LWW LEAGUE OF WOMEN VOTERS®
OF BALTIMORE COUNTY

Welcome to This Voters' Guide

The League of Women Voters offers this Voters' Guide to assist citizens as they prepare to vote in the upcoming election. The League of Women Voters does not support or oppose any candidate or political party.

All candidates running for state and local seats were asked to respond to a nonpartisan questionnaire. Candidates running for a particular office were asked identical questions. Responses from candidates whose names will appear on the ballot are printed as submitted to the League. Thus, some misspelling and typing errors may appear. All responses were limited to 400 characters and were truncated thereafter.

Qualified presidential candidates were invited to provide biographical information and responses to a nonpartisan questionnaire. These responses were limited to 750 characters and were truncated thereafter. Additional details are available on page 4 of this Voters' Guide.

If a candidate did not respond by the date required for print publication, "No response received by deadline." is printed in this Guide.

Additional information on the candidates is available at vote411.org. This site may include answers received after the print deadline and information about write-in candidates. If the candidate submitted a campaign website or social media site, it is listed under her/his name.

The League assumes no responsibility for errors and/or omissions.

PROVISIONAL BALLOTS

A provisional ballot is a safeguard at in-person voting to ensure that individuals who believe they are registered and eligible to vote are indeed able to vote. Voters required to vote by provisional ballot will be asked to complete a provisional ballot application and then issued a paper ballot. It is important that voters complete the entire application.

All provisional ballot applications are reviewed. A provisional ballot will be counted after the Baltimore County Board of Elections has reviewed the application and determined that the individual is eligible to vote this ballot. Additional information about provisional voting is available at https://elections.maryland.gov/voting/provisional_voting.html

3 WAYS TO VOTE

VOTE BY MAIL To slow the spread of COVID-19, voters are strongly encouraged to vote by mail. The process is secure and the most effective way to slow the spread of the virus.

Active registered voters will receive a request for a mail-in ballot and can return it by mail. They may also request their ballots online or download and print a ballot (<https://elections.maryland.gov/voting/absentee.html>). Ballot requests are due at the Board of Elections by October 20, but voters are strongly encouraged to submit them as soon as possible.

Mail-in ballots will be sent to those who request them, beginning at the end of September. Again, it is important to complete your ballot and return it as soon as possible. In order to be counted, mail-in ballots must be placed in a drop box, handed in to a vote center or post-marked by 8:00 p.m. on Election Day, November 3.

EARLY VOTING is strongly encouraged if you wish to vote in person. Baltimore County will have 11 in-person early voting centers from October 26 through November 2. These centers will be open from 7:00 am to 8:00 pm. Try to vote at off-peak times (midmorning and midafternoon). A list of the locations is in this *Voters' Guide*. Baltimore County voters may use any of the sites. Voter registration will be available.

VOTING ON ELECTION DAY Baltimore County will have in-person voting at the 11 centers used for early voting and an additional 31 centers throughout the county. Voting centers will be open from 7:00 am to 8:00 pm. Try to vote at off-peak times (midmorning and midafternoon). A list of all voting centers is available in this *Voters' Guide*. Baltimore County voters may use any of the sites. Voter registration will be available.

PROTECT YOUR BALLOT

Do not give your ballot to anyone who offers to collect ballots. Put it directly in the U.S. Mail or in a Board of Elections drop box. You may also turn it in at a voting center.

Mail-in ballots must be placed in a drop box or postmarked by 8:00 pm on November 3. Drop boxes will be available at voting centers from late September through Election Day. Remember that the most common reason for a ballot not to be counted is that it was not received on time.

Lists of drop box sites and voting centers are in this Voters' Guide.

DIDN'T RECEIVE AN APPLICATION FOR A MAIL-IN BALLOT?

Applications for mail-in ballots were mailed only to active voters at the address on file with the Board of Elections. If you have moved, or if you did not vote in the primary election, you may be on the inactive voter list. It is also possible that your application was lost in the mail. First check whether an application was mailed to you. You may call the Baltimore County Board of Elections or check online at <https://voterservices.elections.maryland.gov/VoterSearch>.

If no application was sent, you may use the State Board of Elections website to update your voting information and to request that a mail-in ballot be sent to your home. Go to <https://voterservices.elections.maryland.gov/OnlineVoterRegistration/InstructionsStep1>. You may prefer to access this website by texting 77788. You may also call the Baltimore County Board of Elections and ask them to send a ballot application.

Please note that requesting a ballot online requires either a Maryland driver's license or state ID card. If you do not have these, or if you have other questions, please call the Baltimore County Board of Elections at 410-887-5700.

Finally, you may also vote in person during Early Voting or on Election Day. Take your driver's license, state ID card or a utility bill or other mailing that verifies your name and address. Voter registration will also be available at the voting centers.

ARE YOU A COLLEGE STUDENT?

If you registered to vote in Maryland where you attended college and have since returned home, you may use the State Board of Elections website to update your voting address to your home or to request that a mail-in ballot be sent to your home. Go to <https://voterservices.elections.maryland.gov/OnlineVoterRegistration/InstructionsStep1>. You may prefer to access this website by texting 77788.

If you had already requested that a mail-in ballot be mailed to your college address, contact the Baltimore County Board of Elections (410-887-5700) to cancel that request. Once the application is cancelled, follow the instructions above to update your voting address and/or to request a mail-in ballot.

If you do not make these changes, your ballot will be mailed to your college address and will not be forwarded—you risk losing your right to vote.

OPTIONS FOR VOTERS WITH DISABILITIES

Voters with disabilities have the options of either voting in person or voting by mail. Voting centers will have ballot marking devices for use by voters who would have difficulty reading and marking a paper ballot. For those who wish to vote by mail, Maryland offers internet delivery of ballots and an online ballot marking tool. This option is compatible with adaptive technology to enable those with disabilities to access the internet. Internet delivery may be requested on a paper application for a mail-in ballot or in an online application (<https://elections.maryland.gov/voting/absentee.html>). A printer will be required to use this option. Downloaded ballots cannot be returned via the internet.

COVID-19 RECOVERY: It's a false choice to think we have to choose between our public health and economy; they're linked. On Day One, I'll implement the COVID strategy I've laid out since March – surging testing and protective gear; distributing vaccines safely and free of politics; helping schools and small businesses cover costs; and getting state and local governments resources to keep educators, cops, and firefighters on the job. I'll respect science and tell the truth, period. And I'll build our economy back better, creating millions of good-paying jobs. I'll revitalize manufacturing, build a clean energy economy, and boost caregiving – easing the squeeze on working families, providing paid leave, and getting caregivers the respect and pay they deserve.

TOP PRIORITY: Pandemic. Recession. Racial injustice. Climate change. We're facing historic crises; we have to tackle them all at once. Character and experience count. I'll listen to scientists, tell the truth, and make sure we're never so unprepared for a pandemic again. I'll expand the Affordable Care Act, lowering costs and making health

care a right for all. I'll build our economy back better, and make racial equity central to recovery. In these crises, we have an enormous opportunity, if we come together. As President, I'll draw on the best of us, not the worst. I'll work as hard for those who don't support me as for those who do. That's a president's job: to represent us all. To take responsibility. To protect the nation. To unite and to heal.

RACIAL INJUSTICE: America is at an inflection point. It's past time to end our inequities and deal with the denial of our nation's promise to too many for too long. I'll fight to end the health inequities that COVID-19 amplifies; and give every child the same strong start in life by offering universal Pre-K, tripling funding for Title I schools, and making public college debt-free for most families. I'll make racial equity central to our recovery, closing the racial wealth and income gaps, boosting home ownership, and investing in communities and entrepreneurs of color – building a stronger, more inclusive middle class for the future. And, I'll work for real police reform and invest in shifting our criminal justice focus from incarceration to prevention.

IMMIGRATION: My immigration policy is built around keeping families together. It's past time to reform our broken system, restoring family unification and diversity as its core pillars. As President, I'll reverse Trump's assault on our values on Day One, ending his cruel border policies that rip children from their mothers' arms. I'll act immediately to protect Dreamers and their families, and invest real political capital in finally delivering legislative immigration reform, with a roadmap to citizenship for the nearly 11 million undocumented people who already do so much to make our communities strong. We have to enforce our laws, but in a way that's humane, respects due process, honors our values, and sees the big picture.

HEALTHCARE: This pandemic makes clear: All Americans need access to quality, affordable health insurance. That's why I'll protect and build on the Affordable Care Act. I helped to secure the final key votes to pass that landmark law, protecting 100 million Americans who can no longer be turned away or denied coverage for pre-existing conditions, and bringing coverage to 20 million more. As President, I'll build on that progress with a public option and lower health care and prescription drug costs. I'll make all COVID-19 testing, treatment, and vaccines free; double funding for community health centers that are so often on the front-lines of care; and much more.

DISCRIMINATION: What initiatives would you propose to address bias based on race, gender identification, sexual orientation, religion, or disability?

STUDENT LOANS: What actions would you support to reduce burdensome student loan debt?

GOALS: I am running for re-election to make sure that everyone in the First District will have a representative in Congress who pays attention to what the people need from the federal government, listens to them, and can provide timely and effective constituent services when problems arise for them with any federal agency, like Social Security, the VA, Medicare, or the IRS.

IMMIGRATION: We need to be sure that we have an adequate supply of temporary foreign workers for industries important to the First District, like the crab picking industry and the tourism industry. I have been a leader on these issues in Washington, since so many small and family-owned businesses in the district depend on those workers, especially when the economy is so good and employees are so hard to find.

HEALTH CARE: We need to make health care more affordable - that was the main problem with the Affordable Care Act. We need to bring down the cost not only of insurance (maintaining coverage for any pre-existing conditions), but of health care itself. We have to bring down the high cost of prescription drugs, and we should have price transparency for all medical services and drugs.

ENVIRONMENT: By encouraging the use of exploration and production of natural gas to replace coal to generate electricity, the federal government brought down CO2

use in America for the third year in a row, exceeding the reduction of many countries in the Paris Climate Accords. We need to encourage the use of clean energy, especially exploring new advances in nuclear power generation which are safe and clean.

GUN SAFETY: Gun crimes must be prosecuted to the fullest extent of the law. In Baltimore City, where Maryland's strict gun control laws have failed to stem the tide of handgun murders, we should send in federal law enforcement and prosecutors to help find and prosecute everyone who commits a felony with a handgun, and everyone who illegally possesses or attempts to buy a gun. We should enforce current laws.

ECONOMY: The successful economic policies of the Trump administration have resulted in a \$5,000 increase in the median family income in America over the last five years, and the lowest unemployment rate in half a century, with record low unemployment for African-Americans and Hispanics. Strengthening our economy and resisting socialist policies are the best way to increase incomes.

DISCRIMINATION: There are enough laws on the books, but in many countries in the world, there is an increasing problem with religious discrimination, especially against religious minorities like Christians, Jews, and Muslims. I applaud the President's efforts to fight religious discrimination worldwide, and more needs to be done. Congress should be a partner with the administration in these efforts.

STUDENT LOANS: Lower cost higher education alternatives need to be developed. With the new digital age, online education is underutilized. We need to consider a new, less expensive plan for college - such as the first 2 years online, at one-fifth to one-tenth the cost. The last 2 years, and graduate education could still be on a physical campus. We also need to encourage career training in high school.

GOALS: I'm running to represent Maryland District One by restoring Accountability, Equality, and Integrity as sworn to the Oath of Office. Our current representation works against our citizen's healthcare concerns, their fundamental civil rights protections, and leads education systems into despair. Therefore, we seek to renew the primary

goals of communities to have better education, jobs, & healthcare.

IMMIGRATION: Families need a legal pathway system to help represent those at trial or for those who seeking immigration rather than deportation. We're looking to reduce costs for families who are separated and burdened with little regard for those who are actual citizens. We do not believe in deportation for small infractions, only those with felonies as major crimes. We're a nation of immigrants since 1607.

HEALTH CARE: We seek to expand ACA to Medicare for All. Our Goals are ensuring providers meet all standards of Medicare for all, with expansion to all ages. We are protecting pre-existing conditions & ending exclusions that allow discrimination of care or denial of treatment and medicines. Private insurers & employers should be in compliance to have healthier workers by 2030. Thus, you can keep your plan too.

ENVIRONMENT: First, we must sign to Paris Accords again. Then enact legislation to have our Federal EPA comply with protecting our environment, and not delegate responsibilities to private sectors. We must fund our Chesapeake Bay protection fund to assist our communities, councils best, and companies to reward their efforts in protecting our Bay, State, and Planet in Solar, Wind, and Energy Storage utilities.

GUN SAFETY: We would propose adding all weapons permits, training, and carry status on the back of driver license or Real ID for easy reading. License additions shall include your guns as authorized to carry by type, a designation of your training certification for those weapons, and any FFL Status. Doing this provides a reduction of paperwork, additional permits, & can allow joint multi-state authorizations.

ECONOMY: For Education, we support the Kirwan commission reporting and seek to support the state from a federal level as needed. For Infrastructure, we would seek innovation companies, manufacturers, and small businesses to keep our twelve Counties thriving. For Wages, we would co-sponsor House Bill 582 Raise the Wage Act and seek passage of Senate Bill 150 for a federal minimum wage of \$15.00 per hour.

DISCRIMINATION: Currently, 38 states support the Equal Rights Amendment. Therefore, I would sponsor a bill to our House of Representatives to introduce the Constitutional Amendment again. We seek to protect all our Civil Rights Act of 1964. As a member of the LGBTQ community, we seek to protect everyone for their national origin, race, gender identification, sexual orientation, religion, disability, or religion.

STUDENT LOANS: For student loans, we seek to reduce interest rates to be no higher than ten percent ever for private loans to for-profit schools. Forgive those loans of our veterans and communities who are applying for assistance. Ensure the Department of Education holds any and all colleges accountable. DOE should also seek to provide a pathway to make non-profit colleges tuition-free for all our communities.

GOALS: Congress needs people, like me, working across the aisle and focusing on the basics like good schools, safe streets and decent jobs. I want to keep focusing on national security as we prepare for the threats of tomorrow, including cyber attacks and nuclear weapons. I also want to continue my work on the Appropriations Committee, ensuring that Maryland and its communities get their fair share.

IMMIGRATION: I'd stop the President from raiding our military facilities and families to build the wasteful border wall. I'd end family separation and move immigrants out of detention facilities as quickly as possible by hiring more federal judges to reduce the courts backlog. I'll work to pass comprehensive immigration reform that provides both sensible border security and a reasonable path to citizenship.

HEALTH CARE: We must continue the consumer protections provided by the ACA, but strengthen it by adding a public option that creates competition and lowers prices. We can also allow Americans to buy into Medicare at a younger age. We also must address soaring prescription drug prices that are generating record profits for the pharmaceutical industry at the expense of Americans in need of life-saving medicines.

ENVIRONMENT: Since the U.S. is one of the world's leading polluters, the federal government must take the lead in addressing environmental concerns like climate

change. We must re-join the Paris Treaty and work toward carbon neutrality. As an Appropriator, I support full funding for programs such as the Chesapeake Bay Program, which benefits our economy, creates jobs and preserves our natural heritage.

GUN SAFETY: I support banning assault weapons and high capacity magazines, background checks for gun and ammo purchases, no-fly-no-buy and tougher penalties for straw purchases. People convicted of certain hate crimes, as well as domestic abusers, should not be allowed to buy guns. I have introduced legislation to stop the cycle of gun violence by providing hospital-based interventions for recovering victims.

ECONOMY: The middle class needs to make more money, which is why I support extending tax cuts for the working class, as well as a minimum wage increase. Congress needs to address paid leave and advance robust "Buy American" provisions as well as workers' rights to help strengthen the working class. I support investing in infrastructure to create jobs, as well as tax incentives for small business.

DISCRIMINATION: There is no place in our society for discrimination of any kind. That's why I support ratifying the Equal Rights Amendment, as well as passing The Equality Act and the Disability Integration Act once and for all.

STUDENT LOANS: I support legislation to lower student loan interest rates and allow students to refinance their student loans when rates decline. I support expanding federal loan forgiveness programs for students who choose certain in-demand careers, like teachers and nurses, and capping the dollar amount students must repay each month. We also need to increase the maximum value and number of Pell Grants.

GOALS: I am running to strengthen our democracy by ending the influence of big

money in politics, protecting the right to vote and ensuring that public officials work for the public interest. To make progress on the most pressing issues we face, we first need a political system that responds to the many, not the money. Too many Americans feel shut out by Washington; we need to bring them back in.

IMMIGRATION: I oppose the Trump Administration's immigration policies including zero tolerance/family separation, restricting asylum, ICE operating in sensitive locations, the public charge rule and efforts to end DACA and TPS, among others. We need an immigration policy that protects economic interests while providing a path to citizenship and a humane, legal framework for people to come to the United States.

HEALTH CARE: I am a strong supporter of the ACA and believe that we must stop and reverse years of Republican sabotage, which has increased costs and limited access to health care. I also believe we can expand on the ACA's successes, including by passing a public option or a single-payer, Medicare for All system – both of which I support – and passing H.R. 3 to reduce the costs of prescription drugs.

ENVIRONMENT: Climate change is the existential crisis of our day. The federal government must lead the effort to reach net-zero carbon emissions that includes a just transition for all communities, including our most vulnerable. We must rejoin the Paris Climate Agreement, reverse course on Trump's deregulatory agenda, and promote green technology that moves the nation towards a healthier, sustainable future.

GUN SAFETY: I have voted to close loopholes and strengthen our background check system. I also support an assault weapons ban, banning large capacity magazines, a national system for extreme-risk protection orders, mandatory safe gun storage, raising the purchasing age for certain firearms and prohibiting persons convicted of hate crimes from buying guns.

ECONOMY: The key to addressing income inequality is fixing our democracy so that economic power does not equal political power. We need to reverse decades of tax cuts for the wealthy and big business and reinvest those revenues in our people – including by reducing the financial burden of health care, housing and education. We must focus on economic justice and building wealth in marginalized communities.

DISCRIMINATION: I strongly support important civil rights legislation like the Equality Act, the Paycheck Fairness Act, the End Racial Profiling Act and the NO BAN Act. I also support building on criminal

justice reforms like the First Step Act. I authored H.R. 1, which would expand access to the ballot, particularly for racial minorities and persons with disabilities, who face additional barriers to voting.

STUDENT LOANS: I authored the Public Service Loan Forgiveness program to provide debt relief for individuals who work in public service. I introduced the What You Can Do For Your Country Act, which strengthens PSLF and ensures its proper administration by the Department of Education. I oppose the Trump Administration's attacks on student borrowers and believe we must better protect them from predatory lenders.

GOALS: I believe the 7th Congressional District and our country face crucial cross-roads ahead. I also believe it is important to always replace leadership with leadership. We cannot miss the opportunity to send the strongest representation to Congress now. Having served in this position for 10 years, I am the only candidate who is proven, tested, and ready to go to work on day one - with seniority.

IMMIGRATION: Immigration built America and it continues to be the heartbeat of the American economy. I will fight to require humane immigration policies at our borders so that we will not have to relive the tragedies of the last few years, e.g., policies that put people in cages or permanently divided children from their parents. In addition, I will work to create a sensible pathway to citizenship.

HEALTH CARE: Healthcare is a right. I will vote to expand the Affordable Care Act (ACA), beginning with restoring the protections stripped from the ACA by this Administration. My healthcare vision includes expanded healthcare access for low-income Americans, a public health insurance model like Medicare, enhanced private and/or employer-sponsored insurance options, and a tax credit to offset premium costs.

ENVIRONMENT: The federal government should be the chief architect and chief enforcer of existing and forward-looking environmental policies. It should implement environmental policies that incentivize responsible personal choices, motivate corporations to make better choices (by carrot, by stick or both), steer us towards an increasingly green economy, and establish America as a global environmental leader.

GUN SAFETY: Reinstating an assault weapons ban and adopting a national background check system focused on psychological competency are two key gun safety policies I will pursue in Congress. In 1994, I helped pass an assault weapons ban that lasted 10 years. Congress has not had the will to reinstate the ban once it was lifted. I will fight to change that if I earn the honor of serving the People in Congress.

ECONOMY: I will work to increase the federal minimum wage to \$15/hour today, with that figure indexed to inflation. I will also work to revisit the most recent tax cuts for the highest earning Americans so that we can invest that money into educating our children and expanding skills training opportunities. The policy focus is investing in opportunities that prepare people to earn more money.

DISCRIMINATION: It sometimes appears as if our society faces more biases today than we did just a few years ago. The federal government must ensure existing anti-discrimination laws are fully enforced by the people and institutions created to do so. Next, our nation must acknowledge one form of bigotry is just as harmful as any other form of bigotry so our laws must align to reflect that truth.

STUDENT LOANS: The student loan crisis may cripple our future economy. We must act now to ensure a financially stable future workforce. I support allowing students to lower their student loan rates through refinancing, loan forgiveness programs for graduates working in certain public interest fields with incomes below a certain level, and in the most extreme cases full debt forgiveness.

ARE YOU AN ADVOCATE FOR SOMEONE IN JAIL OR PRISON?

People who are in jail or prison for a misdemeanor or who are awaiting trial can still register and vote. However, individuals convicted of felonies cannot vote until they have been released from prison. If you are an advocate for someone in jail or prison, please let them know the following.

We recommend that voters use their permanent address as the voting address and then request that a mail-in ballot be sent to the correctional facility. If the ballot is sent to their permanent address, it will need to be taken to the correctional facility. Advocates should work with correctional supervisors to provide the voter with an application for voter registration and an application for a mail-in ballot (<https://elections.maryland.gov/elections/2020/index.html>)

JUDGE OF THE CIRCUIT COURT DISTRICT 3

DUTIES: Judges preside in the Circuit Court, which is a trial court that hears major civil cases and more serious criminal cases, such as those requiring a jury trial. Circuit Courts also may decide appeals from the District Court and certain administrative agencies.

SALARY: \$174,433, effective July 1, 2021

TERM: Fifteen years, no term limit. Mandatory retirement age of 70 years.

HOW ELECTED: The state is divided into 8 Judicial Circuits. The General Assembly determines the number of judges in each circuit and county. When there is a vacancy, the Governor appoints a qualified person to fill the office. Each newly appointed Circuit Court judge then must stand for office at the first election that occurs at least one year after the vacancy happened. One or more other qualified members of the bar may also run to fill the vacancy. All candidates run on both the Democratic and Republican primary ballots.

Vicki Ballou-Watts

FACEBOOK: www.facebook.com/BaltimoreCountySittingJudges

EMAIL: sittingjudges@gmail.com

QUALIFICATIONS: Prior to my appointment to the Circuit Court in January 2019, I was trial lawyer for over 30 years with over 1,000 trials with a wide variety in various law. As a judge I have successfully heard numerous civil and criminal jury trials as well as complex cases in family law and other areas of litigation.

COURT NEEDS: The greatest challenge for any court is to maintain public confidence and support for our system of justice. Applying the rule of law in consistent manner, encouraging jury duty, promoting court efficiency and accessibility and treating all who enter our courts with respect is critical.

REPEAT OFFENDERS: As judges, we can only impose sentences within the parameters of the law. It is within the sole province of the legislature to pass laws regarding the sentencing of repeat offenders.

DISCRIMINATION: A commitment to fair and just treatment to all who enter our courts is the best way to reduce the risk of bias.

JUDGE, COURT OF SPECIAL APPEALS AT LARGE

DUTIES: Judges preside in the Court of Special Appeals, the intermediate appellate court in Maryland. The Court reviews the actions and decisions of the Circuit Court and of the Orphans' Court in cases brought before it. The Court, usually sitting in panels of three judges, decides if the trial judge followed the law and legal precedent. The Court is composed of 15 judges: eight

at large and one each from seven appellate judicial districts.

SALARY: \$178,633 annual base.

TERM: Ten years, no term limit. Mandatory retirement age of 70 years.

HOW ELECTED: When there is a vacancy on the Court of Special Appeals, the governor appoints a qualified person to fill the office, with the consent of the State Senate. Once appointed, the appellate judge holds the office until the first election that occurs at least one year after the vacancy happened. At that time, the judge runs for an uncontested election for a ten-year term on their record (yes or no for continuance in office). No one is permitted to file against them. If the incumbent judge is approved, the judge faces another “retention election” every ten years to continue in office. If the incumbent judge is rejected by the voters, the post becomes vacant, and the governor makes a new appointment.

STATE QUESTIONS

QUESTION 1

Constitutional Amendment (Ch. 645 of the 2020 Legislative Session) State Budget Process
(Amending Article II Section 17 and Article III Section 14 and 52 of the Maryland Constitution)

The proposed amendment authorizes the General Assembly, in enacting a balanced budget bill for fiscal year 2024 and each fiscal year thereafter, to increase, diminish, or add items, provided that the General

Assembly may not exceed the total proposed budget as submitted by the Governor.

☐ **FOR** the Constitutional Amendment

☐ **AGAINST** the Constitutional Amendment

Origin of the ballot question: The 2020 session of the General Assembly passed legislation (SB 1028) proposing a constitutional amendment to increase the authority of the General Assembly in the budget process. A bill that amends the Maryland Constitution requires a three/fifth vote in each chamber (Maryland Senate and House of Delegates) and approval by a majority of voters at the next general election.

Present Practice: The Maryland Constitution prohibits the General Assembly from increasing any budget item or adding any new items to the Governor’s proposed budget for any of the government agencies except the Judicial branch and the operations of the General Assembly itself, nor can it move funds from one agency to another. The General Assembly can only recommend cuts to state agency budgets unless it identifies and enacts a new revenue source to fund additional items. Once a budget passes the Senate and House, it becomes law and cannot be changed or vetoed by the Governor.

Proposed Change: If passed, the General Assembly could move spending in the budget proposed by the Governor from one agency to another as long as the total amount of the budget does not exceed the total amount in Governor’s proposed budget. The General Assembly could also add spending to a new item, as long as other item(s) of the budget are reduced to pay for the new expenditure. This change would begin with the 2024 Budget bill which is presented to the General Assembly in 2023. At that time, the Governor would be given the authority to veto items added or items increased by the General Assembly.

Arguments in Favor:

- The Maryland Legislature has less power in the budget process than any other legislature in the United States.
- Members of the public might have more ability to influence funding for programs of importance to them because they have more opportunities to interact with legislators during the General Assembly Session personally and during committee hearings, than they do to influence the Governor or the state agencies when the budget details are negotiated and finalized for presentation.
- For decades, Republican and Democratic legislators have proposed this change while Governors from both major parties

have been in power. The provisions of this bill will not take effect until the election of a new Governor and members of the General Assembly are elected.

- This Constitutional Amendment would not change the current requirement that the General Assembly must pass a balanced budget.

Arguments Against:

- Because the Governor would have the power to enact line item vetoes, there may be more Special Sessions to override those vetoes. Special Sessions come with a cost.
- Because the public will be advocating for new or increased funding for particular programs, legislators could be swayed to support programs that the Governor did not feel should be funded at that level.
- It could take longer to pass a budget.
- Legislators may have more concern about programs that affect their constituents, while the Governor may have a more statewide perspective.

☐ A vote **FOR** the constitutional amendment means the legislature will be able to adjust spending in the Governor’s budget by reducing some items and increasing others as long as the total amount of spending does not exceed the amount of spending proposed by the Governor.

☐ A vote **AGAINST** the constitutional amendment means current law would remain in place and the legislature will only be able to reduce the expenditures within the budget proposed by the Governor.

QUESTION 2

Commercial Gaming Expansion Referendum (Ch. 492 of the 2020 Legislative Session)
Expansion of Commercial Gaming-Sports and Event Wagering

Do you approve the expansion of commercial gaming in the State of Maryland to authorize sports and events betting for the primary purpose of raising revenue for education?

☐ **FOR** the referred law

☐ **AGAINST** the referred law

Origin of the ballot question: In 2007, the Maryland Constitution was amended to say that the General Assembly may only authorize additional forms or expansion of commercial gambling if approved through a referendum by a majority of the voters in a general election. In 2020 the General Assembly passed SB 04 that would authorize

it to pass laws to establish a program of sports wagering and event wagering in the State if approved by voters in the next General Election. The bill also stated that the primary purpose of this expansion of gambling would be to raise revenue for education.

Present Practice: In 2008 Maryland voters first approved gambling via video lottery terminals (slot machines.) In 2012, voters approved expanding the allowable number of video lottery terminals and authorized table games in casinos. Wagering on a contest, event, game, or match between individuals or teams sponsored by a professional league or association or hosted by a college or university is currently illegal in Maryland.

Proposed Change: If the referendum is approved, the General Assembly would then need to pass legislation that authorizes the State Lottery and Gaming Control Commission to issue licenses for sports and event wagering in the State. The legislation must include the criteria for eligible applications for a licensee and specify the permissible forms, means of conducting, and locations where sports wagering would take place. The bill that sent this question to the voters also requires a study by the General Assembly to evaluate whether there is reason to assist minorities and women in the sports and event wagering industry and market. This study is to be completed by October 1, 2020 so any recommendations that result can be considered when the General Assembly establishes criteria for licenses (assuming the referendum passes.)

Arguments in Favor:

- Allowing sports betting in Maryland would enable the state to compete with the fourteen states that are already raising revenue this way.
- Illegal sports betting already takes place. Maryland should provide a legal way to place such bets to tap into that market and thereby reduce criminal activity.
- Depending on how it is implemented, Maryland could raise as much as \$20 million a year that could be invested in education which could yield long term benefits for Maryland residents.

Arguments Against:

- Maryland already has legalized a lottery, slot machines and casinos with various gambling table games. This would add another way to raise money from people who may not be able to afford it and may become addicted to gambling.
- If sports betting is implemented in a similar manner to casino gambling, most of the revenue raised will likely go to

the gambling venues with only a small portion going to education.

- Sports betting could have an impact on how fans watch games because they could be more interested in making money than appreciating the sport. It could impact the game for players as well, especially if wagering is allowed on college sports.
- ☐ A vote **FOR** the referred law means the General Assembly will be able to pass legislation to establish a program of sports wagering and event wagering in Maryland with a portion of the revenue going to support public education.
- ☐ A vote **AGAINST** the referred law means that commercial wagering on sporting events will remain illegal in Maryland.

ABOUT OUR FRONT COVER

Celebrating 100 years of the League of Women Voters and the passage of the 19th amendment to the Constitution

The photograph is an image from the Library of Congress and was chosen because 2020 is the 100-year anniversary of the passage of the 19th amendment to the Constitution, which gave women the right to vote. This is also the 100-year anniversary of the League of Women Voters.

The League of Women Voters was founded just six months before the 19th amendment was ratified. The goal was to help 20 million women carry out their new responsibilities as voters.

Today, the League of Women Voters of the United States encourages informed and active participation in government, works to increase understanding of major public policy issues, and influences public policy through education and advocacy. The League works to register voters and to provide voters with election information through Voters' Guides as well as candidate forums and debates.
