Dillon, Unions Wrong to Push \$900 Million Income Tax Hike: Plummeting Unemployment Rate Proves Michigan on the Comeback Trail

*Democrats Job Killing Scheme would Recreate Economic
Devastation of “Lost Decade”*

LANSING, MI, August 19, 2015 –Michigan Freedom Fund President Terri Reid issued the following statement today after new data showed Michigan added 9,000 jobs in July, while the state’s jobless rate fell to 5.3 percent, the lowest rate in 14 years:

“With our unemployment rate plummeting, Michigan is proving once again that we are the comeback state. There’s likely no faster way than Brandon Dillon and labor unions’ latest tax hike scheme to stop that progress and to return us to the devastation of Michigan’s lost decade.

“Michigan’s on the comeback trail. We can’t afford another job killing, billion dollar tax hike from Dillon and his liberal pals.”
