## MLP Energy Efficiency Recommendations

### 1. Increase the Size of Energy Efficiency Programs and Rebates
- Increase the size of weatherization and heat pump rebates for residents
- Work with state officials to create and adopt a 0% interest loan program for energy efficiency retrofits
- Implement and expand commercial energy efficiency programs and offerings
- Increase the percentage of overall revenue allocated to energy efficiency programs

### Relevant Actors
- LIGHT BOARDS
- MLPs
- MMWEC & ENE
- DOER

### 2. Increase Equity and Access to Energy Efficiency Programs
- Provide increased rebates for low-income residents and renters
- Conduct specific outreach to low-income residents and renters who stand to benefit the most from energy efficiency programs
- Identify households in MLP districts based on income, race, and language isolation; develop outreach strategies to reduce barriers and raise awareness of program offerings

### Relevant Actors
- LIGHT BOARDS
- MLPs
- MMWEC & ENE

### 3. Track Savings and Progress of Energy Efficiency Programs
- Track and report kWh savings from energy efficiency programs in annual Municipal Action Plans (MAPs)
- Track and make public energy savings in a way that enables MLPs to be accountable for equity
- Set ambitious energy savings goals based on kWh savings and other metrics
- Track energy efficiency using additional metrics that account for electrification

### Relevant Actors
- LIGHT BOARDS
- MLPs
- MMWEC & ENE
- DOER

### 4. Increase State Support for MLP Energy Efficiency
- Mitigate disparities in energy efficiency programs between MLPs and IOUs
- Provide more funding for MLP energy efficiency programs
- Allocate funding specifically for MLPs to enhance their energy efficiency incentives
- Allocate funding for innovative programs and pilot projects in MLP districts

### Relevant Actors
- LEGISLATURE
- DOER
