

It has come to our attention that many of our constituents are concerned about whether they will be allowed to vote if they are not vaccinated or exempt from wearing a mask. Despite some posts circulating social media stating otherwise, we would like to remind everyone that they **will** still be allowed to vote regardless of the passport system.

Voters can bring this printable reference sheet to bring to polling stations as it has come to our attention that a number of returning officers and station supervisors are not following the policies clearly laid out by Elections Canada. Constituents should feel ***comfortable and confident*** in the system when going to vote, the following QR code can be provided in any instance where there is a dispute at a polling station.

Municipal guidelines and rules set out by landlords of individual polling station sites ***DO NOT*** supersede voters constitutional right to vote.
