

From San Bernardino County Planning Department:

Upcoming Planning Commission Workshop!

On **Thursday, November 3rd** the Community Plans Team will present proposed land use map revisions by community. These communities with proposed land use changes include Bloomington, Lake Arrowhead, Hilltop, Crest Forest, Bear Valley, Phelan-Piñon Hills, Helendale, Muscoy, Mentone, **Joshua Tree**, Oak Glen, and **Lucerne Valley**. The Planning Commission meeting will begin at 9:00 a.m. with other topics on the agenda before the workshop.

The presentation will also include a discussion of the values and aspirations identified by attendees at the community workshops. The Planning Commission will not take a formal action at the workshop, but will have the chance to comment on the proposed map revisions to be evaluated in land use modeling and environmental analysis for the Countywide Plan. Feedback from the Planning Commission and comments from the public will be summarized for review at a similar workshop planned for the Board of Supervisors later in the year. Final Land Use Map revisions will occur with adoption of the Countywide Plan in 2018.

Interested persons may submit questions or comments in writing prior to the meeting or may appear in person and be heard. If you would like to speak, you may come into the San Bernardino Government Center, Jerry Lewis High Desert Government Center, or the Bob Burke Joshua Tree County Government Center.

Please note that while these offices will be open, space is limited and participants are encouraged to use the San Bernardino Government Center where more space is available.
