

NB FAQ #1

Q. One of our League members shows up in NB as having “opted out” of email, and consequently is not receiving any of our communications. He/she is an active participant and the email address is correct. How did this happen and what can I do?

A. This is usually the result of a member unsubscribing from one of the LWVMD publications, such as the *Report from State Circle* or *The Voter*. The best approach is to contact the member and explain that as long as they are “opted out” they will not receive any communications about upcoming local League programs or actions. Often this was an unintended consequence of unsubscribing and the member will want to reactivate their email.

To opt back into email, the member must follow these steps:

- 1) Go online to lwvmd.org/get_newsletters.
- 2) If the member has signed into the website, he/she will see the image on the left; if not signed in, he/she will see the image on the right and will need to provide an email address.
