

Motivation Letter for the LYMEC Delegation to the ALDE Party Congress

Since 2018 I have had the opportunity to get to know the LYMEC framework and to cooperate with organisations from all over Europe. With all of this experience and knowledge I feel ready to represent LYMEC also as part of its delegation to the ALDE congress. Even if LHG ranks among the smaller organisations within the LYMEC framework we are willing to be a supportive, critical - but constructive voice happy to listen to all member organisations and their positions on policy. Policy has always been one of LHG's key priorities within LYMEC. As International Officer of LHG I have already participated three times in the Policy Book Renewal Working Groups and helped restructuring our policies. Our Federal Association sees itself as active member in the LYMEC community and as such it has always been important to us to contribute to policy with our resolutions at every congress. In June 2021 I have already had the honour of representing LYMEC at the Digital ALDE Congress and I am motivated to take time, work hard and bring in this experience also for the next delegation
