Dear Montgomery County Councilmembers:

This letter is an enthusiastic thank-you from the League of Women Voters of Montgomery County for your strong passage on November 28, 2017, of the resolution that calls on the state to get half its electricity from renewable sources no later than 2030 -- a goal in line with the statewide Maryland Clean Energy Jobs Campaign supported by 600 groups statewide. As you all know, the resolution also calls on the state to get 100% renewable power soon after that.

We hope that – with your help – Maryland will continue to move forward to a renewable energy future, an important way to help combat climate change.

Yours truly,

Nancy Bliss, president
