of achievement and results that I've delivered for Maryland taxpayers since I became Comptroller in 2007. Thanks to initiatives that we have implemented, and the hard work of the dedicated public servants in our agency, ours is regarded as the most efficient and effective Comptroller's Office in the nation.

REVENUE SYSTEM: Our main focus continues to be processing tax returns accurately and efficiently. We have improved our agency's responsiveness to taxpayers and reduce call wait times. In my agency, tax fairness is a top priority. We continue to embrace innovative ways to make sure that everyone is paying their fair share. Moving forward, I will continue to build upon the tremendous progress we have made.

BOARD OF PUBLIC WORKS: As a BPW member, I am proud to be a strong fiscal watchdog for Maryland's working families. I have advocated against single-bid contracts, fought for the inclusion of more Minority and Women-owned contracts in the procurement system, and have worked in a bipartisan fashion to instate reforms to our state's previously broken procurement process.

OTHER PRIORITIES: If elected to another term as Comptroller, I will continue to provide the independent leadership that Marylanders expect and deserve this office. I will fight for policies and priorities that grow our economy, safeguard our fiscal future, and protect the financial well-being of working families and small businesses.

Attorney General

DUTIES: The Attorney General is the chief legal office of Maryland, providing legal advice to the Governor, the legislature, and all State departments, boards and most commissions. The Attorney General represents the state in all cases that relate to the Governor, the General Assembly, and most state agencies. The office also has responsibilities for consumer protection, civil rights, medical and investment fraud, and the juvenile justice system.

SALARY: \$149,500 per year.

TERM: Four years, no term limit.

HOW ELECTED: Elected statewide.

Campaign Instagram: [wolf4ag](https://www.instagram.com/wolf4ag)

Campaign Email: craig@wolf4ag.com

Campaign Phone: (202) 415-6732

QUALIFICATIONS: I am a former state and federal prosecutor, counsel to the Senate Judiciary Committee, business leader and decorated Soldier/Veteran. I have also been a volunteer EMT/Rescue Diver. I have a lifetime of public service and management. I believe the AG should focus on public safety, not politics and partisanship and should focus on issues of importance to all Marylanders regardless of party.

ADMINISTRATION OF JUSTICE: The Attorney General should be focused on balancing the need to enforce the laws and ensure public safety while ensuring due process for all Marylanders. The AG should lead by example by being ethical, avoiding conflicts of interest and making sure that all voices are heard before weighing in on a particular case, while at the same time vigorously enforcing the laws of the state.

LITIGATION: With respect to federal regulations, the Attorney General should weigh in only when there is a compelling state interest, a sound legal basis and a determination that the case can be won on the merits. Those decisions should not be based on political considerations. With respect to corporate misconduct, the AG ensure respect for the law and hold corporations fully accountable for misconduct.

DISCRIMINATION: There is no room in this state for discrimination based upon race,

gender, religion, disability or poverty/class. The Attorney General should be vigilant to ensure that our laws are respected and people are treated equally.

OTHER PRIORITIES: As a prosecutor/counsel to the Senate Jud. Comm., I focused on domestic violence/sexual exploitation/trafficking. The AG should make protection of the most vulnerable a priority. The opioid crisis in Maryland needs leadership from the AG to bring together the law enforcement, public health and recovery communities to find appropriate solutions. Consumer protection must be a priority as well.

Campaign Website: <http://www.brianfrosh.com>

Campaign Facebook: <http://www.facebook.com/BrianFrosh>

Campaign Email: brian@brianfrosh.com

Campaign Phone: (240) 479-9788

QUALIFICATIONS: I have served as Maryland's Attorney General for the past three years. Prior to being elected Attorney General, I was Chair of the Senate Judicial Proceedings Committee, where I sponsored many laws that now protect Marylanders and our state including the law prohibiting oil drilling in the Chesapeake Bay, the Maryland Recycling Act and the Maryland Firearm Safety Act.

ADMINISTRATION OF JUSTICE: Among the many steps that my office has taken to improve the efficiency and fairness of the legal processes in Maryland is our fight for and achievement of reforming the cash bail system, which jailed people in our state simply because they were poor. I will continue to work with the legislature to find and invest in strategies that increase public safety and recidivism.

LITIGATION: The Attorney General should join lawsuits relating to federal regulations or corporate misconduct when there is evidence that the people or state of Maryland have been or will be adversely effected.

DISCRIMINATION: In 2015, my office was the first in the country to issue guidelines to all law enforcement agencies prohibiting profiling based upon race, religion, ethnicity, gender, sexual preference, etc. We published a study of discrimination against LGBT citizens that was cited by the Supreme Court in its historic Obergefell decision. We have penalized and shut down industries that prey on the poor.

OTHER PRIORITIES: Over the past three years my office has achieved hundreds of millions of dollars of settlements and judgments from Wall Street Banks, Predatory Lenders, Automakers, Tobacco Companies, and Polluters who sought to injure or defraud Marylanders. My office is working with the multi-state investigation of opioid manufacturers. If re-elected, I pledge to remain the People's lawyer & continue our efforts.

Tony Campbell

Republican Party

Campaign Website: <http://www.campbell4maryland.com>

Campaign Facebook: <http://facebook.com/campbell4maryland.com>

Campaign Twitter: twitter.com/campbell4md

Campaign Email: info@campbell4maryland.com

QUALIFICATIONS: I have 30 years of government and non-profit experience. I served on a Congressional staff and as a presidential appointee at Social Security Administration. As a former Army officer, I understand national security issues as well as the need for sound foreign policy based on our national interest. I have real world experience and academic knowledge which is necessary to serve in the US Senate.

HEALTH CARE: I advocate for an end to ObamaCare. The national government should not be in the business of mandating health care coverage. A possible change I would be in favor of is looking at providing block grants to states from the national government to try to solve the opioid epidemic. Another change in health policy would be to allow Veterans to go to any hospital to get the care they need.

DISCRIMINATION: The Constitution of the United States guarantees liberties for citizens so they are equal under the law through the Equal Protection Clause of the 14th Amendment. Education Reform is one of the most pressing issues which can help to eliminate discrimination in our country. I support School Choice initiatives for all parents to send their children to the schools of their choice.

ECONOMIC POLICY: I am against raising taxes. I support a balanced budget amendment. I am in favor of bi-lateral Fair Trade policies. Keeping America Secure is a key focus of my campaign for US Senate. Our cyber infrastructure is severely compromised with American companies being hacked by foreign countries. Our energy grid infrastructure is also at risk and should be priority of the national government.

IMMIGRATION: National Sovereignty is connected to the ability of a country to protect its borders. I support enhancing our border security through a variety of means including

building a border wall and increased border agents. I am against current policies of the diversity lottery and chain migration. I am against a pathway to citizenship for undocumented people. I would support permanent residency status.

ENVIRONMENT: In Maryland, a pressing environmental challenge is the dredging of our waterways. Maryland is unique in the amount of waterways we have and the need we have for a partnership with the US Army Corps of Engineers. As your next United States Senator, I will work to fully fund dredging projects to make sure our beautiful Chesapeake Bay is environmentally healthy.

OTHER PRIORITIES: Advocating Success, not subsistence. The American Dream has been not possible for a lot of Marylanders. As your next United States Senator, I want to promote a vision of economic success. I believe limited government intervention is important so people can build a legacy of wealth creation to pass onto their children and grandchildren.

Ben Cardin

Democratic Party

Campaign Facebook: <http://facebook.com/bencardin>

Campaign Twitter: twitter.com/BenCardinforMD

Campaign Email: info@bencardin.com

Campaign Phone: (443) 865-7290

QUALIFICATIONS: In the Senate, I fight every day for the issues of concern to my fellow Marylanders, promoting policies, legislation and programs that help our local and regional economy, encouraging public safety and supporting public health. My success navigating the Small Business, Environment & Public Works, Finance and Foreign Relations committees allow me to effectively continue my advocacy for Marylanders.

HEALTH CARE: Health care is a human right. We should have seamless quality health care from pre-natal to death that is affordable without sacrificing quality and basic protections. Congress must restore the payments to insurers that have helped keep premiums in reach for millions. I have long supported a public option in the health exchanges that would increase competition, put patients first and lower costs.

DISCRIMINATION: Bills I have authored or cosponsored include: the End Racial and Religious Profiling Act, a resolution to remove the deadline for the Equal Rights Amendment, the Democracy Restoration Act, The Equality Act of 2017 and the Paycheck Fairness Act. I continue to support legislation to protect our LGBT students and adults. I support an increase in the federal minimum wage.

ECONOMIC POLICY: We should modify our tax code to truly target middle-income and working families, help small businesses & make smart investments in infrastructure & green technologies. Investments should address income inequality & raising wages. We need trade agreements that level the field for our workers, including robust & enforceable labor rights, environmental provisions & anti-corruption provisions.

IMMIGRATION: I support bipartisan, comprehensive immigration reform, but Congress must first pass legislation to permanently protect Dreamers. We need a legal pathway to residency for TPS recipients. We don't need a wall but we can strengthen technology and other border security. We must stop President Trump's proposal to slash legal immigration, break up families and mostly close America's doors to refugees.

ENVIRONMENT: The president's unwillingness to confront climate change. I will fight for federal resources that compel this administration to invest, especially in clean air, clean water, renewable energy and public transit. We've seen success with funding for the Chesapeake Bay. If the Trump administration will not take steps necessary to protect our environment, we must encourage states to continue their work

OTHER PRIORITIES: Opioid addiction and abuse is a public health crisis. We must fight it head on with every available resource at all levels of government. Our drug laws must be smart, fair and rational, and treat addiction as a disease that requires treatment. We should improve access to evidence-based treatment centers, promote prevention education methods, and provide support for those in or seeking recovery.

Campaign Facebook: <http://facebook.com/vohraeducation>

Campaign Twitter: twitter.com/votevohra

Campaign Email: votevohra@gmail.com

Campaign Phone: (301) 320-3634

QUALIFICATIONS: As an educator and entrepreneur, I have seen the damage government has done. I advocate repealing regulations, ending government involvement in education, abolishing public schools, abolishing all government welfare, and ending the income tax. As Vice Chair of the Libertarian Party, I support ending the welfare-warfare state, ceasing involvement in foreign civil wars, and downsizing the military.

HEALTH CARE: I will sponsor legislation to abolish Obamacare, Medicare, Medicaid, the FDA, and cut taxes accordingly. Consider this: laser eye surgery, which is not covered by government insurance, has dropped from several thousand dollars to a few hundred per eye. EpiPen, which is covered, has increased in price from a hundred to several hundred dollars. Free markets make medicine actually affordable

DISCRIMINATION: I will sponsor legislation to immediately end Affirmative Action and all other government racial quotas and preferences. I will also work to eliminate all "anti-discrimination" laws, which accomplish nothing besides creating resentment. Any business has the right to refuse service to anyone, or fire any employee, for any reason. I will defund related government programs and cut taxes accordingly.

ECONOMIC POLICY: I will work to end the income tax by cutting federal spending, eliminating federal departments, firing federal employees, dismantling the welfare state, shutting down foreign military bases, and bringing the troops home. We'll have more money to spend on businesses that work, creating more free market, legitimate jobs, while also attracting job creating businesses to America.

IMMIGRATION: I will sponsor legislation to open borders and end all welfare, including food stamps, public schools, social security, medicaid, and college financial aid. I also support ending the income tax, in order to attract entrepreneurs and job creators. Anyone who wants to come to America to work and create jobs should be welcome. No one who comes to America should get a cent of welfare.

ENVIRONMENT: The federal government is the biggest polluter in America. Much of that comes from massive military production of unneeded equipment. If elected, I will sponsor legislation to end production of needless military equipment, and to cease all environmentally destructive military overreach. I will work to end all involvement in foreign civil wars, bring the troops home, and cut taxes accordingly.

OTHER PRIORITIES: I will sponsor legislation to end all welfare, to encourage personal responsibility. I will sponsor legislation to end the drug war, to eliminate prohibition-created violence. I will sponsor legislation to cut federal spending, fire federal workers, dismantle federal agencies, in order to increase freedom and end the income tax.

QUALIFICATIONS: I've run several professional services companies in my career, where I was surrounded by many smart people with different ideas. My job in managing those companies was to listen, bring people together, and find common ground. I have also been very involved in my community as a volunteer, board member, and board chair. I've chaired the Montgomery County and Greater Washington Community Foundations.

HEALTH CARE: It is time for the two parties to stop fighting over how to pay for an inefficient, costly health care system and instead find ways to reduce the crippling cost of healthcare for businesses and families. We need to enact reform that will incentivize wellness instead of incentivizing more procedures, to lower the overall cost of care.

DISCRIMINATION: I believe that America should be a place where everyone is treated equally, regardless of their race, religion, sexual orientation, or socioeconomic status. I support equal pay for equal work, and other measures designed to accomplish this goal. I believe deeply that America should be a place where everyone can work hard and get ahead.

ECONOMIC POLICY: One of my primary objectives as your Senator is to create high-paying jobs in Maryland. I will work with our Governor & other leaders to attract large businesses and incentivize investment in small businesses, especially in lower income parts of our state. As far as infrastructure, I find it inexcusable that the two major parties have failed to work together to invest in our future.

IMMIGRATION: Immigration is an area where, despite 15 years of debate, the parties have been unable to agree on immigration reform. We need comprehensive reform that will strengthen our borders, increase temporary work visas, expand the e-verification program, keep immigrant families together, and create paths for the law-abiding immigrants who have been here for a long time.

ENVIRONMENT: It is clear that the greatest environmental threat to our civilization is climate change, which is real and needs to be addressed in partnership with other countries. In Maryland, we need to protect the Chesapeake Bay from sediment flowing over the Conowingo Dam, I will work with our Governor, as well as Senators from NY and PA to ensure we have the federal resources we need to keep the Bay clean.

OTHER PRIORITIES: The extremes of the two parties have co-opted our government, and altered the rules in their favor. We need political reform, and it's clear that neither party is going to fix the brokenness in our government. I support 5 policies that will change the way Washington works: ending partisan gerrymandering, opening primaries, campaign finance reform, term limits, and modernizing the senate rules.

QUALIFICATIONS: The most important experience anyone can have when representing the People is living the way the majority of the People live. I am a working-class man for the working class. This is an asset lacking in or lost to most elected officials.

HEALTH CARE: One word: UNIVERSAL. Healthcare is a right, and certain groups take advantage of the People's health for their own gain. While current proposals are far from the right solution, we need to move in that direction. Have you (or anyone you know) had a point in life when medical bills/costs were an impediment? There's no need for that to be.

DISCRIMINATION: Everyone is equal/equitable. Women & men deserve equal pay. No one should be singled out by law enforcement because of skin color. 1A allows for freedom of religion, so anyone can worship (or abstain therefrom) as they wish. Income inequality is too huge an issue in our wealthy nation: we need to stop giving breaks to those who don't need them - that is why they are called "breaks!"

ECONOMIC POLICY: America First, but that does not mean alienating allies. Workers first, but we need to help small biz too. Taxes: what if we stop paying elected officials far more than we ourselves make? MD's per capita income is about \$80k - Congressional salaries are >2x that for working as little as 1/3 of a year! As for infrastructure, we need to spend more there than on the war machine. Give jobs to vets!

IMMIGRATION: 1. Legal immigration needs to be prioritized to asylum seekers: We have an ancestry of immigrants based on need, not based on whom we like or dislike. 2. For every issue (not just immigration), I will put children first. So, when it comes to families not entering legally, we need to look at the needs of migrant children.

ENVIRONMENT: Climate change is an issue. Going green is an eventual ideal, but we cannot do it overnight... miners still have jobs; most people can only afford gas-powered cars. The aforementioned economic issues need fixing first.

OTHER PRIORITIES: With children first, education matters greatly, and dealing with income equality/healthcare can assist with that. Eliminating college debt would help immensely and allow for a more diverse/stress-free assortment in the workforce. I also strongly support the rights of veterans. The gov't can't do enough to repay those who have sacrificed much for us. Finally, I support animal welfare. #MustLoveDogs

QUALIFICATIONS: Having raised my family in the 1st District, I understand the difficulties that face families in today's economy and culture. As a practicing physician, I have first-hand experience with the problems people have dealing with insurers, the high cost of health care and the difficulty finding providers, especially for our seniors. As a veteran, I know how hard it is to find the benefits they earned

HEALTH CARE: We have to bring down the cost of health care and health care insurance, which was a failure of the Affordable Care Act. We can do this by opening up price transparency in the health care system, by bringing down the cost of drugs, and most importantly, by re-establishing high risk health insurance pools in which the cost of high premiums are brought down by sharing the cost among everyone.

DISCRIMINATION: Discrimination in any form should not be tolerated in a free society like America - which was established on the principle that all people are created equal - and should therefore be treated that way. One policy that I support is the conscience protection laws that are unfortunately necessary at the state and federal level for freedom of religion protection.

ECONOMIC POLICY: The tax reform passed last year was essential in re-establishing America's pre-eminence in the global economy. Lowering our business tax rates to be competitive world-wide will result in millions of jobs returning to the United States. I support the proposals to increase investment in our infrastructure which has fallen so far behind - including public-private partnerships and rural broadband.

IMMIGRATION: We have to enforce our current immigration laws while offering continuing temporary legal status to DACA recipients. We should end the diversity visa lottery and shift to a merit-based system like Canada. Finally, we have to recognize that many industries in the 1st District, like seafood processing and tourism, depend on temporary foreign labor - so we have to enhance the H2B visa system.

ENVIRONMENT: The Chesapeake Bay is a national treasure and an economic boon to Maryland and the First District. That's why I have supported full and continued funding of the Chesapeake Bay Program in the federal budget. We have to work with our upstream states to make sure that progress continues, and we have to come up with innovative affordable solutions to the problems of the Conowingo Dam sediment.

OTHER PRIORITIES: American defense strength has to be restored. It has languished under the last administration, and that has led us to a more dangerous world situation in areas like Eastern Europe, the South China Sea, and the Korean peninsula. American pre-eminence in the world has to be re-established, as we are the leading force for freedom and liberty throughout the world - much of which looks to us to lead.

QUALIFICATIONS: I've spent my adult life running towards difficult problems. 9/11 led me to study Arabic, teach English in Syria, and join the Army. I served as an intelligence officer and U.S. Army Ranger through four combat deployments to Afghanistan. Afterwards, I worked to identify insider fraud at an investment bank. Our country and our district need leadership, vision, and action - right now.

HEALTH CARE: Healthcare is a right. I want to allow any individual or business to purchase Medicare coverage; convert Medicaid into a branch of Medicare, so each enrollee receives equal benefits and states can go back to education and transportation; convert CHIP into MediKids, so every baby receives comprehensive healthcare until she is an adult; and permit Medicare to negotiate prescription drug prices.

DISCRIMINATION: Discrimination of any sort is abhorrent and contrary to our ideals. As an Army Ranger, I fought to protect and defend our Constitution, which ensures equal protection under the law for each American. I support prohibiting all forms of discrimination as I believe this will make our nation stronger and more just. Similarly, I firmly support guaranteeing women's right to equal pay for equal work.

ECONOMIC POLICY: The next generation of software developers, solar panel technicians, or cybersecurity experts can learn, work, and grow businesses in MD1. Let's invest in tomorrow. Let's invest in solar jobs, MD1's burgeoning ecotourism economy, and technologies and sustainable practices that protect the Bay and allow farmers to increase harvests and more effectively access markets near and far.

IMMIGRATION: We need a comprehensive immigration bill that honors our "nation of immigrants" history and protects Dreamers, offer a pathway to citizenship to aspiring Americans, and secures our border. Most people agree with these goals: the only thing stopping us is partisan politics. I will work with any other representatives to find common ground.

ENVIRONMENT: Sea-level rise is the one of the most pressing challenges facing MD1. To prevent disaster, we must convert our economy into a renewable one: it's cheaper, safer, and one of the fastest growing industries in country and state. Solar will soon enough be the cheapest source of energy on the planet. We should help fund installations because they provides clean energy and well-paying jobs.

OTHER PRIORITIES: Our district's drug-related deaths trend nearly 50% higher than the national average. We must join together—regardless of our differences—to face this challenge. We need a comprehensive plan that includes prevention, treatment, and recovery. To succeed, it must also have buy-in from federal, state, and local governments as well as healthcare professionals, insurers, and communities themselves.

1600+ workers in NYC. I worked with the Catholic Charities Department for Persons with Disabilities as an advocate for the disabled community. And, now I serve as an advocate for abused and neglected children in foster care.

HEALTH CARE: Repeal the ACA and other Federal interventions while, fostering a stronger health care market encompassing already established innovations (Prepaid Group Plans, Affordable Primary Care, Reverse Deductibles, and Secure Health Insurance). Eliminate federal interference that hinders market innovations. Market innovations promote lowered costs and better access to secure health care.

DISCRIMINATION: Government should neither deny nor abridge any individual's human right based upon sex, wealth, ethnicity, creed, age, national origin, personal habits, political preference or sexual orientation. This includes supporting legislation such as, the Protecting Girls' Access to Education Act, the Elder Abuse Prevention and Prosecution Act, and the Accelerating Individuals into the Workforce Act.

ECONOMIC POLICY: Cut federal spending from 21% of the GDP to less than 18% then, balance the budget to pay down the debt. Reform federal laws that impede the privatization of state and local infrastructure. Foster universal savings accounts for families to build wealth without double taxation. And, eradicate tariffs on imports that reduce production costs and promote domestic industry investments.

IMMIGRATION: Allow states to regulate and operate their own migrant worker programs. Reform the H-1B visa program for highly skilled migrant workers by eliminating the cap. Restrict noncitizen access to means-tested welfare. And, expand legal immigration opportunities by implementing easier and more affordable pathways to citizenship (current programs can take up to 10 years for citizenship acquirement).

ENVIRONMENT: Limit the quantity of emissions and funnel the proceeds from sales to those who are exposed to the pollutants. Eliminate the federal regulatory intervention of renewable energy access. Protect State's rights to regulate off-shore drilling and 'fracking'. And, foster stronger protection for national waterways and air quality.

OTHER PRIORITIES: Combat the opioid crisis by implementing the financial accountability of pharmaceutical companies. Eliminate proposals to utilize taxpayer dollars to address opioid addiction consequences. Offer greater and easier access to alternative pain management options including, medicinal marijuana. Require greater cessation educational programs and options for patients prescribed opioid based medications.

QUALIFICATIONS: I have spent my entire professional life in Public Service. Most of that time has been spent working constituent issues on Capitol Hill, in the Bush Administration and for Governor Robert Ehrlich, and in the MD Legislature. I also grew up in District 38 and worked in my families business. As state Senator I can be a stronger partner to Gov. Hogan and a stronger voice for all of District 38.

REDISTRICTING: I support Governor Hogan's plan to establish an independent bipartisan commission to address the issue of redistricting. We must empower the citizens to pick their legislators and not legislators to pick their voters.

ENVIRONMENT: We must protect our natural resources and our unique shore way of life. I have constituents who derive their income from the bays, the ocean and the fields and farms. Keeping our local waterways clean is my top environmental priority. I advocated for \$52.9 Million in the FY-19 Budget for the Chesapeake and Atlantic Coastal Bays Trust Fund. I cosponsored legislation to oppose offshore drilling.

DISCRIMINATION: I have always worked towards equality for all. I have also made many efforts to protect those who may have experienced harassment whether due to their sex, sexual orientation, color or creed. As a member of the Women's Caucus, I worked on strengthening discrimination and harassment policies impacting the Maryland General Assembly, its employees and lobbyists.

EDUCATION: I supported the Governor's historical support of education with an unprecedented \$6.5 billion commitment. I also intend to continue to focus on Pre-kindergarten expansion, teacher recruitment (and retention), and Career and Technology Education. I also support capping tuition rates at 2%, increased funding for community

colleges, the Nonpublic Student Textbook Program and the Kirwan Commission.

HEALTH CARE: As a member of the Health Appropriations Subcommittee I worked to protect Marylanders from a 50% increase in their insurance rates with the passage of reinsurance legislation (HB 1795). I cosponsored legislation which passed (HB 1349) that would increase the reimbursement rates for community pharmacists who have fought to survive as drug prices skyrocket while their reimbursement have plummeted.

TRANSPORTATION: My District is primarily rural. I will continue to work to fully reinstate the Highway User funds to Rural Maryland. These funds were depleted and raided through the years and we must restore them to their original formulas so all Marylanders will receive their fair share. I do not support using previously committed transportation funds to bridge the gap when deficits occur.

QUALIFICATIONS: This legislative session, I sponsored and passed close to 20 bills. They ranged from protecting our coast, expanding access to higher ed, protecting our seniors, and improving public safety. I worked on such a variety of issues because as a father, grandfather, and public servant, I know the difficulties Marylanders face everyday. "Always working for you" is not just my campaign slogan for me.

REDISTRICTING: I am dedicated to fair and equal representation for our citizens through the redistricting process which renders representation reflective of their needs. I want to make sure the all regions of our state are fully and fairly represented in our redistricting process.

ENVIRONMENT: We must protect and preserve the rich natural beauty and resources of our state. I am proud of the many environmental positions and votes I have taken; from clean cars, renewable energy goals, offshore wind energy, and preserving farmland and open space. This year I sponsored legislation to hold oil companies strictly liable for any damages they may cause in the event of an oil spill.

DISCRIMINATION: This year, I sponsored and co-sponsored several bills to make community college more affordable, and to provide equipment to schools needed for job certifications. Additionally, the Banning the Box for Higher Education, SB 543, will help give want to turn over a new leaf and get an education regardless of past conviction, which is often higher among those who grew up below the poverty line.

EDUCATION: SB 1243 sets \$400 million per year in school construction funding as a new baseline for state budgeting, and, in this important time to ensure the violence prevention in our schools, also sets out another \$10 million school security. It creates a new process for the development of public-private partnerships for schools construction, largely developed based on local jurisdictions' priorities.

HEALTH CARE: I've worked with the Governor and other stakeholders to stabilize Maryland's healthcare market and stop rising rates this year. In prior session, I passed legislation to expand access to telemedicine, and continue to support medicare expansion. I also co-sponsored the Rural Health Collaborative Pilot program. It's important to expand access to healthcare, but I am committed to not raising taxes.

TRANSPORTATION: I strongly support roads and transportation infrastructure in rural areas, as well as urban and suburban areas of our state. I've always advocated for the increased use of mass transit, and seeking efficient usage of all modes of transportation.

Through our Senate Bill 516, the Highway User Revenue Funds to local governments will be reinstated for the first time since the Great Recession.

QUALIFICATIONS: I am a small business owner and Councilman for the Town of Ocean City. I have been married to my wife Sharon for 25 years and have two children. I have a track record of strong constituent service, a common sense approach to problem solving, and a history of reducing taxes and fees. Being the primary caregiver of my parents helps me understand many senior issues including health care.

REDISTRICTING: Maryland is known for some of the most gerrymandered districts in the country. Governor Hogan has offered non-partisan reform to redistricting. I agree with Governor Hogan's position on this.

ENVIRONMENT: Representing District38c is unique in that it has the bay behind Ocean City as well as the Chesapeake Bay watershed. This area is environmentally sensitive and at the same time drives much of the states tourism. MD has adequate regulations. Right now the biggest threat I see is pollution from neighboring states. Partnering with our neighbors and creating a level playing field for MD is key.

DISCRIMINATION: Every citizen deserves the same opportunity and treatment. We must ensure that the quality of education and career opportunities are the same for everyone regardless of where we live in Maryland. Career ready educational programs should be a priority in areas that historically fail residents. Increasing an individual's personal success and having a skilled workforce is the goal.

EDUCATION: Accountability in the school system is the biggest factor. Adequate funding is already in place. A state wide emphasis on teacher recruitment should be a priority. More money needs to be spent in the classroom for teachers and supplies and less management. Career and technology schools need to get back to basics with programs that would fill the voids in our workplace, ie plumbing and electrical.

HEALTH CARE: Free market solutions to healthcare. The Affordable Care act has not made care affordable, it has had the opposite effect. We need more choices for Marylanders and allow customized plans to meet our individual needs.

TRANSPORTATION: As a Councilman, I know first hand the negative impact to our local roads when the highway user funds were nearly eliminated. Making sure that the state restores these funds is a priority. Tolls and fuel tax at the current level is adequate as long as those funds are not used to balance other parts of the budget.

QUALIFICATIONS: The understanding that we have the technology today through our smart devices that allows the voters to be engaged with the political process. That voters should have a voice to regulate government activities. It is the voters tax dollars, Rights, and Liberties that are being abused. The Popular Vote has more authority than the entire General Assembly. Utilizing the Popular Vote is our future.

REDISTRICTING: To remove the political parties out of the process. That a separate commission be established possibly one that is separate from the State. That both parties want redistricting to favor themselves. This creates division and only the voters lose integrity. Voting integrity is paramount the evolution of our entire voting system is a must, The archaic methods used today are not secure.

ENVIRONMENT: The restoration of the Chesapeake Bay has not been sufficient. With minimal cost to the tax payers I have a sound plan that will allow corporations to pay the cost. With a caisson system of sludge removal from the Patapsco River dredging is not needed. The reward to corps. that finance the clean up they can develop the underwater mall that was proposed years ago. Toxins leach into our Bay.

DISCRIMINATION: In 2004 I gave over \$14,000,000 of humanitarian aid to my community. Understanding that the poor have no discrimination problems. That humanity simply needs to unite and find the love for their neighbors in their hearts. All religions have a common sharing of the essence of the same Spirit. There is a lot of money in religion? Gender is a private choice any law is discriminatory. Race/Americans ?

EDUCATION: I am Applying for Federal Non Profit status for recreational marijuana as a W-12. All proceeds will fund our First Responders, Schools, help eliminate property tax's for the elderly and poor first, then others, and support locally The Ed Tinus Worcester County Orphanage fund. The Orphanage will house a Food Bank for the needy. Simply put those who smoke cost us tax payers unwisely spent money.

HEALTH CARE: Dependency on the Federal government to solve the problem of Health insurance cost. Passing the buck does not insure Maryland citizens it groups them into a National pool that only the Providers profit from. The national uniform policies are generic Maryland now has a dependency problem with the Fed. Heroin dealers must face severe prosecution penalties. The users lives are at risk everyday.

TRANSPORTATION: The Eastern Shore is most in need of infrastructure. Our roadways have always been at the back of the funding list. In the event of an evacuation emergency we are grid locked with no where to go. The Eastern Shore needs a 707 Northern Bay bridge beltway system. Thus relieving the bottle necking of the Rt. 50 spans. Including a throughway to the Chesapeake Bridge Tunnel.

Worcester County Offices

Worcester County Commissioners

DUTIES: The seven-member Board of County Commissioners is the governing body of Worcester County, empowered under "code home rule" with broad legislative authority, which limits the General Assembly's local legislative powers.

SALARY:

TERM: 4 years.

HOW ELECTED: The County is divided into seven County Commissioner districts, and one of the County Commissioners must reside in each district. All seven Commissioners are

elected at large in the Gubernatorial Elections. The Board elects one of their members to serve as the President of the Board and one to serve as Vice President.

The Issues

QUALIFICATIONS: How does your experience prepare you for the duties of this office?

BUDGET: What programs within the county's budget should be increased or decreased?

DEVELOPMENT AND LAND USE: What changes, if any, are needed in the county's land use policies?

EDUCATION: What steps will you take to improve support for the public schools?

EMPLOYMENT/ JOBS: What steps should the county government take to encourage economic development and job growth?

AFFORDABLE HOUSING: What steps would you take to increase the availability of affordable housing for county residents?

INFRASTRUCTURE: How would you address issues such as traffic congestion, transportation needs, and improvements to public facilities in the county?

QUALIFICATIONS: I have held leadership roles in many of the organizations with which I am involved, including the Red Cross, Big Brothers Big Sisters, the YMCA, Pocomoke Chamber of Commerce, and Worcester County Economic Development. Working with this diverse group of organizations - as well as my position in public relations - has given me a broad perspective on the needs of the people of Worcester County.

BUDGET: We should increase spending on education - specifically, providing funds for a path to college or technical school for many of our students. We also need to spend more on our infrastructure, including high-speed internet access throughout the County. These investments are the basis for greater economic development, as well as broader economic opportunities for our citizens.

DEVELOPMENT AND LAND USE: Intelligent, practical use of our land and natural resources must be monitored and executed by good leadership. Much of our economy is based on tourism, as well as commercial use of the land and water, so protection of our environment is paramount. Worcester County will continue to grow - both in population and business development - and smart policies will be needed to ensure its sustainability.

EDUCATION: We have incredible schools here in Worcester County, and those responsible

should be celebrated. A teacher should never need to worry about receiving his/her scheduled pay raise, nor need to provide classroom materials. Adding basic life skills and civics courses will make for better citizens and smarter graduates, and technical education should be prioritized at the same level as a college track.

EMPLOYMENT/ JOBS: As stated above, greater investment in our young people and our infrastructure are the two most important ways we can use our resources to foster economic growth. We need more jobs, but our citizens also need career opportunities in developing fields. Technology, renewable energy, and aerospace are just a few of the industries we should be increasingly invested in attracting to Worcester County.

AFFORDABLE HOUSING: In most of our communities, lack of affordable housing is not the issue. The concern is that many affordable housing options have fallen below community standards due to neglect. Government and landlords must work together to improve existing properties, thereby increasing overall living standards. Where new developments are necessary, mixed-use, multi-functional communities should be prioritized.

INFRASTRUCTURE: Worcester County needs to fund infrastructure projects, both to improve services for its citizens and to attract more visitors to our area. Our area needs greater access to public water/sewer, and to address issues created by new development. We also need a more substantial, effective public transportation system, as well as funding for better access to County attractions via our local waterways.

Campaign Email: bchurch565@aol.com

Campaign Phone: (410) 726-5150

QUALIFICATIONS: I have had the privilege of serving the last 16 years as District 3 as Worcester County Commissioner with being the commission president for 5 of those years. I have been involved in all aspects of the County business during that time and I am well versed on the continuing and future issues of our citizens.

BUDGET: Public safety needs to be increased in order to continue to support school safety,

law enforcement and fire protection in our county. We have an ultra conservative budget which we review line by line every year. This has helped to keep past and current costs down.

DEVELOPMENT AND LAND USE: I have been a Realtor, in our county, for over 40 years. During that time I have always been aware of the need to balance growth with protecting open spaces in order to ensure our high quality of life. As a longtime businessman I know the economic importance of smart development. I love and value life on the Eastern Shore that includes our forests, wetland & waterways. Balance is the key.

EDUCATION: Direct quote from the WCTA & WCESPA endorsement of me: "Bud knows teachers need the resources, salaries and respect they deserve, and he has always pushed for increased funding. Bud is committed to student safety and spearheaded the initiative to put a deputy in every school. Bud also wants to increase support for vocational education so our local economy benefits from high quality employment."

EMPLOYMENT/ JOBS: Establish an economic development department within the county that understands the needs and wants of its citizens and business owners. We should continue to encourage environmentally sensitive development that provides above average salary levels.

AFFORDABLE HOUSING: I am always very aware of this issue as a Realtor. As development costs have risen I have paid close attention to any additional mandates that government or other organizations try to enact. We have to find developers that are willing to work in lower growth areas that have lower land costs. This will be the first step to help develop affordable communities for our citizens.

INFRASTRUCTURE: My district, District 3, has had the majority of growth over the years. I have (and continue to) work with all levels of government to address issues that arise as we grow. I am proud of the facilities we have in the county, such as the new Berlin Library. In addition I have worked closely with town officials on many issues as well as the WOCA as needed.

QUALIFICATIONS: Currently, I am a Councilman for the Town of Berlin. In this position, I have become known as a calm and steady voice through the sometimes intense discussions that take place in local government. I work diligently to ask the right questions and ensure that the concerns of my constituents are heard. In May of 2018, I will graduate with a Master of Business Administration from Salisbury University.

BUDGET: Throughout my time on the Town Council, I have worked to scrutinize expenditures and will bring this same fiduciary responsibility to Worcester County to help secure a balanced budget.

DEVELOPMENT AND LAND USE: Our economy in Worcester County is very cyclical, however, I believe by increasing light industrial zoning throughout the county we can bring more stable, year-round employment, to our area.

EDUCATION: Worcester County is one of the best school systems in the state. To maintain this, we need to continue investing in teachers, students, and facilities. School safety is also paramount. My focus will also be on increasing enrollment at Worcester Technical High

School and increasing the investment in programs throughout the county that will help our children compete in the 21st Century.

EMPLOYMENT/ JOBS: I believe the government should play a role in the facilitation of economic development and job growth. This can be accomplished by keeping our taxes competitive, investing in infrastructure, and providing zoning opportunities for business to thrive.

AFFORDABLE HOUSING: Affordable housing in Worcester County is essential to preserving our culture. We should work toward accomplishing this by incorporating mixed-income housing throughout the county. The mixed-income housing program offered by the U.S. Department of Housing and Urban Development can help ensure that our neighborhoods remain diverse and that the cultures of our communities remain intact.

INFRASTRUCTURE: Worcester County is experiencing growth and with that comes more traffic congestion. As a government, we need to increase accessibility by making our communities more interconnected. A more comprehensive bikeways program would allow citizens of various socioeconomic backgrounds to commute more effectively. Access to public facilities and open spaces for Worcester County residents are essential.

QUALIFICATIONS: I have been running a farming operation for 45 years. I have served 16 years as County Commissioner from this district. I have served as Chairman of Tri-County Council and of the Maryland Broadband Cooperative.

BUDGET: Having worked on 16 budgets, I increased education funding, Sheriff's Department funding, fire and ambulance funding, while maintaining a low tax rate and keeping the local income tax rate at \$1.25.

DEVELOPMENT AND LAND USE: I have done two County Comprehensive Plans and the Commissioner that will be elected in 2018 will be tasked with doing the next one.

EDUCATION: Having driven a school bus for 30 years, I have witnessed first hand the county public school system. Each child needs to be challenged and be confident that he or she is safe in school.

EMPLOYMENT/ JOBS: The County needs to have Broadband.

AFFORDABLE HOUSING: The county addresses affordable housing by adjusting the zoning code when the Comprehensive Plan is updated.

INFRASTRUCTURE: The dualization of Route 113 will hopefully be completed and the State can turn its attention to Route 589 and Route 90, including bridges.

QUALIFICATIONS: As a clinical laboratory scientist, manager, technical director of medical laboratories and lifelong volunteer for civic atavism in education, environment and infrastructure, I have the assessment and negotiation skills to find and implement 21st century solutions to challenges facing our county.

BUDGET: I will be accountable and fiscally responsible. I will seek to reform and update programs to eliminate waste and protect the general welfare. I will advocate for adequate funding in education, programs to combat the opioid crisis, services for seniors and disadvantaged, adequate infrastructure, protecting the environment, and economic development for jobs of the future.

DEVELOPMENT AND LAND USE: Worcester County is a beautiful coastal county and the county government is charged to be good stewards in the protection of this land both coastal and agricultural. The county government must be the catalyst for developing a resilience plan to protect our citizens as we adapt to sea-level rise and climate change.

EDUCATION: I support and advocate for the excellent, quality public education system that we have attained in Worcester County. I will vote for fully funding workable and fiscally responsible school budgets. I propose offering county high school graduates free 2 year community college or technical training. I will resist the commission's trend towards weakening benefits and salaries for teachers and staff.

EMPLOYMENT/ JOBS: I believe that county government should encourage the growth of 21st century, sustainable jobs in industries such as solar, wind, cyber security, agriculture, water farming/technology, medical and healthcare services, software development, IT, and engineering. In order to attract potential business, we must have a highly trained and ready workforce.

AFFORDABLE HOUSING: I recognize the need for affordable housing in Worcester County and to identify strategies for addressing the issue. Inclusionary policies, reducing barriers, evaluating resources, using public lands are all ideas to solve the complex issue of affordable housing. I would support efforts to evaluate and bring together stakeholders to address the county's options.

INFRASTRUCTURE: Sound infrastructure in roads, broadband services, transportation , water, sewer, schools, parks and other public facilities is critically important to make our communities strong. Locally it is time to widen route 589 for a safe exodus and work on a solution for public transportation for Ocean Pines.

Campaign Instagram: District 7

QUALIFICATIONS: I am a former Ocean City Councilman, Ocean City Council President and I am the current Worcester County Commissioner for District 7

BUDGET: All facets of the County budget should be continually monitored. Too often the hard work that goes into a budget is forgotten until the next budget cycle. I look at the Counties budget continually during the year to make sure our expenditures match up with what was in the budget.

DEVELOPMENT AND LAND USE: Worcester County has a terrific Planning and Zoning Department as well as Environmental Programs Department that will make recommendations for changes to our land use policy. The County Commissioners need to take those recommendations and the information supplied with them and use that to make the decisions that are best for our residents.

EDUCATION: I have and will continue to make Worcester County Schools a priority for the County Commissioners. Teaching our children and sending them out in the world with the knowledge they need to succeed is our greatest accomplishment. We need to continue to hire and retain the best staff from the Superintendent down. Our job as a County Commission is to give them the necessary funding to make this happen.

EMPLOYMENT/ JOBS: I do not believe it is the governments job to create jobs. We as Commissioners should create a healthy environment for business to flourish, and make Worcester County their home. Keeping taxes low and our roads in and out of the County up to date are just two of many ways we can lure new business in and retain the businesses that we have.

AFFORDABLE HOUSING: With an expanding economy comes jobs, and with those jobs come paychecks. Continuing to make Worcester County a place to do business allows its residents the opportunity to be employed and to afford better housing. When the units that are undesirable are empty the landlords will have to update them for rental purposes.

INFRASTRUCTURE: The dualization has been a priority for me since first elected. This needs to be accomplished along with improvements to RT589 to allow for better movement into and out of Ocean City. This is also one of our primary evacuation routes, so this also is a safety concern.

Worcester County Circuit Court Judge

DUTIES: Judges preside in the Circuit Court, which is a trial court that hears major civil cases and more serious criminal cases, such as those requiring a jury trial. Circuit Courts also may decide appeals from the District Court and certain administrative agencies.

SALARY: \$159,433.

TERM: Fifteen years, no term limit. Mandatory retirement age of 70 years.

HOW ELECTED: The state is divided into 8 Judicial Circuits. The General Assembly determines the number of judges in each circuit and county. When there is a vacancy, the Governor appoints a qualified person to fill the office. Each newly appointed Circuit Court judge then must stand for office at the first election that occurs at least one year after the vacancy happened. One or more other qualified members of the bar may also run to fill the vacancy. All candidates run on both the Democratic and Republican primary ballots.

The Issues

Qualifications: How does your experience prepare you for the duties of this office?

Discrimination: How can the courts address discrimination based on race, gender, religion, disability, or poverty?

Court Needs: What are the greatest needs of Maryland's court system and how can these be addressed?

Judge in Court of Special Appeals (At-Large)

DUTIES: Judges preside in the Court of Special Appeals, the intermediate appellate court in Maryland. The Court reviews the actions and decisions of the Circuit Court and of the Orphans' Court in cases brought before it. The Court, usually sitting in panels of three judges, decides if the trial judge followed the law and legal precedent. The Court is composed of 15 judges: eight at large and one each from seven appellate judicial districts.

SALARY: 168,633 annual base.

TERM: Ten years, no term limit. Mandatory retirement age of 70 years.

HOW ELECTED: When there is a vacancy on the Court of Special Appeals, the governor appoints a qualified person to fill the office, with the consent of the State Senate. Once appointed, the appellate judge holds the office until the first election that occurs at least one year after the vacancy happened. At that time, the judge runs for an uncontested election for a ten-year term on their record (yes or no for continuance in office). No one is permitted to file against them. If the incumbent judge is approved, the judge faces another "retention election" every ten years to continue in office. If the incumbent judge is rejected by the voters, the post becomes vacant, and the governor makes a new appointment.

The Issues

QUALIFICATIONS: How does your experience prepare you for the duties of this office?

QUALIFICATIONS: As the Chief Deputy Register of Wills for over 18 years I possess the legal knowledge and experience to meet the requirements and obligations of running the office on a day-to-day basis. But, most importantly I have the hands-on understanding, patience and compassion to assist members of the public with opening and administering a loved one's estate during an often emotional and over-whelming time

AREAS OF NEED: The Register is a Clerk to the Orphans' Court. I would be delighted to assist and advocate in whatever areas the Court deems necessary.

ASSISTANCE TO THE PUBLIC: While the Register of Wills does not set policy I would listen to the concerns of the community in which I serve and bring ideas of change before the Register of Wills Association where we could work together to implement ideas of change that would be beneficial to all citizens of Maryland and those out-of-state that need our services.

PRIORITIES: I would be to join with the other Maryland Registers and Orphans' Courts in getting legislation passed in order to allow Electronic filing of estates (e-filing). QUALIFICATIONS: I have diligently worked for 13 years as a Criminal Clerk. My job encompasses processing criminal cases such as indictments, appeals, and expungements. We are adjacent to the Register of Wills, and we routinely direct public inquiries to their office. I am an empathetic leader and possess the skill set, temperament, and dedication to excellence to advance the purview of the Register of Wills.

AREAS OF NEED: The State of Maryland should consider extending term limits to 6-8 years with staggered elections for judges for continuity of service. Implement creative solutions for archival space issues, digitize where feasible to increase efficiency and accessibility, promote public-service messaging about free attorneys, and keep abreast of opioid crisis and impact locally.

ASSISTANCE TO THE PUBLIC: Trust, tech and time comprise my three-pronged platform,

which integrates remote and user-friendly technologies such as ordering documents online to save the taxpayers time and money. A fillable PDF with document prompts and examples, similar to tax software, could assist the public in completing forms. Daily I interface with a court management system that processes cases electronically.

PRIORITIES: Community outreach to educate taxpayers and inter-agency collaboration can facilitate probate and estate-planning fluency, with a bilingual component for ESL speakers. Appointed Personal Representatives are not always local, so video conferencing could be cost-effective. Although I advocate digitization, I believe face-to-face contact is essential and comforting when dealing with loss.

QUALIFICATIONS: I have 23 years of law enforcement experience, 19 of which has been served in the Worcester County Sheriff's Office; the majority of that time has been in a supervisory role. I always have and I always will lead by example. The Sheriff's Office has provided me with knowledge, training and experience. I personally bring the perseverance, determination and dedication needed to protect all residents.

OUTREACH TO COMMUNITY: I fully believe that law enforcement works best when assisted and aided by the public it serves. As Sheriff I would implement a new and improved Community Policing Program. This program would include the creation of a Community Action Team, Business Action Committee, Crime Watch, Citizen's Academy and an Explorer Post. Any resident who wishes to serve their community will have a chance to do so.

DISCRIMINATION: Discrimination, in any form, will not be tolerated under my administration. I will ensure that all will receive the same high quality of police service and are treated equally and fairly; regardless of race, class, color, creed or condition. I will also

ensure that all hiring and promotional processes are conducted fairly and consistently for both sworn and non-sworn personnel within the office.

OTHER PRIORITIES: My campaign is based on five main platforms. 1. School Safety, 2. Opioid Addiction, 3. Fiscal Transparency, 4. Community Oriented Policing and 5. Second Amendment Rights. My top priority will be to ensure that each and every public school in the county will be staffed with a Deputy Sheriff during school hours. My ultimate goal is to have a full time Deputy and a marked car assigned to every school.

OPIOID ABUSE: I will address the current opioid problem by implementing a plan of ENFORCEMENT, EDUCATION and PREVENTION. We will aggressively identify, investigate and arrest the DEALERS that are bringing drugs into our county and selling them to our FAMILIES, FRIENDS AND CHILDREN. We will also continue to ensure that our CHILDREN receive education from an early age about the danger of drugs and drug addiction.

Ballot Questions

Question 1 - Education Funding

Constitutional Amendment (Ch. 357 of the 2018 Legislative Session) Requiring Commercial Gaming Revenues that are for Public Education to Supplement Spending for Education in Public Schools

Ballot Language: The amendment requires the Governor to include in the annual State Budget, as supplemental funding for prekindergarten through grade 12 in public schools, the revenues from video lottery operation licenses and any other commercial gaming dedicated to public education in an amount above the level of State funding for education in public schools provided by the Bridge to Excellence in Public Schools Act of 2002 (otherwise known as the Thornton legislation) in not less than the following amounts: \$125 million in fiscal year 2020; \$250 million in fiscal year 2021; \$375 million in fiscal year 2022; and 100% of commercial gaming revenues dedicated to public education in fiscal year 2023 and each fiscal year thereafter. The amendment also requires the Governor to show in the annual budget how the revenues from video lottery operation licenses and other commercial gaming are being used in a manner that is in addition to the level of State funding for public education provided by the funding formulas established by the Bridge to Excellence in Public Schools Act. The State Constitution currently authorizes video lottery operation licenses for the primary purpose of raising money for public education. (Amending Article XIX, Section 1(c)(1) and (g), and adding Section 1(f) to the Maryland Constitution)

Current Law: Maryland voters approved a constitutional amendment (Article XIX) in 2008 authorizing video lottery operations for the "primary purpose" of raising money for public education. The funds must be used to support programs in public schools, such as early childhood education, career and technical education, high school courses for college credits, training for public school teachers, improvement of school buildings, and capital projects at community colleges and state-supported colleges and universities.

Proposed Change: This amendment would require that beginning in 2020, the Governor must include specified amounts from gambling revenues in the state budget for public education. These amounts must be in addition to, and not a substitute for, any other state funding for public education. The amendment would also repeal the provision that allows gambling revenues to be used for capital projects at community colleges and state-supported colleges and universities.

Origin of the Ballot Question: The 2018 session of the Maryland General Assembly passed legislation (SB 1122) proposing an amendment to the Maryland constitution to add more specific requirements for how gambling revenue is used in the state budget to fund public education. A bill to amend the Maryland constitution does not take effect unless it is approved by the voters at the next general election.

Arguments FOR the amendment:

- It ensures that gambling revenues are directed to public education as intended and approved by voters.
- It addresses concerns that the state was using gaming revenues to substitute for education funding that was already required by law, rather than increasing the total amount of education funding.
- It ensures that gaming revenues paid into the Education Trust Fund (also called a "lockbox") may be spent only in addition to other public education funding and cannot be used as a substitute for other funding that is already required by the Bridge to Excellence law.

Arguments AGAINST the amendment:

- The amendment would reduce the state's flexibility to use gambling revenues for other state programs.
- The amendment would eliminate the use of gaming revenues to fund capital projects at community and public colleges.

A vote FOR the constitutional amendment means the state constitution would be amended to specify that revenue from gambling be used to supplement other state funding for public education and cannot be used as a substitute for other required education funding.

A vote AGAINST the amendment means the current provision in the constitution would remain in effect, under which gambling revenue is used for public education but those funds may be in place of other state funding for schools.

Question 2 - Election Day Voter Registration

Constitutional Amendment (Ch. 855 of the 2018 Legislative Session) Same-Day Registration and Voting at the Precinct Polling Place on Election Day

Ballot Language: Authorizes the General Assembly to enact legislation to allow a qualified individual to register and vote at a precinct polling place on Election Day. The current law requires voter registration to close before Election Day. (Amending Article 1, sections 1 and 2, and adding Section 2A to the Maryland constitution.)

Current Law: Maryland law requires that voter registration close 21 days before an election. An exception allows people to register and vote in person during early voting at an Early Voting Center. They must provide proof of residence such as a driver's license or other specified identification. Under current law a person may not register to vote at a precinct polling place on Election Day and vote on the same day.

Proposed Change: The Maryland constitution would be amended to authorize the legislature to pass a law permitting people to register to vote at a precinct polling place on Election Day and to vote on the same day.

Origin of the Ballot Question: The 2018 session of the Maryland General Assembly passed legislation (HB 532) proposing an amendment to the Maryland constitution to allow people to register to vote on Election Day and to vote the same day. A bill to amend the Maryland constitution does not take effect unless it is approved by the voters at the next general election.

Arguments FOR the amendment:

- Voting is a fundamental right that should not be lost due to failure to comply with a registration requirement.

- Same day registration and voting already takes place during early voting. On-the-spot validation of a voter's documentation is conducted before the voter is allowed to vote. These procedures could also be used for same day registration and voting on Election Day.
- Fourteen other states allow same day voter registration and voting on Election Day and have not reported problems.

Arguments AGAINST the amendment:

- Permitting people to register and vote on Election Day could lead to voter fraud.
- Requiring people to register in advance is not burdensome, as the registration forms are readily available.

A vote FOR the amendment means that the constitution would be amended to allow the legislature to enact a law permitting people to register to vote at a precinct polling place on Election Day.

A vote AGAINST the amendment means that the constitution would not be amended and people would need to register to vote before Election Day.

QUALIFICATIONS: Being a native to OC, I've had the chance to watch as the town has grown over the years. As a property owner and year round resident, I have a vested interest in seeing our town prosper. My background in business and civic organizations such as the Jaycees, also gives me a set of skills to efficiently and effectively fill the position.

CHALLENGES: For Ocean City to prosper, we must continue to be a clean, safe, and affordable city. By remaining fiscally responsible and encouraging family friendly events in town we can achieve this goal. We need to continue with enforcement of Special Event Zones and programs designed to keep our residents and visitors safe.

INFRASTRUCTURE: Cleaning out the storm drains in town is an absolute priority. We've seen the flooding in town worsen in the last few years and have to combat it. Additionally, we need to make sure that our city bulkheads and piers are in good repair. Grants are available from the state and federal government in addition to funds already set aside by the city.

ENVIRONMENT: We need to continue with the Green Team Committee and make sure we that we are protecting our waterways as much as possible. We also need to make sure that our new construction and building codes keep in mind the threat of storm surges and high winds. The stories that we have seen from our neighbors in NC, SC and FL could very easily be ours. We need to make sure that we are prepared.

PRIORITIES: If elected, my mission is simple: To fairly represent all citizens of Ocean City and to do everything within my power to help our town continue to be the family-friendly resort beloved by so many for generations to come.

QUALIFICATIONS: I have had nine years of experience at the Maryland General Assembly as a non-elected staff person. Additionally I have had 13 years of good experience in retail and most recently, 8 years in management. I'm also a licensed real estate agent in Maryland and Delaware. I have also served as Vice Chair and Secretary of the OC Board of Zoning Appeals for 6 years.

CHALLENGES: Continuing to promote OC in effective ways as being a world class resort

and tourist destination here in 21st century Maryland. Promoting the enforcement of our laws during special events is critical to a safe and sound resort community for residents and visitors alike. A thriving business community is also important to sustain year round living for our full time working residents.

INFRASTRUCTURE: We are going to have to replace the rt. 50 bridge in the near future. It's also crucial to push harder for the dualization of MD-Rt. 90. We need greater accommodations for our residents and visitors so people can safely come and go when the weather is good as well as evacuate when a hurricane is approaching.

ENVIRONMENT: One Ocean City Council member is not going to single handedly stop the ocean from rising, change the course of a hurricane or change the weather to suit the people's needs. It's important to emphasize the need for our residents and visitors to heed evacuation orders when they're issues. Lives are more important than property.

PRIORITIES: Doing things to support and build upon the Town's Strategic Plan, promote special events and welcome everyone to the resort is immensely important. I want to use my experiences to uphold Ocean City as the gem on Maryland's Atlantic coast that has something to offer for everyone. Tourism is the lifeblood of this community. It is crucial to have year round economic vitality for those who live here.

Ocean City Ballot Question

The Ocean City ballot will include a referendum to amend section C-1003.C of the Town Charter, asking voters to decide if certain employees of the emergency medical services division of the Ocean City department of emergency services and the Ocean City fire marshal's department can have binding interest arbitration by a neutral arbitrator. Binding interest arbitration is defined as the process through which parties negotiating a collective bargaining agreement reach impasse on one or more items, and call upon a third party to resolve the impasse and set a term of the collective bargaining agreement to which the parties are bound.
