1-yr term 2021-2022 vacant

Board Eligibility

It is preferred that directors are from member organizations; this ensures investment in MVA and an understanding of our organizing model. Persons from non-member organizations are eligible for nomination, but they will not have voting rights on the Board should they be elected, and it is expected they will participate in leadership training as soon as possible. These conditions have been approved by the Board and will be put before the delegates in the fall.

Persons nominated at the AGM who are not present must have accepted the nomination in writing prior to the meeting.
