About this Voters’ Guide

This Voters’ Guide is published by the League of Women Voters. The League has a long tradition of publishing the verbatim responses of candidates to questions important to voters. The League offers this Voters’ Guide to assist citizens in their decision-making process as they prepare for participation in the general election. The League of Women Voters does not support or oppose any candidate or political party.

All candidates were asked to provide biographical information and to respond to a nonpartisan questionnaire. Candidates running for the same office were asked identical questions. Responses from state and local candidates who will appear on the ballot are printed exactly as submitted to the LWV. We did not edit for content, spelling, or grammar. Presidential candidates’ responses were limited to 750 characters. All other candidates’ responses were limited to 400 characters. Any additional material was cut off. If a candidate did not respond by the print deadline, "No response received by deadline" is printed.

If the candidate submitted a campaign website, it is listed under her/his name. Additional information on the candidates is available at VOTE411.org, which also has updates received after deadline. The League assumes no responsibility for errors and/or omissions.

Three Ways to Vote

1. Vote Safe, Vote by Mail
Because of the risk of transmitting COVID-19 wherever large numbers of people are gathered, voters are strongly encouraged to vote by mail. Vote in person only if you cannot vote by mail.

Ballots will be mailed to voters on the active voter registration list and will be accompanied by an envelope with prepaid postage for returning the ballot. **Be sure to sign the oath on the envelope, or your vote will not be counted.**

 Voters will receive a Republican or Democratic ballot if they are affiliated with one of those parties. See the information on the next page about “closed-primary” elections. If you do not receive a ballot and believe you are eligible to vote in this election, please contact the **Carroll County Board of Elections at 410-386-2020.**

**Ballots must be postmarked or returned to a secure drop box by 8:00 pm on Election Day, June 2.** The State Board of Elections website includes a form to check that your ballot was received. Drop boxes will be available at the following locations from May 21 through June 2.

**Protect your ballot** - Do not give your ballot to anyone who offers to collect ballots. Put it directly in the U.S. Mail or in a Board of Elections drop box.

2. Limited In-Person Voting on Election Day
To ensure that all voters have an opportunity to vote, **in-person voting will be available at the Vote Center listed above from 7:00 am to 8:00 pm on June 2.**

Voter registration will be available, as will marking devices for use by voters who would have difficulty reading and/or marking a paper ballot. Voters who did not receive a ballot in the mail and voters who cannot mail the ballot they received should also go to the Vote Center.

3. Absentee Voting
If you asked for an absentee ballot for this election, you may have received it already. If you have, please follow the instructions you received. Vote your ballot, **sign and date the**
oath, and place both the ballot and the oath in an envelope. Be sure the envelope is addressed correctly and includes your ballot number.

If you would prefer to receive your ballot electronically, please call or email your local board of elections. When your ballot is ready, you will receive an email with a link to your ballot. You must print your ballot and the sign the oath. If you do not see an email from the State Board of Elections, check your spam folder.

“Closed-Primary” Elections

Maryland is a “closed-primary state”. Only the Republican and Democratic parties will be choosing their candidates in the upcoming election. Other political parties will choose their candidates by other methods.

What does a “closed-primary” mean for voters? In partisan races, voters registered as Republicans may vote only for Republican candidates and voters registered as Democrats may vote only for Democratic candidates. All registered voters may vote in non-partisan races such as Board of Education. If there are no non-partisan races on the ballot in a given county, independent and third party voters will not vote until the general election in November.

The powers of the President are prescribed in the Constitution and federal law. The President appoints the members of the Cabinet, ambassadors to other nations and the United Nations, Supreme Court Justices, and federal judges, subject to Senate approval. The President, along with the Cabinet and its agencies, is responsible for carrying out and enforcing the laws of the United States. The President may also recommend legislation to the United States Congress.

**TERM:** Four years. Limit of two terms.

**BASE SALARY:** $400,000 per year.

**Criteria for Participation in VOTE411.org:** All presidential candidates who will appear on Maryland’s ballot are listed below. The League of Women Voters of the United States, through the League of Women Voters Education Fund (LWVEF), established criteria to determine which candidates to invite to respond to questions for the Voters’ Guide.

Candidates qualified for invitations from LWVEF to provide responses to specific questions if they met the following criteria:
- The candidate must have made a public announcement of her/his intention to run for President.
- The candidate must have met the Presidential Election Campaign Fund Act’s minimum contribution threshold requirements for qualifying for matching funds, based on the most recent data publicly available on the Federal Election Commission’s website.

LWVEF is required to have at least two candidates for President from the same party meet the above criteria before they are invited to answer the League’s questions and to have their responses printed in a voters’ guide.

**Questions**

**ELECTIONS AND VOTING:** What policies do you support to improve and secure elections and voting in our country?

**COMMON GROUND:** Please explain where you see opportunities for Democrats and Republicans to find common ground on the very serious issues facing our country.

**IMMIGRATION:** What, if any, steps will you take to reform current immigration policies?

**GUN VIOLENCE:** Please explain the policies, if any, you support to address gun violence in America.

**CLIMATE CHANGE:** What, if any, actions would you work towards in your first 100 days to address the threats facing the US due to climate change?
Republican Candidates
Republicans may vote for 1

The League of Women Voters Education Fund (LWVED) requires that at least two candidates for President from the same party meet the above criteria before launching a Voters’ Guide covering that party. Therefore, no Republican presidential candidates have yet been invited to participate. As soon as any two Republican candidates meet the criteria or the party’s national nominating convention occurs, LWVEF will invite the qualified candidate(s).

Both the Republican candidates for U.S. President listed below appear on the Maryland ballot.

The following candidate met the LWVEF criteria for participation in VOTE411, but see the full description of the invitation process above.

Jorge Delgado

Campaign Website: http://www.delgado4maryland.com
Campaign Facebook: http://facebook.com/votedelgado
Campaign Twitter: twitter.com/votedelgado
Campaign Instagram: @votedelgado

GOALS: After carefully considering my opponent’s dismal record and hearing the disappointment of voters in our district, I weighed my policy experience working on Capitol Hill and decided the only way to change the status quo and give Republicans in Maryland’s 1st Congressional District a clear choice, was to challenge the incumbent.

IMMIGRATION: Jorge adamantly opposes sanctuary cities, which are unlawful. When we lose control of our borders and we are unable to safely vet those entering our country, it becomes a matter of national security which strains our resources. In order to help protect and secure our borders, Jorge strongly supports building the wall, utilizing high-tech tools, additional funding for judges and Border Agents.

HEALTH CARE: From newborns to seniors, Eastern Shore families need access to safe, affordable healthcare. Jorge is committed to combating surprise billing, lowering prescription drug prices, as well as protecting and preserving Social Security, Medicare and Medicaid.

ENVIRONMENT: Jorge opposes seismic blasting off Maryland’s coast. He is a strong supporter of the Land and Water Conservation Fund, a program that provides critical resources, without federal taxpayer dollars, for coastal conservation and restoration. Most importantly, Jorge knows Maryland must hold its neighboring states accountable for any harm caused that adversely affects our beloved Chesapeake Bay.

GUN SAFETY: Jorge strongly supports law abiding citizens 2nd Amendment rights and ability to defend themselves. He believes our Police should have all the proper resources required to protect our communities. We must also ensure that we are properly funding threat assessment centers and mental health facilities. Our community challenges need local input & diverse partners to find solutions to complex problems

ECONOMY: Jorge is a strong supporter of the free enterprise system. It has been the greatest source in upward economic mobility and allowing people to reach their full potential.

DISCRIMINATION: As a Hispanic Republican, Jorge hopes to show through his actions that we all can break barriers. Discrimination has no place in our society.

STUDENT LOANS: Students need upfront and clear information of the harm that debt will create on their future. With over $1T in student loan debt, it is a looming crisis that will create severe challenges when it bursts. Students should be aware of other opportunities such as trade schools, community colleges, and other alternatives that may better meet their long-term goals.
GOALS: I am running for re-election to make sure that everyone in the First District will have a representative in Congress who pays attention to what the people need from the federal government, listens to them, and can provide timely and effective constituent services when problems arise for them with any federal agency, like Social Security, the VA, Medicare, or the IRS.

IMMIGRATION: We need to be sure that we have an adequate supply of temporary foreign workers for industries important to the First District, like the crab picking industry and the tourism industry. I have been a leader on these issues in Washington, since so many small and family-owned businesses in the district depend on those workers, especially when the economy is so good and employees are so hard to find.

HEALTH CARE: We need to make health care more affordable - that was the main problem with the Affordable Care Act. We need to bring down the cost not only of insurance (maintaining coverage for any pre-existing conditions), but of health care itself. We have to bring down the high cost of prescription drugs, and we should have price transparency for all medical services and drugs.

ENVIRONMENT: By encouraging the use of exploration and production of natural gas to replace coal to generate electricity, the federal government brought down CO2 use in America for the third year in a row, exceeding the reduction of many countries in the Paris Climate Accords. We need to encourage the use of clean energy, especially exploring new advances in nuclear power generation which are safe and clean.

GUN SAFETY: Gun crimes must be prosecuted to the fullest extent of the law. In Baltimore City, where Maryland’s strict gun control laws have failed to stem the tide of handgun murders, we should send in federal law enforcement and prosecutors to help find and prosecute everyone who commits a felony with a handgun, and everyone who illegally possesses or attempts to buy a gun. We should enforce current laws.

ECONOMY: The successful economic policies of the Trump administration have resulted in a $5,000 increase in the median family income in America over the last five years, and the lowest unemployment rate in half a century, with record low unemployment for African Americans and Hispanics. Strengthening our economy and resisting socialist policies are the best way to increase incomes.

DISCRIMINATION: There are enough laws on the books, but in many countries in the world, there is an increasing problem with religious discrimination, especially against religious minorities like Christians, Jews, and Muslims. I applaud the President’s efforts to fight religious discrimination world-wide, and more needs to be done. Congress should be a partner with the administration in these efforts.

STUDENT LOANS: Lower cost higher education alternatives need to be developed. With the new digital age, online education is underutilized. We need to consider a new, less expensive plan for college - such as the first 2 years online, at one-fifth to one-tenth the cost. The last 2 years, and graduate education could still be on a physical campus. We also need to encourage career training in high school.

Allison Galbraith

Campaign Website: http://www.flipthefirst.com
Campaign Facebook: http://facebook.com/AllisonforMD/
Campaign Twitter: twitter.com/AllisonforMD

GOALS: I met Andy Harris. I’d gone to him concerned repeal of ACA protections would make it impossible to obtain private insurance and keep my small business. He told me he didn’t think “most people” would mind if women paid more for health insurance. My background is in policy and federal acquisition; I didn’t think they’d mind if I took his job. Representatives should work for all of us. I will.

IMMIGRATION: We need sensible, humane policies which treat immigrants with respect and compassion. The Eastern Shore relies on foreign workers and H-2B visas to sustain MD’s $355M seafood industry. Each one helps to create 2.5 jobs, while shortages devastate the economy. We require a comprehensive long-term solution as part of a more adaptable and responsive visa system and expanded pathways to citizenship.

HEALTH CARE: ACA offered relief for many but is far from perfect. We can protect and expand ACA, Medicare, Medicaid, and CHIP while striving for quality, affordable, universal healthcare, including reproductive/mental health, dental, long term care, and Rx coverage. This would improve health outcomes, lower costs, enable job mobility/entrepreneurship/retirement, and ease burdens on small biz and caregivers.

ENVIRONMENT: Pollution, global warming, sea level, and extreme weather events do not respect political boundaries. It is a global crisis; the U.S. has a responsibility to be a leader in tackling environmental issues at all levels. Let’s rejoin the Paris Agreement, transition to clean, renewable energy, build sustainable communities, strengthen environmental laws, curb climate change, and protect our planet.

GUN SAFETY: I’d work to repeal the Dickey and Tiahrt Amendments, which hinder efforts to research gun violence and trace guns, fully fund law enforcement efforts at ATF and gun violence prevention research at CDC, require universal background checks, prohibit possession by domestic abusers, and promote a gold standard of responsible ownership among owners while penalizing negligence, and more.

ECONOMY: First and foremost, we must ensure that the very wealthiest among us are paying their fair share—a Prime subscription shouldn’t cost more than Amazon pays in federal taxes. We must raise the minimum wage to a living wage. But we must also address inequality through an intersectional lens, and acknowledge and address how inequality disproportionately affects women and people of color.

DISCRIMINATION: We must enforce existing discrimination laws, and ensure that we are properly addressing complaints of discrimination in the public and private sectors. We should also federally legislate these issues so that bias based on race, gender identity, sexual orientation, etc. isn’t permitted just because you crossed from one state into another. We also must finally codify the ERA into the Constitution.

STUDENT LOANS: Advanced education is increasingly necessary to compete in today’s job market; meanwhile Americans owe ~$1.6T in student debt. I’d work to ensure educational opportunity—college, trade schools, continuing ed, professional training, etc.—is accessible to all. A comprehensive solution to student debt must be explored also, including loan forgiveness program options and lending reform.
GOALS: I’m running to represent Maryland District One by restoring Accountability, Equality, and Integrity as sworn to the Oath of Office. Our current representation works against our citizen’s healthcare concerns, their fundamental civil rights protections, and leads education systems into despair. Therefore, we seek to renew the primary goals of communities to have better education, jobs, & healthcare.

IMMIGRATION: Families need a legal pathway system to help represent those at trial or for those who seeking immigration rather than deportation. We’re looking to reduce costs for families who are separated and burdened with little regard for those who are actual citizens. We do not believe in deportation for small infractions, only those with felonies as major crimes. We’re a nation of immigrants since 1607.

HEALTH CARE: We seek to expand ACA to Medicare for All. Our Goals are ensuring providers meet all standards of Medicare for all, with expansion to all ages. We are protecting pre-existing conditions & ending exclusions that allow discrimination of care or denial of treatment and medicines. Private insurers & employers should be in compliance to have healthier workers by 2030. Thus, you can keep your plan too.

ENVIRONMENT: First, we must sign to Paris Accords again. Then enact legislation to have our Federal EPA comply with protecting our environment, and not delegate responsibilities to private sectors. We must fund our Chesapeake Bay protection fund to assist our communities, councils best, and companies to reward their efforts in protecting our Bay, State, and Planet in Solar, Wind, and Energy Storage utilities.

GUN SAFETY: We would propose adding all weapons permits, training, and carry status on the back of driver license or Real ID for easy reading. License additions shall include your guns as authorized to carry by type, a designation of your training certification for those weapons, and any FFL Status. Doing this provides a reduction of paperwork, additional permits, & can allow joint multi-state authorizations.

ECONOMY: For Education, we support the Kirwan commission reporting and seek to support the state from a federal level as needed. For Infrastructure, we would seek innovation companies, manufacturers, and small businesses to keep our twelve Counties thriving. For Wages, we would co-sponsor House Bill 582 Raise the Wage Act and seek passage of Senate Bill 150 for a federal minimum wage of $15.00 per hour.

DISCRIMINATION: Currently, 38 states support the Equal Rights Amendment. Therefore, I would sponsor a bill to our House of Representatives to introduce the Constitutional Amendment again. We seek to protect all our Civil Rights Act of 1964. As a member of the LGBTQ community, we seek to protect everyone for their national origin, race, gender identification, sexual orientation, religion, disability, or religion.

STUDENT LOANS: For student loans, we seek to reduce interest rates to be no higher than ten percent ever for private loans to for-profit schools. Forgive those loans of our veterans and communities who are applying for assistance. Ensure the Department of Education holds any and all colleges accountable. DOE should also seek to provide a pathway to make non-profit colleges tuition-free for all our communities.

**GOALS:** We need leadership that already has an established process for evaluating problems and legislation. I call it ‘the nursing process.’ I am well versed. I truly believe I am the leader who can bring a consistent approach to the needs of Maryland’s First Congressional District.

**IMMIGRATION:** Pause ICE for 6 months. Give Illegal immigrants one chance to properly get on the path to citizenship. I like ankle monitors for asylum seekers to empty the holding cells. I want an immigration process as easy to understand as the picture menu at a fast food restaurant.

**HEALTH CARE:** I like the ACA as it is. I would only suggest adding my “Primary Care for All Citizens” legislation. This starts with an expansion of Medicare part A to include primary care service and move from a reactive healthcare model to proactive healthcare model. Proactive is cheaper and has better outcomes.

**ENVIRONMENT:** The federal government needs to ensure that a scientist or a science competent leader is the head of the EPA. This should be a position that requires a confirmation hearing. America should be the forerunners of environmentally friendly, and we are way behind. We can start by re-entering the Paris Agreement.

**GUN SAFETY:** Establish an independent entity to monitor background check for gun owners and perform private gun vaulting in domestic cases. Highly encourage gun safety and responsibility from an early age, such as in the Boy Scout and the Eddie the Eagle program. Make mass shootings an act of domestic terrorism.

**ECONOMY:** Stabilizing student loans and healthcare costs will help stimulate the economy. As well, investing in green ventures can and will bring economic stability to tourist and farming regions.

**DISCRIMINATION:** For high crimes against humanity through discrimination and hate, I propose an offender registry. Just like sex offenders. I will lead by example and make my office as inclusive and as representative of the district as possible.

**STUDENT LOANS:** Get everyone into government-controlled student loans to stop the predatory nature of the current system. I also think making community colleges free would help students decide their educational path without acquiring as much debt because they decided to change their major.

GOALS: I, Gregory Coll, am happy to announce my run for U.S. Congress Maryland District 8 to represent the people. Work in Washington is at a standstill, I, Gregory Coll, want to stop the distractions and keep focus on the key issues impacting Americans including: employment, budget, healthcare, education, environment, military and defense, gun violence, and the national space policy. www.gregorycoll.com

IMMIGRATION: I, Gregory Coll, want to promote and welcome legal immigration and put a stop to illegal border crossings. Passing legislation to up the legal immigration caps, and making it simpler for legal immigration processing is key; especially when the individuals have studied in the U.S. and have employment sponsored support. I, Gregory Coll, want to attract the best people from around the world.

HEALTH CARE: No, I, Gregory Coll, believe patients should come first in U.S. healthcare. Healthcare systems run by governments are inefficient, reduce standards of care, and diminish patient and physician relationships. Healthcare based in free market principals, promotes competition, drives down costs and gives the power to patients and physicians. Flexible Spending Accounts unspent money should roll over.

ENVIRONMENT: Our environment needs to be conserved and maintained for future generations. I, Gregory Coll want to study and address environmental concerns, stop pollution, and stop over-stressing our natural resources, especially marine resources like fisheries. I, Gregory Coll, believe climate change is real and needs to be addressed rationally and with an associated risk and return posture.

GUN SAFETY: I, Gregory Coll, want to support local police stop criminal activity and crack down on illegal possession of fire arms, without sacrificing law abiding citizens’ rights to bear arms. For more information please visit www.gregorycoll.com.

ECONOMY: I, Gregory Coll, believe in equal rights, equal justice, and equal opportunity for all, regardless of race, creed, sexual orientation, religion, or disability. Stopping bias based programs will help eliminate discrimination. For more information please visit www.gregorycoll.com.

DISCRIMINATION: I, Gregory Coll, believe that the cost of college education is on an increasing trajectory, has been rising ahead of inflation year after year, and needs to be more affordable for students. Cooperation between industry, government and higher education institutions will allow more resources for education and lower tuition for students, reducing student loan debt. Please visit www.gregorycoll.com.

STUDENT LOANS: I, Gregory Coll, believe that the cost of college education is on an increasing trajectory, has been rising ahead of inflation year after year, and needs to be more affordable for students. GOALS: This is my second time running for office in District 8. I received my B.M. from East Carolina University, and MBA from Strayer University. I am a single parent, I work over 40 hours per week for a small business in Montgomery County, I am an entrepreneur and classical singer. I have a passion to serve others, and will bring added value to my constituents and as a Representative.

IMMIGRATION: My father’s family came to the United States, with a love for their county, yet still seeking more opportunities. My goal is to reduce the red tape and the amount of time it takes to process paperwork that will help immigrants become citizens of the United States. The entire process needs to become more efficient and effective regarding securing our boarders, and the road to U.S. Citizenship.

HEALTH CARE: I have seen both sides up close. When it was introduced the first time I did not have healthcare, and I went without it so my daughter could have it. I was grateful that I could finally be covered. Spend more on preventative health treatment, reduces the rising cost of prescription medications, eliminate negative predatory practices by insurance companies creates an increase in pricing.

ENVIRONMENT: Reducing pesticides that affect our health creating which impacts our health care costs, work together with other states to find effective ways to reduce global warming. This also includes the impact of technology, our carbon footprint and gaining a global perspective on how counties can work together to reduce negative environmental concerns.

GUN SAFETY: Working together with groups such as the NRA, state and local lawmakers. 1 out of 4 people will be know someone who has been affected by gun violence. We need to look at all of the loopholes that are already there and fix those. We need to have input from responsible gun owners and understand that we have to compromise in order to produce policies to reduce gun violence.

ECONOMY: Better paying jobs, paying people their worth, access to education and better paying jobs.

DISCRIMINATION: Educate businesses on what it looks like, and how it negatively affects, communities, workplaces, income gap in our society. A person has no control over what race they are, what gender they are when born or their disability, but our initiatives need to be focused on being responsible regarding how we introduce polices and the steps we need to take.

STUDENT LOANS: Limiting funding for loans for students (only get what you need). Repaying loans while in school if possible. Creating opportunity for people to reduce student loans in a variety of areas, such as volunteering, assisting law makers, and offering creative incentives for students who make payments towards their loan debts. Pay loans back based on the income and household expenses.

**GOALS:** For a multitude of reasons but in district 8 we have real problems and we have elected officials who refuse to see or listen to their constituents.  
**IMMIGRATION:** Sanctuary cities and the crime it gets implemented with due to the policies of the federal government are not followed. We see numerous time's when rape and sex trafficking skyrocketed when a city becomes a sanctuary City now we have Sanctuary states trying to be an enacted. We should follow the federal law and anyone that breaks or prevents a detainer hold should be placed under arrest.  
**HEALTH CARE:** I agree with the Affordable Care Act  
**ENVIRONMENT:** I believe we do have a problem with the environment but I do not believe he have any answers to the problem. we need more subsidies for companies moving to Green energy and zero carbon emissions.  
**GUN SAFETY:** gun violence as result of overexposure to media and psychological problems. But lets not for get the technology we have nowadays that we didn't have before and how it results to bullying. Bullying is a huge factor in school shootings and if we can stop bullying we might be able to stop a lot of school shootings.  
**ECONOMY:** We need to be able to give people the opportunity at a reasonable college or a reasonable loan to start a business. Not everyone is going to do well going to college some people would like to go to trade schools and we need to be able to give them that opportunity.  
**DISCRIMINATION:** No response received by deadline.  
**STUDENT LOANS:** I believe we need to have a cap on the percentage on loans especially if they're federally guaranteed loans. 6% to 8% on college loans and 3-4% on trade school loans.

**Patricia Rogers**

**Campaign Facebook:** http://www.facebook.com/PatriciaRogersforCongress/  

**GOALS:** I am running because we need more women in Congress. When women lead, things get done and partisan issues become solved instead of becoming problem.  
**IMMIGRATION:** I do not want to see sanctuary cities in Maryland that violate federal laws and protect criminals and drug dealers instead of protecting local residents. I want to see comprehensive immigration reform that is fair to all immigrants applying to come to our country. I would like to see the immigration bill S.874 that Sen. Lindsey Graham introduced in 2019, law.  
**HEALTH CARE:** We cannot throw the baby out with the bath water. I will vote to continue the ACA but work on how and what states do with federal funds to make healthcare more affordable on the exchanges in regards to Medicaid and Medicare and private insurance premiums.  
**ENVIRONMENT:** I do not support federal regulations to address environment issues because all they do is create more regulations that interrupts business. We need to focus on the private sector to fill that role as stewards of the environment and invite the community they serve into the role of earth stewardship. The free market will then empower consumers and regulate companies privately.
GUN SAFETY: I support background checks for citizens purchasing firearms to separate lawful gun owning citizens from criminals who seek to do evil.
ECONOMY: I will continue to support the current White House policies that have led to more jobs than there are workers to fill them with policies like the opportunity zones and international trade initiatives that are bringing corporations back to the United States, thus raising income for all across gender and race.
DISCRIMINATION: I would review our current "Civil Rights Act of 1964." However, the private sector has yet to catch up. Nonetheless, the consumer will decide the fate of companies whose policies are not aligned with the Civil Rights Act of 1964 by choosing where to buy and from whom.
STUDENT LOANS: I would support tax breaks for companies and nonprofits who offer loan payback for their employees after several years of vested interest in their employer.

Shelly Skolnick

GOALS: To reduce gridlock in Congress, I believe more moderates should be elected to the U.S. House of Representatives. As a moderate Republican, my campaign motto is Make America Fair To All (MAFTA). For example, I am proposing changes to make our taxes more fair by having social security retirement benefits tax free at age 70; and waiving the employee social security payroll tax at age 70.
IMMIGRATION: The immigration system must be fair to those people who wait to enter the U.S. legally. I would provide a path to citizenship for the "dreamers" who came to the U.S. illegally as minors. However, for adults who entered the U.S. illegally as adults, they would only have a path to green card status -- but no path to citizenship, unless they honorably served in the U.S. military.
HEALTH CARE: I would add two public options to the Affordable Care Act. One option is to allow any U.S. citizen to purchase Medicaid coverage. The other option is to allow any U.S. citizen to purchase Medicare coverage. These voluntary options provide more choices without taking away private insurance. Also, these purchase options do not create unfair taxes.
ENVIRONMENT: The federal government should provide tax and patent incentives for the discovery and use of new technologies to reduce global warming. High priority should be given to the generation of electricity and the development of new electric vehicles.
GUN SAFETY: I support a universal background check before a gun is purchased. Also, I support the fingerprint technology that only allows the gun owner to shoot the gun, to reduce accidental shootings; and to reduce gun thefts.
ECONOMY: I support a three tier federal minimum wage system. A $20/hour minimum wage for organizations with annual revenue/budget of at least one billion dollars. A $15/hour minimum wage for adults working for organizations with annual revenue/budget of at least one million dollars, but less than one billion dollars. An $8/hour minimum wage for minors and organizations under one million dollars.
DISCRIMINATION: I support adequate funding for the federal agencies to vigorously enforce the federal laws against the forms of discrimination mentioned in the question. Although not listed in the question, I also support vigorous enforcement of the federal laws against age discrimination.
STUDENT LOANS: I would change the $30 billion Pell Grant program, to increase the maximum annual benefit to $10,000. However, it would not be a free benefit. The student would need to perform voluntary services (such as a volunteer firefighter or teacher aide) for a state or local government agency.

GOALS: To provide the best possible constituent services to the people of Montgomery, Frederick and Carroll Counties; To restore the government as an instrument of the common good and social progress; And to defend the Constitution and Bill of Rights, strong democracy, and the rule of law.

IMMIGRATION: We need to end the cruel and inhumane treatment of children and families at our border and stop funding the president’s dangerous and profligate border wall; restore protections for refugees and asylum seekers; and pass HR 6, the Dream and Promise Act, to provide a pathway to citizenship for DREAMers and families that have lived here for years due to disaster or conflict in their home countries.

HEALTH CARE: I have consistently fought to defend the ACA and the lifesaving coverage it provides to millions of individuals with preexisting conditions. While I work to protect the ACA, I strongly support moving towards a single-payer universal healthcare system that does not exclude anyone and saves hundreds of billions of dollars spent on insurance bureaucracy.

ENVIRONMENT: We must reorganize the federal government to effectively confront this civilizational crisis. I support policies to transition to a green economy, invest in clean energy technologies and help fossil fuel industry workers retrain for new jobs. My colleagues
and I are also working on a plan to revitalize America’s ailing infrastructure in a way that advances our urgent environmental goals.

**GUN SAFETY:** I support a universal background check; a ban on assault weapons and high-capacity magazines; and barring violently dangerous people from possessing or purchasing firearms; and will not rest until we hold the gun industry accountable for its role in deadly firearm-involved violence. I worked and voted to pass several bills out of the Judiciary Committee including HR 8, HR 1186, HR 1236 & HR 2708.

**ECONOMY:** We need to reverse the GOP tax scam that gave massive corporations outrageous tax cuts while increasing taxes on middle-class families. We need to support working families by raising the minimum wage—and all wages by promoting the right to organize and bargain collectively, lowering healthcare costs, providing paid family leave, promoting debt-free college and expanding affordable housing.

**DISCRIMINATION:** On the Judiciary and Oversight Committees I’m working to expand voting rights; protect freedom of religion while stopping the new argument that businesses have a religious right to discriminate against LGBTQ Americans; protect equal employment rights; stop sexual harassment; and include the disabled. We need strong laws to block violations of civil rights and civil liberties of the people.

**STUDENT LOANS:** I support efforts to provide relief to the millions of Americans struggling with student loan debt, including HR 2186, HR 770, HR 2648, and HR 1070. Also, as Representative of tens of thousands of dedicated public servants, I am working to defend and strengthen the Public Service Loan Forgiveness program.

Campaign Facebook:  http://www.facebook.com/voteLauraMorton

QUALIFICATIONS: I have been a trial attorney for over 26 years, primarily in Carroll County. I have extensive experience in family, traffic, criminal, worker’s compensation, personal injury, and administrative appeals. I have handled thousands of cases, especially in the areas of criminal and family law which make up the vast majority of cases heard in the Circuit Court which is why I am the best candidate.

COURT NEEDS: The number of individuals accessing the court system who cannot pay for legal counsel in civil cases is steadily increasing. These individuals have important issues before the court, often in complicated cases such as custody. We need to have more attorneys providing pro bono legal services and more educational community outreach to teach these individuals how to effectively present their cases.

REPEAT OFFENDERS: Addressing mental health and addiction issues is important to reduce recidivism rates. Expanding the availability of addiction and mental health treatment not only reduces the burden on the court system but also makes our community a better place. We also need to do a better job of helping those transitioning from jails and prisons back into the community for more positive outcomes.

DISCRIMINATION: Inherent biases are best combatted by having diversity on the bench. Different perspectives are important if the judicial system is to provide justice for all. Judges with different backgrounds can work together to help each other understand underrepresented communities. Judges need to be willing to undergo training that helps them know and overcome their own biases and truly keep an open mind.

QUALIFICATIONS: I am the only candidate with 3+ years of judicial experience. Tough, but fair, I am endorsed by the Sheriff and State’s Attorney and enjoy broad support from the legal and law enforcement communities for common-sense rulings. Upon scrutinizing my 30-year legal career, the Judicial Nominating Commission found me highly qualified to be appointed by Gov. Hogan confirming that experience does matter.

COURT NEEDS: Public perception must be improved as many individuals complain about poor treatment received in the court system. Customer service matters and the judiciary is no exception. The public deserves to have faith in a fair and efficient judiciary respectful of citizens’ rights. I do my part by starting court on time, ruling promptly, issuing appropriate sentences and improving treatment of jurors.

REPEAT OFFENDERS: Recidivism is best addressed by early reentry, treatment, and diversion programs for nonviolent offenders. For example, Early Intervention programs aim
to modify criminal behavior for first-time/nonviolent offenders through education and treatment. Work Release programs permit employment during incarceration. Employment along with effective abuse treatment has shown promise in reducing recidivism. 

**DISCRIMINATION:** Discrimination is best addressed by following the oath of office that requires any judge, to the best of their skill and judgment, WITHOUT PARTIALITY OR PREJUDICE, to diligently and faithfully execute the office they hold. A trial judge must apply, not create, the laws enacted by the Legislative branch while following controlling legal precedent of applicable Maryland and Federal appellate courts.

QUALIFICATIONS: my experiences that I gained during my nine (9) years of service as a board member prepared me to make the difficult financial, operational, and personnel related decisions the board will have to make. I have Represented the CCPS system on the Maryland Association of Board of Education (MABE). I have served on the boards of community - based organizations such as the Boys & Girls club.

BUDGET PRIORITIES: My priorities are teachers first, retention second, school building third and Class size # 4

STANDARDS AND TESTING: To be totally honest this is a very difficult question. All I can say is that we continue to work as hard as possible with the standards and testing to see that our kids get the best education we can give them. With each state not being funded the same And having the demographics are different. It’s work in progress.

COLLEGE ALTERNATIVES: I strongly support the career and tech program and The partnership with our community to get jobs for our kids that choose not to go or can not afford to go college. We have a work study program with our partnerships.

SCHOOL SAFETY: For substance abuse we will work closely with our community leaders such as the police and states attorney to come into our school building and talk with our kids and parents about substance abuse and also talk about the gang problem and bullying. Have Parent in our community to join us.

PARTNERSHIPS: In our community We work as a team. We get to know our business partners. we invite them into our schools to talk about the businesses and why education is important. We show them things that we’re doing so they can see our work. We take field trips to their businesses.

PRIORITIES: My priorities are student Achievement, maintaining qualified teachers and communication at all levels what’s next is it

Marsha B. Herbert
Campaign Facebook: http://facebook.com/HerbertforBOE

QUALIFICATIONS: I am currently a member and Vice President of the Carroll County Board of Education. I retired from the Carroll County Public School System after teaching high school students and coaching sports teams for over 41 years. I am also own Country Hill Farm, a local business that teaches horseback riding lessons. I have the tools and
experience needed to lead and produce results for Carroll County.

**BUDGET PRIORITIES:** Our educators need to receive fair and competition compensation. We need to add more Special Educators, Psychologists/Counselors, and IT support in our Elementary Schools. We need to continue to evaluate each school building to ensure that students have a great learning environment. I support the new construction and renovation of the Career & Tech Center to expand capacity and number of programs.

**STANDARDS AND TESTING:** I am proud of CCPS’ PARCC test results, being 1st in math and 2nd in ELA. We need to increase the % of students reading on grade level by 3rd grade and % of students completing Algebra I by 8th grade. Our Special Education, Gifted & Talented, and classroom educators are doing a great job preparing our students for success, both on tests and in their future.

**COLLEGE ALTERNATIVES:** Not all students want to or need to attend college, but all students need to graduate with a path to a successful career. The Career and Technology Center provides students with valuable training in the skilled trades and I support its expansion. Youth apprenticeships are a great tool that we need to capitalize on that allow students to earn a salary while learning a trade with a local employer.

**SCHOOL SAFETY:** We have collaborated with local and state partners to create a new SRO program, offered free classes and trainings, hired a Mental Health Coordinator, budgeted for a School Psychologist, and more to help keep both our students and educators safe. We must continue to offer easily accessible classes and support systems to help our youth in need with any challenge they are facing.

**PARTNERSHIPS:** During my time on the BOE, CCPS’ relationships with our elected officials, county departments, businesses, and the community have never been stronger. These partners support CCPS projects, make donations, and attend events. I look forward to expanding Maryland’s youth apprenticeship program, so CCPS students can earn a wage and class credit while they learn a trade with a local business.

**PRIORITIES:** Carroll County needs to remain a great place to live, work, and raise a family. CCPS needs to increase the quality of education for all students while recruiting, retaining, and providing fair and competitive salaries to educators. CCPS needs to continue be transparent, work collaboratively, and maintain an open dialogue with all stakeholders in the community. I will never vote to close schools.
