Nomination of Felix Häring to the elections to the LYMEC delegation to the ALDE Party Congress

30 September 2021

Dear liberal friends,

Today we have the pleasure of informing you of the nomination of Felix Häring as a candidate for the LYMEC delegation to the ALDE Party Congress at the elections taking place in the upcoming Autumn Congress in Paris.

In January 2020, Felix was elected as International Officer to the federal Board of the Federal Association of Liberal Student Groups (LHG). Since then, he has successfully coordinated our international relationships, and cooperated with organisations all over Europe. Policy has always been one of his main concerns on European level. With Felix leading the LHG delegation, we have been actively contributing to LYMEC's policies and resolutions. He has been a hard-working member of the Policy Book Working Groups three times and in June 2021 Felix already represented LYMEC at the Digital ALDE Congress as part of their delegation.

Felix is European by heart: Next to Germany, he has also been living and studying in Czech Republic and Lithuania. Since joining LHG he has successfully promoted our international ties with great enthusiasm and effort. We strongly believe that Felix's political experience, his knowledge of LYMEC and its member organisations, as well as his personality will contribute to a successful activity within the LYMEC delegation to the ALDE Party Congress and make him a great candidate to help shape the liberal future in Europe. We are confident that Felix will continue to do a fantastic job and are happy to inform you of his nomination.

Yours faithfully

Tabea Gandelheidt
