

## Custom fields

Custom fields in NB used to be listed in the order they were added - a bit odd, but that explains the seemingly random arrangement! Administrators can add custom fields, and on the setup page, can click and drag the fields to re-sort the list.the

As of 11/2019 custom fields available are as follows:

Category	Field	Purpose notes
Membership	League ID	
	First joined date	
	Member expire date	
	Member status	Active/Inactive
	Member type	Primary/Additional/Student/Life
	Last modified date	
	Modified by	Initials are enough
	Notes	
	Additional member name	If a household membership was purchased
	Additional member's email address	
Communicate with officers	Office or portfolio held in local league	(we could make this a dropdown)
Student memberships	School affiliation	
	Anticipated completion date	
	Birth year	
Misc	Tame the Gerrymander email	Needed at the time of creation
	To purchase this ticket for ....	
Data merge with LWWUS	LWWUS-SF League Assignment ID	These fields were created in 2018 with high hopes that we could export our records to LWWUS. It turned out that LWWUS groups people by household while we track them as individuals making the effort impossible.
	LWWUS-SF Leagueaccount ID	
	LWWUS-SF League Contact ID
