

Support HB 768 Without Weakening Amendments

EMAIL YOUR SENATORS TELL THEM TO SUPPORT HB 768 WITHOUT WEAKENING AMENDMENTS.

Maryland is poised to become the first in the nation to create a Prescription Drug Affordability Board! An overwhelming majority of the House of Delegates voted in favor of an amended version of House Bill 768 last week. The House bill creates a Prescription Drug Affordability Board with authority to set upper rates for high cost drugs for state and local governments and which would report to the General Assembly a recommendation as to whether its upper payment setting authority should be extended to all drug purchases.

Now we need your help to make sure the Senate passes this lifesaving legislation!

Please contact your [senators](#) and urge their support of HB 768 without weakening amendments.

Maryland needs a watchdog to protect our state from skyrocketing prescription drug costs. **There is less than one week left** for legislators to ensure that Maryland gets a Prescription Drug Affordability Board!

if you have a personal story about high cost prescription drugs, please include it!
