The state invests in culture in every community through Local Cultural Councils

Local Cultural Councils were established in the 1980s
Medfield Cultural Council is run by volunteers, appointed by Selectmen
100% of our investment supports Medfield programs and organizations
Medfield Cultural Council can only support 25% of the requests it receives

For just 35¢ a person, we can double our support for organizations that help make Medfield a great place to visit, live, work, play and raise our families.

“Creativity is contagious. Pass it on.” – Albert Einstein
