

THE LEAGUE OF WOMEN VOTERS
of Montgomery County, MD, Inc.

Testimony: Montgomery Charter Review Commission
August 24, 2016

In 2004, the League of Women Voters of Montgomery County (LWVMC) was a key player in a large coalition that defeated controversial charter amendments that would have created term limits for the County Council and the County Executive.

Consistent with this position and with the position of the League of Women Voters of the United States since 1992, the League of Women Voters of Montgomery County opposes term limits. LWVMC trusts voters to make the decisions about whether they want candidates to continue in office, and firmly believes that voters must continue to have that right and responsibility.

Respectfully submitted,
Linna Barnes
President, LWVMC
