

How much money does Metro need?

As riders, we deserve a reliable, affordable, safe Metro system. But, Metro does not have enough money to make the improvements needed to create a world class system.

Over the next 10 yrs Metro needs an increase of:

- \$1.3 billion to for operating costs—paying bus drivers, safety personnel
- \$6.1 billion to bring the system back to a state of good repair

Sign the petition now for a frequent, reliable, affordable, safe system for decades to come.

Fund Metro NOW for a reliable, affordable, safe system

Frustrated by Metro's worsening service and higher costs? So are we!

The **best way to fix the problem is getting Metro dedicated funding.** Without it, Metro could be forced to:

- Further reduce frequency of peak service
- Raise fares even more
- Eliminate bus routes

Sign the petition now for a frequent, reliable, affordable, safe system for decades to come.
