Harford County
Voters’ Guide
2020 Primary Election

About this Voters’ Guide

This Voters’ Guide is published by the League of Women Voters. The League has a long tradition of publishing the verbatim responses of candidates to questions important to voters. The League offers this Voters’ Guide to assist citizens in their decision-making process as they prepare for participation in the general election. The League of Women Voters does not support or oppose any candidate or political party.

All candidates were asked to provide biographical information and to respond to a nonpartisan questionnaire. Candidates running for the same office were asked identical questions. Responses from state and local candidates who will appear on the ballot are printed exactly as submitted to the LWV. We did not edit for content, spelling, or grammar. Presidential candidates’ responses were limited to 750 characters. All other candidates’ responses were limited to 400 characters and any additional material was cut off at that point. If a candidate did not respond by the print deadline, "No response received by deadline" is printed.

Additional information on the candidates is available at VOTE411.org, which has any updates received after the deadline. Candidate websites provide additional biographical and policy information. If the candidate submitted a campaign website, it is listed under her/his name. The League assumes no responsibility for errors and/or omissions.

Three Ways to Vote

1. Vote Safe, Vote by Mail
Because of the risk of transmitting COVID-19 wherever large numbers of people are gathered, voters are strongly encouraged to vote by mail. Vote in person only if you cannot vote by mail.

Ballots will be mailed to voters on the active voter registration list and will be accompanied by an envelope with prepaid postage for returning the ballot. **Be sure to sign the oath on the envelope, or your vote will not be counted.**

Voters will receive a Republican or Democratic ballot if they are affiliated with one of those parties. See the information on the next page about “closed-primary” elections. If you do not receive a ballot and believe you are eligible to vote in this election, please contact the Harford County Board of Elections at 410-638-3565.

**Ballots must be postmarked or returned to a secure drop box by 8:00 pm on Election Day, June 2.** The State Board of Elections website includes a form to check that your ballot was received. Drop boxes will be available at the following locations from May 21 through June 2.

**Protect your ballot** - Do not give your ballot to anyone who offers to collect ballots. Put it directly in the U.S. Mail or in a Board of Elections drop box.

2. Limited In-Person Voting on Election Day
To ensure that all voters have an opportunity to vote, **in-person voting will be available at the Vote Center listed above from 7:00 am to 8:00 pm on June 2.**

Voter registration will be available, as will marking devices for use by voters who would have difficulty reading and/or marking a paper ballot. Voters who did not receive a ballot in the mail and voters who cannot mail the ballot they received should also go to the Vote Center.

3. Absentee Voting
If you asked for an absentee ballot for this election, you may have received it already. If you have, please follow the instructions you received. Vote your ballot, **sign and date the oath,** and place both the ballot and the oath in an envelope. Be sure the envelope is addressed correctly and includes your ballot number.

If you would prefer to receive your ballot electronically, please call or email your local board of elections. When your ballot is ready, you will receive an email with a link to your ballot. You must print your ballot and the sign the oath. If you do not see an email from the State Board of Elections, check your spam folder.
“Closed-Primary” Elections

Maryland is a “closed-primary state”. Only the Republican and Democratic parties will be choosing their candidates in the upcoming election. Other political parties will choose their candidates by other methods.

What does a “closed-primary” mean for voters? In partisan races, voters registered as Republicans may vote only for Republican candidates and voters registered as Democrats may vote only for Democratic candidates. All registered voters may vote in non-partisan races such as Board of Education. If there are no non-partisan races on the ballot in a given county, independent and third party voters will not vote until the general election in November.

Offices and Candidates are listed on the following pages in ballot order. Website and social media sites are those provided by the candidates to the Maryland State Board of Elections unless updated by the candidate for this Voters’ Guide.
**U.S. President**

**DUTIES:** The President is the head of state of the United States of America; the Chief Executive Officer; and the Commander in Chief of all military forces. The powers of the President are prescribed in the Constitution and federal law. The President appoints the members of the Cabinet, ambassadors to other nations and the United Nations, Supreme Court Justices, and federal judges, subject to Senate approval. The President, along with the Cabinet and its agencies, is responsible for carrying out and enforcing the laws of the United States. The President may also recommend legislation to the United States Congress.

**TERM:** Four years. Limit of two terms.

**BASE SALARY:** $400,000 per year.

**Criteria for Participation in VOTE411.org:** All presidential candidates who will appear on Maryland’s ballot are listed below. The League of Women Voters of the United States, through the League of Women Voters Education Fund (LWVEF), established criteria to determine which candidates to invite to respond to questions for the Voters’ Guide.

Candidates qualified for invitations from LWVEF to provide responses to specific questions if they met the following criteria:
- The candidate must have made a public announcement of her/his intention to run for President.
- The candidate must have met the Presidential Election Campaign Fund Act’s minimum contribution threshold requirements for qualifying for matching funds, based on the most recent data publicly available on the Federal Election Commission’s website.

LWVEF is required to have at least two candidates for President from the same party meet the above criteria before they are invited to answer the League’s questions and to have their responses printed in a voters’ guide.

**Questions**

**ELECTIONS AND VOTING:** What policies do you support to improve and secure elections and voting in our country?

**COMMON GROUND:** Please explain where you see opportunities for Democrats and Republicans to find common ground on the very serious issues facing our country.

**IMMIGRATION:** What, if any, steps will you take to reform current immigration policies?

**GUN VIOLENCE:** Please explain the policies, if any, you support to address gun violence in America.

**CLIMATE CHANGE:** What, if any, actions would you work towards in your first 100 days to address the threats facing the US due to climate change?
**Republican Candidates**  
Republicans may vote for 1

The League of Women Voters Education Fund (LWVED) requires that at least two candidates for President from the same party meet the above criteria before launching a *Voters’ Guide* covering that party. At this time, only one candidate running for the Republican Party’s nomination for President has met the LWVEF criteria listed above. Therefore, no Republican presidential candidates have yet been invited to participate. As soon as any two Republican candidates meet the criteria or the party’s national nominating convention occurs, LWVEF will invite the qualified candidate(s).

**Both the Republican candidates for U.S. President listed below appear on the Maryland ballot.**

The following candidate met the LWVEF criteria for participation in VOTE411, but see the full description of the invitation process above.

**Donald. J. Trump**

The following candidate did not meet the LWVEF criteria and has withdrawn or suspended his campaign.

**Bill Weld**

**Democratic Candidates**  
Democrats may vote for 1

**All of the Democratic candidates for U.S. President listed below and on the following page appear on the Maryland primary ballot.**

The following candidate met the LWVEF criteria for participation in VOTE411 and provided responses to the League’s questions. These can be found at [VOTE411.org](http://VOTE411.org). LWVEF guidelines do not allow printing responses from just one presidential candidate.

**Joe Biden**

The following candidates met the LWVEF criteria for participation in VOTE411 and provided responses to the League’s questions. These can be found at [VOTE411.org](http://VOTE411.org). They have withdrawn or suspended their campaigns.

**Cory Booker**

**Pete Buttigieg**

**Tulsi Gabbard**

**Amy Klobuchar**

The following candidates did not meet the LWVEF criteria and were not asked to provide responses to the League’s questions. They have withdrawn or suspended their campaigns.

Michael Bennet

Michael Bloomberg

Julian Castro

**Jorge Delgado**

Campaign Facebook: http://facebook.com/votedelgado  
Campaign Twitter: twitter.com/votedelgado

**GOALS:** After carefully considering my opponent’s dismal record and hearing the disappointment of voters in our district, I weighed my policy experience working on Capitol Hill and decided the only way to change the status quo and give Republicans in Maryland’s 1st Congressional District a clear choice, was to challenge the incumbent.

**IMMIGRATION:** Jorge adamantly opposes sanctuary cities, which are unlawful. When we lose control of our borders and we are unable to safely vet those entering our country, it becomes a matter of national security which strains our resources. In order to help protect and secure our borders, Jorge strongly supports building the wall, utilizing high-tech tools, additional funding for judges and Border Agents.

**HEALTH CARE:** From newborns to seniors, Eastern Shore families need access to safe, affordable healthcare. Jorge is committed to combating surprise billing, lowering prescription drug prices, as well as protecting and preserving Social Security, Medicare and Medicaid.

**ENVIRONMENT:** Jorge opposes seismic blasting off Maryland’s coast. He is a strong supporter of the Land and Water Conservation Fund, a program that provides critical resources, without federal taxpayer dollars, for coastal conservation and restoration. Most importantly, Jorge knows Maryland must hold its neighboring states accountable for any harm caused that adversely affects our beloved Chesapeake Bay.

**GUN SAFETY:** Jorge strongly supports law abiding citizens 2nd Amendment rights and ability to defend themselves. He believes our Police should have all the proper resources required to protect our communities. We must also ensure that we are properly funding threat assessment centers and mental health facilities. Our community challenges need local input & diverse partners to find solutions to complex problems.

**ECONOMY:** Jorge is a strong supporter of the free enterprise system. It has been the greatest source in upward economic mobility and allowing people to reach their full potential.

**DISCRIMINATION:** As a Hispanic Republican, Jorge hopes to show through his actions that we all can break barriers. Discrimination has no place in our society.

**STUDENT LOANS:** Students need upfront and clear information of the harm that debt will create on their future. With over $1T in student loan debt, it is a looming crisis that will create severe challenges when it bursts. Students should be aware of other opportunities such as trade schools, community colleges, and other alternatives that may better meet their long-term goals.
Andy Harris

Campaign Facebook: http://www.facebook.com/harrisforcongress
Campaign Twitter: twitter.com/Harris4Congress

GOALS: I am running for re-election to make sure that everyone in the First District will have a representative in Congress who pays attention to what the people need from the federal government, listens to them, and can provide timely and effective constituent services when problems arise for them with any federal agency, like Social Security, the VA, Medicare, or the IRS.

IMMIGRATION: We need to be sure that we have an adequate supply of temporary foreign workers for industries important to the First District, like the crab picking industry and the tourism industry. I have been a leader on these issues in Washington, since so many small and family-owned businesses in the district depend on those workers, especially when the economy is so good and employees are so hard to find.

HEALTH CARE: We need to make health care more affordable - that was the main problem with the Affordable Care Act. We need to bring down the cost not only of insurance (maintaining coverage for any pre-existing conditions), but of health care itself. We have to bring down the high cost of prescription drugs, and we should have price transparency for all medical services and drugs.

ENVIRONMENT: By encouraging the use of exploration and production of natural gas to replace coal to generate electricity, the federal government brought down CO2 use in America for the third year in a row, exceeding the reduction of many countries in the Paris Climate Accords. We need to encourage the use of clean energy, especially exploring new advances in nuclear power generation which are safe and clean.

GUN SAFETY: Gun crimes must be prosecuted to the fullest extent of the law. In Baltimore City, where Maryland's strict gun control laws have failed to stem the tide of handgun murders, we should send in federal law enforcement and prosecutors to help find and prosecute everyone who commits a felony with a handgun, and everyone who illegally possesses or attempts to buy a gun. We should enforce current laws.

ECONOMY: The successful economic policies of the Trump administration have resulted in a $5,000 increase in the median family income in America over the last five years, and the lowest unemployment rate in half a century, with record low unemployment for African Americans and Hispanics. Strengthening our economy and resisting socialist policies are the best way to increase incomes.

DISCRIMINATION: There are enough laws on the books, but in many countries in the world, there is an increasing problem with religious discrimination, especially against religious minorities like Christians, Jews, and Muslims. I applaud the President's efforts to fight religious discrimination world-wide, and more needs to be done. Congress should be a partner with the administration in these efforts.

STUDENT LOANS: Lower cost higher education alternatives need to be developed. With the new digital age, online education is underutilized. We need to consider a new, less expensive plan for college - such as the first 2 years online, at one-fifth to one-tenth the cost. The last 2 years, and graduate education could still be on a physical campus. We also need to encourage career training in high school.

Allison Galbraith

Campaign Facebook: http://facebook.com/AllisonforMD/

GOALS: I met Andy Harris. I’d gone to him concerned repeal of ACA protections would make it impossible to obtain private insurance and keep my small business. He told me he didn’t think “most people” would mind if women paid more for health insurance. My background is in policy and federal acquisition; I didn’t think they’d mind if I took his job. Representatives should work for all of us. I will.

IMMIGRATION: We need sensible, humane policies which treat immigrants with respect and compassion. The Eastern Shore relies on foreign workers and H-2B visas to sustain MD’s $355M seafood industry. Each one helps to create 2.5 jobs, while shortages devastate the economy. We require a comprehensive long-term solution as part of a more adaptable and responsive visa system and expanded pathways to citizenship.

HEALTH CARE: ACA offered relief for many but is far from perfect. We can protect and expand ACA, Medicare, Medicaid, and CHIP while striving for quality, affordable, universal healthcare, including reproductive/mental health, dental, long term care, and Rx coverage. This would improve health outcomes, lower costs, enable job mobility/entrepreneurship/retirement, and ease burdens on small biz and caregivers.

ENVIRONMENT: Pollution, global warming, sea level, and extreme weather events do not respect political boundaries. It is a global crisis; the U.S. has a responsibility to be a leader in tackling environmental issues at all levels. Let’s rejoin the Paris Agreement, transition to clean, renewable energy, build sustainable communities, strengthen environmental laws, curb climate change, and protect our planet.

GUN SAFETY: I’d work to repeal the Dickey and Tiahrt Amendments, which hinder efforts to research gun violence and trace guns, fully fund law enforcement efforts at ATF and gun violence prevention research at CDC, require universal background checks, prohibit possession by domestic abusers, and promote a gold standard of responsible ownership among owners while penalizing negligence, and more.

ECONOMY: First and foremost, we must ensure that the very wealthiest among us are paying their fair share—a Prime subscription shouldn’t cost more than Amazon pays in federal taxes. We must raise the minimum wage to a living wage. But we must also address inequality through an intersectional lens, and acknowledge and address how inequality disproportionately affects women and people of color.

DISCRIMINATION: We must enforce existing discrimination laws, and ensure that we are properly addressing complaints of discrimination in the public and private sectors. We should also federally legislate these issues so that bias based on race, gender identity, sexual orientation, etc. isn’t permitted just because you crossed from one state into another. We also must finally codify the ERA into the Constitution.

STUDENT LOANS: Advanced education is increasingly necessary to compete in today’s job market; meanwhile Americans owe ~$1.6T in student debt. I’d work to ensure educational opportunity—college, trade schools, continuing ed, professional training, etc.—is accessible to all. A comprehensive solution to student debt must be explored also, including loan forgiveness program options and lending reform.
GOALS: I'm running to represent Maryland District One by restoring Accountability, Equality, and Integrity as sworn to the Oath of Office. Our current representation works against our citizen’s healthcare concerns, their fundamental civil rights protections, and leads education systems into despair. Therefore, we seek to renew the primary goals of communities to have better education, jobs, & healthcare.

IMMIGRATION: Families need a legal pathway system to help represent those at trial or for those who seeking immigration rather than deportation. We're looking to reduce costs for families who are separated and burdened with little regard for those who are actual citizens. We do not believe in deportation for small infractions, only those with felonies as major crimes. We're a nation of immigrants since 1607.

HEALTH CARE: We seek to expand ACA to Medicare for All. Our Goals are ensuring providers meet all standards of Medicare for all, with expansion to all ages. We are protecting pre-existing conditions & ending exclusions that allow discrimination of care or denial of treatment and medicines. Private insurers & employers should be in compliance to have healthier workers by 2030. Thus, you can keep your plan too.

ENVIRONMENT: First, we must sign to Paris Accords again. Then enact legislation to have our Federal EPA comply with protecting our environment, and not delegate responsibilities to private sectors. We must fund our Chesapeake Bay protection fund to assist our communities, councils best, and companies to reward their efforts in protecting our Bay, State, and Planet in Solar, Wind, and Energy Storage utilities.

GUN SAFETY: We would propose adding all weapons permits, training, and carry status on the back of driver license or Real ID for easy reading. License additions shall include your guns as authorized to carry by type, a designation of your training certification for those weapons, and any FFL Status. Doing this provides a reduction of paperwork, additional permits, & can allow joint multi-state authorizations.

ECONOMY: For Education, we support the Kirwan commission reporting and seek to support the state from a federal level as needed. For Infrastructure, we would seek innovation companies, manufacturers, and small businesses to keep our twelve Counties thriving. For Wages, we would co-sponsor House Bill 582 Raise the Wage Act and seek passage of Senate Bill 150 for a federal minimum wage of $15.00 per hour.

DISCRIMINATION: Currently, 38 states support the Equal Rights Amendment. Therefore, I would sponsor a bill to our House of Representatives to introduce the Constitutional Amendment again. We seek to protect all our Civil Rights Act of 1964. As a member of the LGBTQ community, we seek to protect everyone for their national origin, race, gender identification, sexual orientation, religion, disability, or religion.

STUDENT LOANS: For student loans, we seek to reduce interest rates to be no higher than ten percent ever for private loans to for-profit schools. Forgive those loans of our veterans and communities who are applying for assistance. Ensure the Department of Education holds any and all colleges accountable. DOE should also seek to provide a pathway to make non-profit colleges tuition-free for all our communities.

GOALS: We need leadership that already has an established process for evaluating problems and legislation. I call it ‘the nursing process.’ I am well versed. I truly believe I am the leader who can bring a consistent approach to the needs of Maryland’s First Congressional District.

IMMIGRATION: Pause ICE for 6 months. Give Illegal immigrants one chance to properly get on the path to citizenship. I like ankle monitors for asylum seekers to empty the holding cells. I want an immigration process as easy to understand as the picture menu at a fast food restaurant.

HEALTH CARE: I like the ACA as it is. I would only suggest adding my “Primary Care for All Citizens” legislation. This starts with an expansion of Medicare part A to include primary care service and move from a reactive healthcare model to proactive healthcare model. Proactive is cheaper and has better outcomes.

ENVIRONMENT: The federal government needs to ensure that a scientist or a science competent leader is the head of the EPA. This should be a position that requires a confirmation hearing. America should be the forerunners of environmentally friendly, and we are way behind. We can start by re-entering the Paris Agreement.

GUN SAFETY: Establish an independent entity to monitor background check for gun owners and perform private gun vaulting in domestic cases. Highly encourage gun safety and responsibility from an early age, such as in the Boy Scout and the Eddie the Eagle program. Make mass shootings an act of domestic terrorism.

ECONOMY: Stabilizing student loans and healthcare costs will help stimulate the economy. As well, investing in green ventures can and will bring economic stability to tourist and farming regions.

DISCRIMINATION: For high crimes against humanity through discrimination and hate, I propose an offender registry. Just like sex offenders. I will lead by example and make my office as inclusive and as representative of the district as possible.

STUDENT LOANS: Get everyone into government-controlled student loans to stop the predatory nature of the current system. I also think making community colleges free would help students decide their educational path without acquiring as much debt because they decided to change their major.

GOALS: I am running in hopes of making my state, and by extension my nation, a better place for my children to live. As a father of five, I want to know that I did my part to ensure that our children will have the opportunities to live the best lives possible. It is my deepest desire to stress to members of the House of Reps that we must insist on putting American kids first, no matter the push-back.

IMMIGRATION: Undocumented individuals are putting an unnecessary strain on our school systems, economy, health care system, and law enforcement agencies and members of our government are allowing this to happen. We need to put a stop to this thievery and make sure that any person who comes into our country, and who gets to benefit from what we have to offer, does so legally, through a Merit-Based system.

HEALTH CARE: Americans should not be forced to give up their better, and possibly cheaper, insurance in favor of a mandated universal health care option. Government health care plans, however, should offer an a-la-carte style in tandem with the health care they may already have. Additionally, the government should consider implementing a catastrophic healthcare option for those faced with emergency situations.

ENVIRONMENT: The government should be responsible for taking care of public lands, parks, and water ways. The government, however, should not pass excessive environmental regulations which are an unnecessary hinderance to individuals and corporations. Often, these regulations produce indirect expenses to consumers for something that is not scientifically proven.

GUN SAFETY: I am in favor of constitutional carry. This means that I believe American citizens who legally obtain guns have the right to carry firearms without restrictions. It is a God given right to defend ourselves and protect our family members. Legislators should become more creative in keeping criminals off the streets and stop hassling law abiding citizens over this issue.

ECONOMY: The strength of our economy all starts with education. We need to not only embrace manufacturing jobs, high-tech jobs, and blue collar jobs, but we need to educate individuals about each type. Furthermore, we need to stop subsidies that are geared to benefit certain corporations. We need to re-think opportunity zones and consider the use of tax incentives, not direct American tax increases.

DISCRIMINATION: I plan on doing my part to bring identity based policies and politics to an end. There should not be quotas based on race, gender, or any other nominal factor. We need to collectively work to bring an end to racism, as well as reverse racism. We only know who we are, or what we are, because society tells us.
**STUDENT LOANS:** While I do support college enrollment, I strongly support apprenticeships that assist in training individuals. In doing so, these programs would limit flooded fields - especially those in the social sciences. I plan on fighting to eliminate non-defaulted loan structures. Since the govt backs student loans, loan agencies are protected from individuals filing bankruptcy and have their debt reduced.

**GOALS:** This is a critical election year. I believe our nation is at a crossroads. Either we continue along the path of eventual cultural and political suicide the Left has led us on, or we turn our nation around. I have studied these issues for over 30 years. I believe it is time to jump in and make whatever contributions possible to help avert disaster and restore our nation to sanity and prosperity.  
**IMMIGRATION:** Immigration needs wholesale reform. 1 million legal aliens arrive annually, but less than 15% for employment purposes. Most are chain migrants from the 3rd world. 400 languages are spoken in increasingly chaotic public schools. Illegal immigration is unfair to legal immigrants, brings crime, drugs, and excessive welfare use; while undermining legitimate small businesses and depressing wages.  
**HEALTH CARE:** The misnamed ACA drove insurers out of business, forced policyholders to lose preferred doctors, and skyrocketed premiums and deductibles for ACA insured. It should be abolished. There are many other effective ways to cut costs. But our deteriorating health (e.g. epidemic obesity) is a major reason for growing healthcare costs. I will launch a national campaign to promote proper diet and fitness.  
**ENVIRONMENT:** America has some of the cleanest water and air in the developed world. Russia and China are despoiling environments more than any other, but we have zero control over them. Some environmental issues remain, but few are addressed correctly. The
agenda is often driven by monied interests (e.g. the Chesapeake Bay Foundation), which constantly fundraise while doing little to solve the problem.

**GUN SAFETY:** Laws restricting legal gun use facilitate crime because they prevent self-defense by law-abiding Americans. Shootings in "gun-free zones" prove it. This is also true in inner cities, where legal self-defense is almost impossible. Crime has declined overnight in jurisdictions where it is allowed. Current laws against illegal guns are not enforced. Why add new ones? Enforce current law!

**ECONOMY:** This question illustrates a widespread but profound ignorance of economics. It assumes that anytime there is an income gap, someone else is gaining at our expense. Utterly FALSE. If someone else is gaining, it’s because they have become more productive, which benefits all while hurting no one. Should an income gap matter to you if your economic circumstances are improving? Growth policy helps all.

**DISCRIMINATION:** This concept has been misused and misinterpreted and is polarizing our society. Politicians are incentivized to support one group over another to gain votes, putting us at war with ourselves. As MLK envisioned, we should judge by content of character, not any other aspect. Preferences and set-asides make bigoted presumptions about people, with government as enforcer. We are better than that.

**STUDENT LOANS:** Lending institutions are incentivized to offer student loans, even in the face of higher risk, because, like IRS debt, student loans cannot be written off in bankruptcy. Lenders would be more careful and colleges less inclined to push student loan debt without this incentive. Also, college expense has rapidly exceeded its value. Federal subsidies should be slashed & valueless majors abolished.

**GOALS:** Since 1969, I’ve foreseen the divisive national situation we now have that might spark a second civil war if not checked, that has been my overall goal since then. As Congressman, I’d work to reverse the former by working with all Members, and appealing to the innate goodness of our people.

**IMMIGRATION:** US Armed Forces should join with those of Mexico to destroy our common drug cartel enemy that dominates our national frontiers. We intervened militarily in Mexico in 1916, and should do so again now for the common benefit of both peoples. Our own so-called "sanctuaries" violate Federal laws, such as at Towson University, and should be abolished. Police forces should comply with the Federal ICE.

**HEALTH CARE:** As with Social Security since 1935, the Affordable Care Act can also be reformed, expanded, and improved. People happy with their current, private insurance should be able to keep it. A Public Option should be available to those who seek it. Veterans should have dental care added to their benefits.

**ENVIRONMENT:** The bottom line for the planet is, "If you can’t breathe, nothing else matters." Unless we can persuade India and China to change course and work with us and others, little that the rest of us do will matter enough. I will serve in Congress to achieve the above, as well as all else that I can see will help here.

**GUN SAFETY:** I support the 2nd Amendment to the US Constitution, as well as all current gun laws. The death penalty should be returned for all convicted murderers. Mandatory sentencing for all other gun crimes should be restored, with no judicial leniency permitted.

**ECONOMY:** I support the Maryland Minimum Wage increase to $ 15 an hour. The reported
Federal minimum wage of $7.25 should also be raised to $15. Congress passed an equal pay for equal work law in 1955. The President should sign that into law.

**DISCRIMINATION:** I would introduce legislation to abolish them all.

**STUDENT LOANS:** Abolish it all in 2021. Issue tax credits to both lenders of those monies and those graduates who've already paid their debt. Investigate how the current situation was allowed to happen, starting with where and when.

**GOALS:** Americans are tired of politicians, tired of partisan politics and tired of inaction. Washington dysfunction is worse today under 18 year career politician leadership. As an Army Veteran I understand how to accomplish the mission for Americans irregardless of political affiliation. We need to get back to basics in Washington, solving problems to improve the lives of all Marylanders and Americans.

**IMMIGRATION:** The President has focused resources and money on treating the side effects of failed foreign policy instead of addressing the root cause of why people are fleeing Northern Triangle Central American countries for the United States. Increase safety and economic stability in that region and we won't have a mass immigration border problem. We must also create an independent Article 1 immigration court

**HEALTH CARE:** My wife Jenn, a type 1 diabetic for 30 years, said to me, "Jake, if we weren't married, I don't know how I would survive." The Affordable Care Act was a godsend for hair stylists and other trade professionals, but it wasn't enough. I will work to strengthen the ACA, add a public option plan, eliminate co-pays for chronic disease maintenance drugs and drive down healthcare costs.

**ENVIRONMENT:** It is the federal government's role to invest money in clean energy R&D. We must be the international leader in green technology and environmental policies to address global warming. Trump's 2020 proposed budget slashes EPA funding by 31% to $6B. I would increase funding from $8B to $10B and restore environmental enforcement at the federal level, because pollution knows no state borders.

**GUN SAFETY:** Americans own 17 million assault rifles, so banning these weapons won't have an impact. Homicides with rifles is 3% and handguns 65%. Criminals with handguns is the problem. We must plug the loopholes for the legal sale of unregistered 80% complete ghost guns kits. Laws must require the secure storage of guns to prevent theft. Gun violence criminals must be taken off the street and locked up.

**ECONOMY:** The Trump tax cuts have added to the gap by giving more money to large corporations and billionaires while hurting middle class Americans. I will push to repeal the
cuts and update the tax code to tax corporations and billionaires at a fair rate. We must provide more money for small business startups and skilled labor training. Fixing our public schools will lay the foundation for this prosperity.  

**DISCRIMINATION:** People can’t be told not to discriminate against others due to unconscious bias. I’m a firm believer that people must walk a mile in another person’s shoes before cultivating empathy for that other person or group. People must be exposed to different people and cultures. I would introduce legislation requiring common learning core curriculum for all schools receiving federal money.  

**STUDENT LOANS:** While I was in the Army stationed at Walter Reed and living in Maryland, I had to take out a student loan to help pay for tuition and living expenses like food and electricity. I understood I could pay it back with the return on educational investment after earning my master’s degree. I would reform the current Student Loan Forgiveness Program and help borrowers victimized by unscrupulous schools.

**GOALS:** Congress needs people, like me, working across the aisle and focusing on the basics like good schools, safe streets and decent jobs. I want to keep focusing on national security as we prepare for the threats of tomorrow, including cyber attacks and nuclear weapons. I also want to continue my work on the Appropriations Committee, ensuring that Maryland and its communities get their fair share.  

**IMMIGRATION:** I’d stop the President from raiding our military facilities and families to build the wasteful border wall. I’d end family separation and move immigrants out of detention facilities as quickly as possible by hiring more federal judges to reduce the courts backlog. I’ll work to pass comprehensive immigration reform that provides both sensible border security and a reasonable path to citizenship.  

**HEALTH CARE:** We must continue the consumer protections provided by the ACA, but strengthen it by adding a public option that creates competition and lowers prices. We can also allow Americans to buy into Medicare at a younger age. We also must address soaring prescription drug prices that are generating record profits for the pharmaceutical industry at the expense of Americans in need of life-saving medicines.  

**ENVIRONMENT:** Since the U.S. is one of the world’s leading polluters, the federal government must take the lead in addressing environmental concerns like climate change. We must re-join the Paris Treaty and work toward carbon neutrality. As an Appropriator, I support full funding for programs such as the Chesapeake Bay Program, which benefits our economy, creates jobs and preserves our natural heritage.  

**GUN SAFETY:** I support banning assault weapons and high capacity magazines, background checks for gun and ammo purchases, no-fly-no-buy and tougher penalties for straw purchases. People convicted of certain hate crimes, as well as domestic abusers, should not be allowed to buy guns. I have introduced legislation to stop the cycle of gun violence by providing hospital-based interventions for recovering victims.  

**ECONOMY:** The middle class needs to make more money, which is why I support extending tax cuts for the working class, as well as a minimum wage increase. Congress needs to address paid leave and advance robust “Buy American” provisions as well as workers’ rights to help strengthen the working class. I support investing in infrastructure to create jobs, as well as tax incentives for small business.  

**DISCRIMINATION:** There is no place in our society for discrimination of any kind. That’s
why I support ratifying the Equal Rights Amendment, as well as passing The Equality Act and the Disability Integration Act once and for all.

**STUDENT LOANS:** I support legislation to lower student loan interest rates and allow students to refinance their student loans when rates decline. I support expanding federal loan forgiveness programs for students who choose certain in-demand careers, like teachers and nurses, and capping the dollar amount students must repay each month. We also need to increase the maximum value and number of Pell Grants.
