Stronger Communities Programme— Round 4

Factsheet

The Stronger Communities Programme supports the Australian Government's commitment to deliver social benefits in communities across Australia.

The program will fund small capital projects in each of the 150 federal electorates to improve local community participation and contribute to vibrant and viable communities.

What does it offer?

A total of \$22.5 million is available in round 4 of the program. Each electorate will receive \$150,000 for allocation to successful applications. A maximum of 20 projects will be funded in each electorate.

For each project, the grant amount will be up to 50 per cent of eligible project costs.

- The minimum grant amount is \$2,500.
- The maximum grant amount is \$20,000.

No more than 50 per cent of your total eligible project costs can be funded from Commonwealth government grants.

You can fund your share of eligible project costs from any source including state and local government. Your contribution can be either cash or in-kind.

How does it work?

Your local Member of Parliament (MP) may choose to participate in the program. If they do, they must consult with either an existing consultation committee or establish a new consultation committee with representatives from the local community.

The MP and the consultation committee identify potential applicants and projects in their electorate. The identified projects must be consistent with the intended program's outcomes and eligibility criteria.

Your MP will invite potential applicants to apply for a grant to deliver specific small capital projects. The invitation will include a link to an online application form and details on how to apply. Your MP must advise the department of the basis for project selection.

To be eligible you must be invited by your MP to apply and your project must:

- deliver social benefits to your community
- include eligible activities and eligible expenditure
- have at least \$5,000 in eligible expenditure

Your project should be scheduled for completion by 30 June 2019.

The grant amount and project in your application must be the same as that detailed in your invitation and reported by your local MP to the department.

How will my application be assessed?

It is important to note that being invited to submit an application by your MP, does not guarantee that your application will be successful.

We will assess your application for completeness and against all the eligibility criteria.

To be recommended for funding, your project must meet all eligibility criteria as these projects provide the best value for money.

The Program Delegate decides which grants to approve taking into account the eligibility assessment of the department, any reputational risk to the Australian Government, information you provide, and the availability of grant funds.

When can I start my project?

You may start your project from the date you submit your application online and receive an automatic confirmation from the department. However, if you choose to start your project before you enter into a grant agreement with the Commonwealth, any costs incurred are at your own risk. You will not receive any funding if your application is unsuccessful.

What will I need to do if successful?

You must enter into a grant agreement with the Commonwealth.

The grant agreement will state the:

- maximum grant amount we will pay
- proportion of eligible expenditure covered by the grant (grant percentage).

We will pay 100 per cent of the grant on execution of the grant agreement. You will be required to report how you spent the grant funds at the completion of the project.
